Big Margin Vote Passes Tam's Bonds

School Measures Win In 7 Other Districts

The cause of more money for better schools triumphed at the polls in Marin County yesterday.

Voters gave resounding approval to bond issues in Tamalpais High School and Mill Valley and Tomales Bay Elementary School Districts, a state loan in Dixie Elementary Districts, and tax raises in San Anselmo and Kentfield Districts. They approved setting a tax rate in the new Bolinas-Stinson Beach Elementary District slightly above that of either Bolinas or Stinson Beach prior to their merger.

Only in rural Union Elementary School District, which operates a one-room school in North Marin, did a financial measure fail. There, a 30-cent tax limit hike lost by one vote —with every voter in the district casting a ballot.

EASY VICTOR

The thrice-beaten Tamalpais Union High School District bond issue roared through to an easy victory in a vote turnout exceptionally heavy for a school election—although still apparently only about half of the registered voters.

The issue was re-submitted at three million dollars—the same amount which lost out last fall when it mustered a 60 per cent favorable vote. With two-third "yes" vote required for approval, the final unofficial tally was: yes 14,896; no 6,223. This gave the issue nearly 2,000 more "yes" votes than required for passage.

USE FOR FUNDS

The money is to be used for major expansion of crowded Redwood High School in Larkspur, some expansion of Tamalpais High in Mill Valley and Sir Francis Drake in San Anselmo, and purchase of another school site somewhere in Southern Marin.

The real landslide vote, though, was in Dixie School District, which includes Terra Linda (both in and out of San

Gary Cooper Gravely Ill

HOLLYWOOD (AP) — Actor Gary Cooper is gravely ill, a spokesman said today. But he declined to disclose the nature of the ailment.

The spokesman, publicist Warren Cowan, quoted Dr. Rexford Kennamer as saying that Cooper is not hospitalized, and there are no plans to hospitalize him.

At the moment, Cowan said, Cooper is confined to his home in traction because of a pinched nerve in the back of his neck.

Marin Voters Put Trust In Incumbents

Turnout Better Than At Most School Elections

Marin voters yesterday expressed confidence in the way their schools are run by returning incumbents to office in almost all districts.

A good 50 per cent of the registered voters turned out to cast their ballots, the county schools office reported. This was considerably higher than past school elections when 20 or 22 per cent was considered a fair turnout.

108 CANDIDATES

Voters chose members for 24 school boards and the county board from 108 candidates on the ballot. In 12 districts and three of four trustee areas for the county board where elections were held, there was no contest.

For district-by-district results in Marin's school elections, see page 6.

In eight districts and one trustee area, incumbents were swept back into office. In three other districts, some incumbents were in; others were out.

Returns were called in to the county schools office all night and late this morning as clerks stayed up to tally the votes. All figures are still unofficial.

TAMALPAIS VOTE

Tamalpais Union High School District, which had to elect four trustees from a slate of 11 candidates, put incumbents William B. Lewis, Delman D. Smith and Edmund J. Thomas Jr. back in office and also elected Dr. John C. Siemens.

The Tam voters turned down a "tax economist" block of Tom McDougall, Joe V. Lopes, Philip J. Rowland and Charles S. Graham.

Vote totals were: Thomas 12,801, Smith 11,638, Lewis 11,035, Siemens 9,800, William B. Wolfson 6,465, Graham 3,633, George T. White 3,558, Frederick M. Morris 3,509, McDougall 3,376, Lopes 2,526 and Rowland 2,525.

Dr. Siemens is administrator of both Ross General Hospital and Novato Hospital.

In a hot race for four posts on the Larkspur School District Board, voters swept all four incumbents in. Five challengers also were on the ballot.

Incumbents who ran also were re-elected in Mill Valley, Novato, Reed, San Jose, Sausalito and West Marin Districts.

Novato Area Asked To Cut Use Of Water

Directors of the North Marin Water District are asking water consumers in the Novato area voluntarily to cut their use of water.

"It isn't a real water shortage," Jerome Gilbert, manager of the district, said today, but a precautionary measure. The district is 10 per cent short of its estimated storage need in Stafford Lake, he said.

To prevent a shortage during the summer, directors last night agreed to ask that:

1. Contractors get water needed for construction from sloughs instead of district pipes.
2. Indian Valley and Marin Golf clubs cut watering of greens to the "minimum necessary."
3. Owners of new homes consider deferring planting lawns until late fall.
4. Everyone assist in preventing waste of water.

Gilbert pointed out that cars might be washed by using a bucket instead of a running hose, that sprinklers could be placed upside down, at night, on lawns to prevent evaporation, and that lawns could be allowed to grow slightly longer and so would not require so much water.

Directors agreed to meet next Wednesday with Marin Municipal Water District directors to discuss possible purchase of more water from the south.

Marin Municipal supplied more than 30 acre feet of water to the district last month at a cost of $1,300 to $1,400, Gilbert said. (An acre foot equals 325,000 gallons.) But purchase of water during the heavy-consumer summer months probably will not be sufficient, as the districts are connected only by a 10-inch pipe.

In other action last night, directors approved a settlement with Crown Development Co. whereby the district will rebate $2,000 to the company in meter fees paid in Rancho Village. The company had begun suit against the district asking for $4,000.

Cuban Rebels Reported Linked With Guerrillas

Kennedy Answers Moscow

WASHINGTON (AP) — President John F. Kennedy has fired a straight from the shoulder warning to Soviet Premier Nikita Khrushchev to keep hands off Cuba.

Kennedy made it clear in a message to the Soviet leader last night that the United States will take immediate steps to counter any military intervention by outside force in the Cuban fighting.

MORAL SUPPORT

The president declared moral support for the "Cuban patriots in their struggle for freedom" and said again that the United States intends no military intervention.

As Kremlin reaction to Kennedy's message was awaited, officials here reported no evidence of any military follow-up by Khrushchev to his threat to supply "all necessary assistance" to Cuba's pro-Communist Fidel Castro regime.

Khrushchev's threat to aid Castro came early yesterday in a message to the White House.

ANSWER PUBLIC

In tit-for-tat on Moscow's publishing Khrushchev's note before it reached Kennedy, the White House made public Kennedy's answer at the same time last night that Secretary of State Dean Rusk gave it to Soviet Ambassador Mikhail Menshikov.

Authoritative sources said Kennedy personally devoted much time to wording his reply and conferring with advisors.

The result was a compara-

Rep. Miller Lobbies To Put Marin In City's District

I-J Special Report

SACRAMENTO — Marin's representative in Congress was in Sacramento on Monday urging state legislators to cut Marin out of the First Congressional District and put it in a district with a portion of San Francisco.

Clement W. Miller of Corte Madera flew into Sacramento, urged legislators to support a plan to redistrict Marin County into a new congressional district with the Marina area of San Francisco, then flew back to Washington.

Sen. Robert W. Crown (D-Oakland) said Miller had come to Sacramento "to give the (elections and reapportionment) committee more information on his position regarding reapportionment of his district."

Crown, chairman of the committee, refused comment on what Miller had told him.

The chairman had conferred with Miller just last week in Washington, but "Clem wasn't felling well when I was back there and he didn't get a chance to tell us all he wanted to, so he came out here."

Sen. Samuel R. Geddes (D-Napa) was more specific about Miller's mission. "He was urging that Marin County be cut out of the First District and be put in with San Francisco," Geddes declared. "He wants to get rid of Marin at any cost.

"I told him that we shouldn't be trying to reapportion for the personal political advantage of any individual."

(Miller supporters in Marin came out earlier for putting the county in with San Francisco "to make the First District safe for Clem." Miller who denied connection with the proposal at that time, would move from Marin to one of the more northern counties of the district.'

Other legislators reported they had talked to Miller Monday, but most of them, like Sen. Waverly Jack Slattery (D-Finley), refused to reveal details of the conversation.

"Yes, I talked to Clem and

American Pilot Said Shot Down

By ASSOCIATED PRESS

Invasion forces have linked up with guerrillas in the Escambray Mountains of central Cuba and completed the first phase of their drive to topple Fidel Castro, Cuban exiles reported today.

Rebel planes struck at Havana and Cuban air force headquarters.

FOUR SHOT DOWN

Cuba's radio said four planes were shot down, one of them a North American military aircraft piloted by an American who was killed.

Cuban Foreign Minister Raul Roa told the United Nations: "This is another proof of the direct participation of the U.S. government in its mercenary action against Cuba."

Trouble appeared brewing at the Plaza de Guanabo naval base 25 miles east of Havana. Castro's radio said intense firing had brokent out there, but gave no explanation.

REPORT BY COUNCIL

The linkup of the invaders and guerrillas in the old revolutionary battleground of Escambray was reported by the Cuban Revolutionary Council in New York.

Guerrillas in the mountains have been holding out despite months of attempts by Castro's army and people's militia to dislodge them. They once numbered up to 5,000 men but how many remain is unknown.

The invasion force landed on swampy beaches Monday about 80 miles west of the Escambray Mountains.

NEAR NAVAL BASE

Reporting the linkup, a communique from the Revolutionary Council said "numerous elements" of the invasion force joined up with mountain groups north of Cienfuegos, site of a Cuban naval base. It said they completed the movement thanks to the holding of additional guerrilla units that infiltrated Matanzas Province and held off "Soviet tanks, artillery and aircraft during the last 20 hours."

The Cuban radio identified

ASSEMBLY VOTES SUPERVISORIAL REDISTRICTING

SACRAMENTO (AP) — The Assembly today unanimously passed a bill that would force all but eight of California's counties to reapportion their supervisorial districts every 10 years.

Assemblyman Phillip Burton (D-San Francisco) said the bill "will eliminate a rotten borough system."

The author, Assemblyman Clark L. Bradley (R-San Jose) said the bill would require counties to adjust supervisorial districts on the basis of population after each census.

Little Support Expected For Russ In U.N.

UNITED NATIONS, N. Y. (AP) —The Soviet bloc pressed hard today for a U.N. condemnation of the United States as an aggressor against Cuba, but the harsh demand was expected to find little support.

Kuzma V. Kiselev, foreign minister of White Russia, pushed the Communist campaign with a charge that the United States was waging an undeclared war against the government of Fidel Castro.

Kiselev spoke in the 99-nation Political Committee which was considering four resolutions dealing with the fighting between the forces of Castro and the anti-Castro invaders. The resolutions ranged all the way from the Soviet condemnation proposal to a Latin-American resolution calling for a negotiated settlement with the aid of Latin-American countries.

Committee Chairman Karel Kurka of Czechoslovakia told newsmen he hoped for a vote before nightfall.

Ambassador Adnan Pachachi of leftist Iraq led off the debate with a denunciation of the U. S. role in the Cuban

Terzich Is Appointed Mill Valley Police Chief

Dan Terzich will become police chief of Mill Valley on May 1.

Appointed yesterday by City Manager A. E. Almcrants, he will take over on retirement of James P. McGowan, who has served as chief for 25 years.

Terzich, 54, has been with the Mill Valley police force since 1953.

"I'm very grateful for the opporuntiy and will do my best to fill the position of chief of police," he said.

"I realize Chief McGowan's shoes will be very hard to fill because he has done such an outstanding job to make Mill Valley one of the safest and most desirable communities in which to live."

Almcrants selected Terzich from three top applicants chosen by a selection board. He said he appointed Terzich "on the basis of written and oral examinations, analysis of past police work, a doctor's opinion of the candidate's health, plus an opinion that Terzich will make a most energetic and cooperative police chief."

The appointment, Almcrants said, is subject to a six-month probationary period.

Terzich has served 25 years in law enforcement. He has been a guard at San Quentin Prison, a Marin County deputy sheriff, a member of the police force in Willows, and house detective for the Fairmont Hotel in San Francisco.

Born in Alaska, he grew up in Angels Camp, Calveras County. He and his wife, Marguerite, live at 109 Belvedere Drive. They have three married children: a son, Loren of Corte Madera and two daughters, Mrs. Doris McEvoy of Bakersfield and Mrs. Donna Wills of San Rafael.

Cuba Executions Ripped By U.S.

WASHINGTON (UPI) — The United States today branded the Cuban government's execution of two Americans as "a violation of the elementary standards of justice practiced by the civilized nations of the world."

The State Department said it was asking Switzerland, which represents U. S. interests in Cuba, to protest the executions of Howard F. Anderson of Yakima, Wash., and Angus McNair Jr. of Miami. (See story on page 2.)

Spokesman Lincoln White said the United States was "also making inquiries of the Swiss about the reported arrests of Americans in Cuba." He added "we will continue to do everything possible through diplomatic means to protect U. S. interests in Cuba."

Reds Press Button For Worldwide Riots

By U. P. INTERNATIONAL

Communist-led demonstrations protesting alleged U. S. aid to the anti-Castro invaders of Cuba spread around the world today in a wave of violence.

There were growing indications of anti-Communist resistance to the mobs in Latin America, scene of the worst outbreaks of violence.

In Moscow, U. S. Charge d'Affairs Edward Freers was expected today to protest yesterday's attack on the embassy by mobs of about 50,000 Russians—the biggest turnout reported so far in the anti-American campaign—during the day.

There were strong indications of international organization in the riots. Throughout Latin America, from the backwoods of Mexico to the capital of Bolivia, the rioters screamed the same slogans and used the same weapons—notably stones and "Molotov cocktail" incendiaries.

Although no American casualties were reported, one elderly couple from the United States narrowly escaped a mob in Morelia, Mexico.

The worst outbreak reported occurred in Venezuela, where 16-year-old Edgar Gonzalez Marquey was shot and killed, about 35 persons were injured and 30 arrested in rioting in Caracas and the "oil capital" of Maracaibo.

The mobs in the Silencio area—a traditional Communist stronghold — tried unsuccessfully to sack and burn the local branch of Sears.

In La Paz, Bolivia, at least 38 persons were injured in clashes between police and rioters broke windows in the Guatemalan consulate but police used tear gas to turn the mob away from the U. S. embassy.

The Bolivian rioters also wrecked the building of the Catholic newspaper Presencia.

A mob in Conception, Chile, burned a U. S. flag in the streets and stoned the U. S. consulate and the Chilean-American cultural institute. Three rioters and two policemen were injured.

In Guatemala, mobs shouting "Viva Fidel! Kill the cursed Kennedy!" stoned the offices of Pan-American World Airways, United Fruit and other American companies in Guatemala City.

Civil and military police blocked a mob attempt to attack the U. S. embassy. As the city began to quiet down, police cars patrolled the streets, throwing tear gas at any sizeable gathering.

In the Guatemalan congress, a leftist resolution urging "neutrality" in the Cuban conflict was voted down, 24 to 14.

In Bogota, Colombia, scene Monday night of pro-Castro rioting in which 15 persons were injured, about 100 anti-Communist teen-agers stoned the Cuban embassy last night, breaking several windows.

In Mexico City, an anti-American crowd of about 25,000 massed last night in Constitution Square to listen to pro-Castro speeches and watch the burning of a 12-foot effigy of Uncle Sam.

The crowd had dwindled to about 10,000 by the time Mexico's Castroite ex-president Lazaro Cardenas appeared about two hours after the meeting started to deliver a speech denouncing American imperialism."

In the provincial town of Morelia, about 160 miles west of Mexico City, a mob wrecked and set fire to the Mexican-American Cultural Institute. The fire was put out before it caused much damage, but the rioters destroyed the institute's library.

Mr. and Mrs. Norvelle Sannebeck, a retired American couple who were studying Spanish in the institue, managed to escape across the roofs.

Rival student groups battled in the streets of Guadalajara, Mexico's second city, in a clash in which four persons were slightly injured. Anti-American demonstrators paraded past the U. S. consulate and the Guadalajara branch of the cultural institute, but did not attempt to damage the building.

In Buenos Aires, three policemen were injured and five persons were arrested when police broke up a series of small pro-Castro demonstrations last night.

Hands Not Clean, Says Eichmann's Recorded Voice

JERUSALEM (UPI) — The recorded voice of Adolf Eichmann told the court today he deserved no mercy and perhaps ought to have hanged himself in public.

The voice boomed through the courtroom from a tape recorder. It was a statement Eichmann dictated shortly after he was flown to Israel from Argentina for the purpose of being put on trial here on charges of slaughtering six million Jews.

Eichmann's statement was played in the courtroom as evidence for the prosecution, but it sounded at times more like testimony for the defense.

At a point where he was placing the main blame on his superiors, he added:

"I cannot claim my hands are clean . . . "I will not ask for mercy. I am not deserving of mercy. Perhaps I ought to hang myself in public so that all the world's anti-Semites can have the terrible nature of their acts made clear to them."

This is the picture the former Gestapo Lieutenant-Colonel drew of himself:

He tried several times to get out of the assignment as a traffic officer, routing the Jews to the extermination camps. But always was ordered to go back and always he obeyed.

When the news was broken to him that Adolph Hitler planned to exterminate every Jew in Europe, he was so shocked "the breath went out of my body."

After a trip to an extermination camp he went to Berlin and faced up to Heinrich Himmler, chief of the Nazi police. He told Himmler the Nazis were making a mistake in killing the Jews and he wanted no part of it. He was ordered to go back to work. He did.

He never formulated any policy for the destruction of the Jews. He was too far down in the chain of command to do that.

The courtroom was a strange scene today. On the witness stand was Capt. Avner Less of the Israel police. He had brought to court the tapes on which Eichmann had recorded his statement. The prosecution offered them in evidence. Less would play a short tape, and the court translator would translate the German into Hebrew, the official language of the court. Then another tape and another translation.

In the midst of this, the proceedings came to a dead halt. The court advised there would be two minutes of silence in memory of Israelis who lost their lives in the war of independence. Tomorrow is the 13th anniversary of the creation of Israel as a state. There will be no court session.

The tape recorder fell silent. The Hebrew translator fell silent. Heads were bowed until the clock had ticked away 120 seconds. Eichmann, inside his glass box, took off his ear phones and inclinded his head slightly forward.

Then his recorded voice began again. When the tape recorder had run Eichmann's story of his one-man campaign against the murder of the Jews, his voice delivered a summary of how he felt about been kidnapped and arrested. It was not a plea for mercy. He said he did not have clean hands and perhaps he ought to hang himself in public.

"Believe me," the voice said in German, "I am trying without restraint to recall everything known to me. I was told in January that I would be brought to trial and that I would not outlive my 56th year. The first part of this prophecy has come to pass and the second part cannot be avoided.

Havana Radio Says 2 Yanks Executed By Firing Squads

MIAMI, Fla. (AP) — A Cuban government broadcast today said two Americans were shot by firing squads which also executed seven Cubans.

The broadcast heard in Miami, identified the Americans as Howard Anderson and Angus McNair.

The news broadcast said the executions took place in Pinar Del Ioince where Anderson, a Seattle ex-Marine and Havana businessman, and McNair, of Miami, were condemned on arms transportation charges.

Anderson operated three Havana automobile service stations and was commander of the Havana American Legion post before it was disbanded during Fidel Castro's regime.

The government radio said the two Americans and seven Cubans were shot last night soon after being condemned by a military tribunal at Pinar Del Rio, where they had been held after arrest by Castro police.

Anderson was arrested in March when he returned to Cuba after taking his family to the United States. He was held incommunicado for three weeks before his seizure was disclosed.

Cuban officials announced the arrest of McNair March 21 and said he and four Cubans were caught trying to land an arms laden motor launch 30 miles west of Havana.

Tryouts for 19 roles in "Look Homeward, Angel," Pulitzer Prize-winning drama by Ketti Frings based on the Thomas Wolfe novel, will be held at 8 o'clock tonight at Sausalito's Gate Playhouse. Will Marchetti will direct the production. A wide variety of age groups are required for the drama, from 20 to 60 years old.

BUT ALL'S QUIET

Tension Mounts At Guantanamo

By BEM PRICE

GUANTANAMO BAY, Cuba (AP)—This big U.S. naval base on the eastern tip of Cuba is on a watchful, round-the-clock alert, but for the most part the fighting going on beyond the fence might as well be on another continent.

All is quiet in the immediate vicinity. The usual peace of the base is marred only by a slight increase in tension because of the stepped-up precautions and the lack of news of the invasion by anti-Castro rebels.

AROUND CLOCK

Rear Adm. E. J. O'Donnell, base commander, said in an interview that his operations office is operating around the clock; that a constant radar watch is being maintained and that fighters on the runways are ready to scramble skyward in less than five minutes.

O'Donnell said he also has on call 10 or 11 destroyers that can pump out five-inch shells at the rate of one a second from twin mounts.

"We have an enormous amount of firepower here," the admiral said.

NOT IN HARBOR

While he did not say how close to this base the destroyers are steaming—they are obviously not in the harbor—he left no doubt they are close.

O'Donnell emphatically denied Cuban charges that some of the rebel invaders had come from this base.

Asked if American radar crews had discovered any signs of high-performance aircraft in the Cuba skies, the admiral said they had not.

There have been reports that the Cuban air force has at least seven Soviet-built jet fighters. If there are any MIGs around, O'Donnell said, they have not flown over the eastern end of the island.

The base's chief sources of news about what is going on in Cuba's interior is the government radio in Havana, and reports from Cubans who work on the base.

Thousands of Cubans employed on the base—many for as long as 20 years—reported as usual yesterday morning. They live outside the base and commute daily.

Castro militiamen searched the employees thoroughly but allowed them to enter as usual.

San Rafael Driver Ordered To Court

Wilfred S. Corda, 27, of 117 Woodland Avenue, San Rafael, was ordered to appear in Marin Superior Court next Monday after preliminary hearing in municipal court on charges of felony drunk driving and resisting arrest.

Charges were filed against him March 12 after his sports car rammed the highway embankment opposite Bermuda Palms Motel on Francisco Boulevard in San Rafael. His passenger, Laurence Giambastiani, 27, of Fairfax, was injured when his head went through the windshield.

Assembly Unit Slashing School Aid

SACRAMENTO (AP)—State Education Department proposals to bolster state aid to public schools has been deeply slashed with hints of still more cutting to come.

An Assembly Education Subcommittee approved an expenditure bill yesterday that cut about 40.6 million dollars from the requested 772 million. That's still 51.4 million more than last year, but the increase is due almost entirely to increased enrollment.

The subcommittee voted to reject requests for new aid money for special programs for the gifted and retarded. Earlier it stripped a $10 increase in foundation aid and additional pupil transportation funds from the measure by Assemblyman Gordon Winton Jr. (D.-(Mreced).

The bill allows two major increases; 1.9 million dollars for driver training to be paid for from increased traffic fine income and 5.6 million extra for junior colleges.

The bill now goes to the full Education Committee and then to the Assembly Ways and Means Committee.

ORION HUNTS THE WATERS FROM THE SKY

U.S. Would Send Military Advisers To Laos Loyalists

WASHINGTON (AP) — The United States has agreed to send military advisers into combat zones in Laos to aid loyal forces in the fight against the Communist-led rebels.

U. S. officials, disclosing this today, said the number of such advisers will not exceed 300.

They said the action was taken at the request of the Laos government.

The U. S. announcement followed an appeal by Laos Foreign Minister Tiao Sopsaisana, who said Laos wants more and better arms as well as a full-fledged U. S. military assistance group. He said Laos has decided to ask its "friends and neighbors" for help, declaring four new rebel offensives backed by Communist troops from North Viet Nam threaten Laos and all Southeast Asia.

The foreign minister asserted Laos is thinking of asking for foreign troops if the situation worsens. He did not say who besides the United States would be asked for help but indicated it would be neighboring Thailand and South Viet Nam.

There was no confirmation from Western sources in Laos of any massive rebel attacks, but the decision to seek more aid, including troops if necessary, was interpreted as an indication the situation is worsening.

Britain launched another diplomatic move to end the fighting. Foreign Secretary Lord Home announced in London that Britain has asked the Soviet Union to join in issuing a call for a cease-fire tomorrow.

Sir Frank Roberts, Britain's ambassador in Moscow, was instructed to try to get an immediate cease-fire, Lord Home said, and conferred with Soviet Foreign Minister Andrei A. Gromyko.

Lord Home said Britain wants a 14-nation conference on Laos to open May 5, after an international commission has verified the fighting has stopped. The United States also insists on a cease-fire before a conference.

In Bangkok, Thailand Premier Marshal Sarit Thanarat said the Soviet Union has suggested May 5 as the date set for the 14-nation conference. But he said the Soviets insist on recognition of neutralist ex-Premier Souvanna Phouma as Laos' chief of government.

Souvanna now is recognized by the Soviet Union and the pro-Communist Pathet Lao rebels in Laos as the nation's legal premier. Heading home from a conference with Soviet Premier Khrushchev, Souvanna canceled a planned trip to Washington. He will stop off in Peiping.

STICKING OUT TONGUE NOT FROZEN ASSET

Thirteen-year-old Lynn Pennman of Mill Valley was defrosted yesterday.

In search of food, he opened the recently defrosted refrigerator in the kitchen of the Pennman home at 131 Eldridge Avenue. He stuck his tongue on the shiny freezing compartment. There it stuck.

His mother, Mrs. Charles Pennman, was downstairs. Hearing strange cries, she raced upstairs and poured water over the refrigerator and boy to free him.

Lost in deicing: some of Lynn's skin.

Novato School Budget Peek: $1.7 Million

Trustees of the Novato Unified School District took their first long look last night at a preliminary district budget of $1,740,249 for the coming fiscal year.

The budget would include a pay raise for teachers of at least 25 per cent of the increase they requested in presenting a complete new pay scale. Trustees formally approved the requested scale in its entirety, as a goal—but more realistically said the district probably would not be able to carry through on more than 20 to 25 per cent of the requests because of lack of funds.

MAXIMUM TAX

Last year's budget was $1,700,719.

The district again for the coming year would finance the proposed budget on a $3.23 operating tax, the maximum approved by voters. However, the total school tax rate of $4.24 per $100 assessed valuation may rise because of an expected hike of about 13 cents in a state override tax for assessment equalization, Eugene F. DeBrecht, assistant superintendent in charge of finances, told the board.

The district has no control over this tax, he said.

The budget shows the salaries of Supt. W. J. J. Smith and Debrecht as the same as this year, $13,000 and $10,000 yearly. Discussion on their salaries is set for next Tuesday's board meeting.

TOWELS ITEM

Trustees last night dredged deeply into the $6,800 yearly item for washing of towels used in gymnasium classes and finally let the matter pass, after hearing the problems of trying to get students to keep their own towels clean.

The preliminary budget, detailed from library needs to furniture repairs, from salaries to lighting needs, shows a total of $128,582 in items not now included in the budget, but under a "wants" list. The list is subject to review, but all non-essential items have been whacked from the budget, administrators said.

Second Fire Station Asked In Sausalito

A second Sausalito fire station, at the northeast intersection of Spencer Avenue and Highway 101, was suggested to the city council last night.

Recommendation came from City Manager Charles A. Brown on basis of opinions of Fire Chief Mathew J. Perry and the board of fire underwriters, who said Sausalito will definitely require a second station if the present city area is built to capacity.

PETITION CIRCULATED

Pressure for the added protection came from A. G. Malone of 308 Second Street, who collected 256 signatures on a petition he circulated asking that the "old town" area be provided with one manned fire truck, especially during the summer dry spell.

The council asked Malone to get some citizens to help study Brown's recommendations and meet with Councilman George E. Keeney.

Brown said the fire department does not favor stationing equipment and men in "old town" because one piece of equipment and two men would not be adequate to handle a fire, equipment would be needed in other parts of the town in case of a fire and radio equipment would go dead unless the truck were idled all the time.

LOCATION SUGGESTED

"We're asking for something temporary, not permanent," Malone said. He said a truck could be stationed at the Mobil Service Station at Second and Main Streets and the telephone there could be used.

Perry told the council he did not favor having fire equipment stationed in "old town." He said equipment could get from the proposed Spencer Avenue and Highway 101 station to Second and Main Streets in three minutes—a distance of one and four-tenths miles. The distance from the present fire station on Johnson Street to Second and Main, he said, is one and three-tenths miles.

Perry said the worst fire area in Sausalito is on Bridgeway between Princess and Richardson Streets.

Strawberry Squawks Over Blair Attitude

A Strawberry representative tried to kindle a fire under Supervisor J. Walter Blair of Mill Valley yesterday but Blair had just gone home because of family illness.

The supervisors decided to let Jim Clark, treasurer of the Strawberry Property Owners Assn., get on the record, despite Blair's absence, an expression of the association's annoyance because its recommendations were recently ignored by Blair and the board in naming three members of the Strawberry Recreation District Board. Demand was made that the action be rescinded. But the supervisors said that was impossible.

Broad aspects of the matter were suggested by Clark on the ground that supervisorial selections of this kind should be based on views of local residents rather than the ideas of the supervisors as individuals.

"Our association was keenly disappointed about the manner in which these appointments were made," said Clark, "and 223 of our people feel as the board did in expressing this view."

He presented a petition with 223 signatures objecting to the fact that the supervisors "ignored" the association's recommendations of L. J. Smith, Steve Kaufman and Dr. Edward Smith, instead of choosing Marcel R. Ehrer, B. E. Trice and Loyal M. Nerdahl for the recreation board.

The petition said Blair had decided the organization does not represent the community, to which it was retorted that the association divides Strawberry into six districts, each of which has two members on its board to give full representation. Full notice of actions on Strawberry was asked in the future.

On motion of Supervisor Walter R. Castro, the board agreed to resume its former policy of mailing its agenda to such groups. But Chairman William D. Fusselman said the new directors were already sworn in and their appointment couldn't be rescinded.

Board Looks Gift-Horse In Mouth

Marin County supervisors looked a $5,000 state gift-horse in the mouth yesterday and backed off for a dental opinion.

Administrator Alan Bruce submitted a proposed agreement tied in with $5,000 available from the State Department of Mental Hygiene in accordance with prior supervisors' authorization for a pilot study mostly having to do with child rehabilitation under the county probation officer.

"This agreement is something new, and ambiguous," said Chairman William D. Fusselman. "It sets a $5,000 seiling but there is indication we might get only partial reimbursement somehow. I'm going to refuse to sign until I find out."

Bruce said Probation Officer Walter Busher understood there would be full reimbursement with no local cost expected, but Assistant County Counsel Douglas J. Maloney said his view was that "partial reimbursement seems an unfortunate choice of words—I don't know what it means."

"Then I'm going to suggest that the document be sent back to the state to be rewritten," announced Fusselman.

"There is also a split infinitive," said Maloney.

The supervisors also:

1. Put on a good refined show with no squabbles for a visiting senior class in "Amercian Democracy" from Tamalpais High School.

2. Adopted a resolution for sale of $25,000 worth of bonds for West Marin Union School District, bids to be opened May 16.

3. Opened a complex set of bids on county requirements for gasoline diesel fuel and lubricants, all for delivery at a multitude of places and either separately or as a package deal; could make nothing of it all and told Assist. Purchasing Agent John H. Hettrich to come up with a boildown next week.

4. Approved Harold and Frances Gregg's application for a 114-acre Redwood Ranch Camp in Nicasio Valley this summer.

5. Approved a resolution setting boundaries of Bel Marin Keys Community Services District, north of Hamilton Air Force Base, and setting June 20 as date for election on formation and choice of the first three directors.

6. Approved a variance on Fred G. Zellinsky's permit to construct a restaurant on the Tiburon waterfront.

7. Proclaimed May 7-13 as Marin County "Hire Veterans Week."

8. Set for a special meeting at 2 p.m. today consideration of Bruce C. Gillette's letter, with 19 signatures, asking dissolution of the Tamalpais Valley Flood Control District because of apparent impossibility of achieving its purpose.

9. Referred to County Fire Chief Charles Reilly the problem of shipping a sample Marin County redwood to the Los Angeles County Fair for display in a Court of Redwoods exhibit shared by other counties.

10. Authorized signing of a contract for Marin County care of federal prisoners with daily rate raised to $3.50 from the former $2.85.

11. Obtained phoned permission from R. B. Rothschild Jr. of the civic center contractors for Marin County Boy Scouts to use the center for a camp-out, including a helicopter landing, if no liability attaches to contractors.

12. Joined in congratulating County Clerk George S. Jones on reaching a 55th anniversary of his becoming a deputy sheriff in Sausalito.

13. Heard from Mill Valley that county help is needed on the city's commitment of $40,475, its full gasoline tax receipts for improving the Miller Avenue - Camino Alto intersection.

14. Approved postponement to June 1 annual renewal of a county Novato master service agreement due to delay in discovering what Novato will want henceforth.

Anderson Tells Of Brown's Achievements

A balanced budget, fair employment practices commission, state water bonds, and establishing a consumer council are present state administration, Lt. Gov. Glenn M. Anderson last night told a joint meeting of the Sausalito and Tiburon Peninsula Democratic Clubs.

"All constitutional officers will be candidates for re-election next year," Anderson told the group.

He said he thought that either Richard Richards, state senator from Los Angeles, or Robert McCarthy, director of motor vehicles, would run against Sen. Thomas Kuchel at the next election.

"I strongly favor Democratic clubs participating in pre-primary endorsement of candidates," Anderson added, "rather than leaving it to the State Central Committee."

Anderson spoke before approximately 100 members of the two clubs at Zack's By the Bay in Sausalito.

Sausalito Council Names New Planner

F. Bruce Bernhard of 67 Marie Street, Sausalito, was named to the Sausalito Planning Commission last night by the city council.

Bernhard replaces Carl G. Wooley, who resigned recently from the planning board.

Umpire Ed Runge of the American League served with the Canadian Navy on North Atlantic convoy duty during World War II.

Board Backs County Fair Fund Plan

A recently achieved informal Marin-state pact for accumulating funds for county fair grandstand construction received tentative approval of the board of supervisors yesterday and was referred to the fair advisory committee for review.

If the committee also approves, the supervisors plan to give final formal approval and send it back to Sacramento.

Administrator Alan Bruce reported by letter on last Wednesday's conference with state finance director John Carr and his assistant, Robert Harkness, but under questioning it was brought out that the deal was oral.

Assistant Auditor-Controller Michael Mitchell said "you can't get an iron-clad guarantee but you have a reasonable guarantee" that the state will hold —without snatching back as has been its habit with unexpended allocations — $100,000 yearly over a five-year period.

Humboldt Rejects Gate Commission

SAN FRANCISCO (AP) — The Humboldt County Board of Supervisors has voted against proposed legislation which would place control of the Golden Gate Bridge and other Bay Area toll bridges under a single commission, Golden Gate Bridge officials said today.

Previous opposition has been voted by boards in Marin, Napa, Sonoma, Mendocino, Lake and Del Norte counties.

Postal Endorsment

Les Brown, member of a pioneer Marin County family, has received the unanimous endorsement of the Democratic Central Committee of Monterey County for the post of Monterey postmaster. He has been named to succeed his brother, Kenneth Brown, retiring postmaster.

Kruger National Park, South Africa, was established in 1898 to preserve vanishing wildlife.

Lawyers Seeking More Pay For Marin District Attorney

A powerful pitch was made by four representatives of the Marin County Bar Assn. before the board of supervisors yesterday as part of the group's campaign to get more pay for the district attorney. Recommendation to the legislature was wanted.

The position now pays $13,750 annually and the association seeks to have this raised to $17,500.

After listening to San Rafael attorney Thomas C. Nelson, with a briefer talk by Bryan McCarthy, while former Dist. Atty. W. O. Weissich and Robert Elliott played supporting parts, the board took the matter under advisement, as is the situation with a similar plea for the county counsel.

"Many other counties," hinted Nelson, "through their grand juries or boards of supervisors have recommended to the legislature about the district attorney's salary."

McCarthy said a good man is needed and "payment is some degree of insurance of a good man." He hastened to explain that "I have never held public office myself and never intend to."

"I had the same viewpoint 23 years ago," remarked Chairman William D. Fusselman.

Tariff Move On Wage Bill Is Rejected

WASHINGTON (UPI) — The Senate today rejected, 55 to 39, an attempt by Sen. Barry Goldwater (R-Ariz.) to tack on a tariff provision to the administration's $1.25 an hour minimum wage bill.

It would have required the president to impose duties on imports that have an "unfair competitive advantage" over s milar domestic goods, because of lower wages paid by foreign firms, or for other reasons.

The action came as the Senate opened its fourth day of debate on President John F. Kennedy's proposal to put a wage floor of $1.25 an hour under 28 million American workers.

Administation forces next faced their toughest test on an amendment by Sen. Mike Monhoney (D-Okla.) seeking to reduce the number of new workers to be brought under wage-hour coverage for the first time.

Bids To Be Opened

The state division of highways announced today bids will be opened in Sacramento May 17 for resurfacing parts of State Sign Route 12-37, State Sign Route 1 and State Route 104. The total cost of the resurfacing of the Marin-Sonoma routes is estimated at $103,000.

CHURCH TAKES PHILOMENA OFF ROLL OF SAINTS

ROME (AP) — The Roman Catholic Church has stricken St. Philomena, "the martyred virgin" venerated for a century and a half, from its roll of saints.

The Sacred Congregation of Rites said Philomena had been elevated from popular fervor rather than liturgical fact and that she had been neither martyr nor saint.

Philomena's beheaded body was reported found in the Tiber River in the 2nd century A.D. Many miracles had been attributed to her in Italy and France but none was officially confirmed.

The congregation's ruling came as a shock.

However, the Catholic Church has removed numerous early martyrs from its roll of saints, in most cases attributing their sainthood to popular fervor.

Channel Area District Is Proposed

Shirley Morgan, co-owner of the Clipper Yacht Co., recommended to the Sausalito Council last night that a channel maintenance district be formed for the Saucelito Canal to connect channel facilities of Sausalito, Mill Valley and the county.

It should also take in the facilities of the Army Corps of Engineers in Sausalito, who would be invited to join, he suggested.

The object of the district, Morgan said, would be to get th different parties together to improve the channel and think of it as one unit. Now, he said, when the Mill Valley channel is dredged, it goes only to Sausalito property, then stops.

A committee was set up to study the matter, including Morgan, Councilman Marjorie Brady and City Manager Charles A. Brown, with invitations to be sent to the county and Mill Valley City Engineer Stanley M. Bala.

Alto Bowl Meeting

Sutton Manor Home Owners Assn. will meet at 8 p.m. tomorrow at the Edna Maguire School in Mill Valley to discuss the proposed rezoning for Marin Capital Co. of the 200 acres in the Alto bowl from single family to multiple residential, according to president Robert Duncan.

Sanitary District Meeting Planned

The Richardson Bay Sanitary District will hold an adjourned meeting May 3 at 7:30 p.m. in the Trestle Glen treatment plant to review bids on relocating the Salt Works Canal pumping station.

Directors were informed at Monday night's meeting that the annual cleaning of lines will be started this week.

The board continued to May 15 a public hearing on annexation of Greenwood Cove property. Directors discussed the proposed Tiburon Peninsula incorporation but took no action.

Narcotic Informer Measure Killed

SACRAMENTO (AP)—Gov., Edmund G. Brown's narcotics informer proposal was approved 8-4 by the Senate Judiciary Committee yesterday, but Chairman Edwin J. Regan (D-Weaverville) gavelled it dead.

Since Brown's proposal was voted as an amendment to a bill by Regan himself, he claimed the privilege of an author and announced the bill would go "to the bottom of the box"—meaning it can't be considered again.

Regan acted after a spokesman for law enforcement groups, which backed Regan's original bill, sail they would rather have no bill at all than the Brown-sponsored amendment.

Sen. James A. Cobey (D-Merced) protested Regan's action, but to no avail. He told a reporter he might introduce Brown's proposal as a bill under his own name. Friday is the deadline for bill introductions.

Regan's original bill would have upset, in narcotics cases, the Supreme Court's 1958 Priestley decision, which says that the defendants can demand that the prosecution reveal the name of their informer when his tip is the sole basis for a search or seizure which led to the defendant's arrest.

The Brown proposal, sponsored by Cobey, would have allowed the informer's name to be concealed from the defendant only when police obtained a search warrant, and when the defendant could not show that the informer's identity might be material to his guilt or innocence.

The police would reveal the informer's name to the magistrate issuing the search warant. The magistrate would seal it in a file, which could be opened to the defendant only by a judge who was satisfied that concealment of the informer's identity might prejudice the defense.

Assessment Notices Mailed Out

Property owners in Fairfax and Sleepy Hollow are being notified of new assessed values, based on current market prices, which will be used for the 1961-62 assessment rolls.

County Assessor Bert W. Broemmel announced that more than 3,800 notifications were mailed last night to the two communities. For those who have questions or complaints, the assessor is setting up an information bureau at the Fairfax Women's Club, 46 Park Road, on April 25, 26 and 27. The bureau will be open from 1 to 9 p.m. on each of the three days.

Any property owner in Fairfax and Sleepy Hollow who does not get a notice in the next few days should call at the information bureau during the three days, April 25-27, the assessor announced. Records will be there so that staff members can answer all questions.

About 400 of the properties remain unchanged from last year. Of the remaining, about one-third have gone up in assessed value by less than 10 per cent, and the rest show bigger increases in value, reported Broemmel.

"The whole thing is part of the continuing equalization program to maintain equitable assessment throughout the county," Broemmel explained. The program started in Southern Marin.

The rest of Ross Valley, including Kentfield, Greenbrae, Ross and San Anselmo, will be next to be notified of new assessment figures. Information bureaus will be set up in those areas during May, the exact dates to be announced later.

16 Feared Dead In Asia Crash

HONG KONG (AP)—A twin-engine U. S. Air Force plane with 16 persons aboard apparently crashed on a hill near downtown Hong Kong today but thick fog hid it from searchers.

Most of those aboard were believed to be military personnel.

A spokesman for the Hong Kong government said the plane took off from Kaitak airport at 6:07 p.m. and apparently crashed in the low-lying fog and mist a few minutes later.

The plane was believed to have crashed at North Point, a hilly area less than five miles from downtown Hong Kong. But with the fog thickening even more as night came, the crash site could not be located and the government broadcast an appeal to residents for information.

State Water Fight Heads For Stalemate

SACRAMENTO (AP)—The legislature apparently headed today toward a stalemate in renewed feuding between California's North and South on the state water plan.

There's a difference this year, though.

With the 1.75-billion-dollar bond issue approved by the voters last year, no action by the legislature would still leave the state free to go ahead with building the huge water system.

The Senate, heavily northern, voted yesterday for two bills and two resolutions with a single aim: To block delivery of northern surplus water to the south under present proposed terms.

Opponents expressed doubt that the Assembly, with its southern majority, would agree to upset the water plan worked out after years of bitter argument.

One of the bills would hold up the state's contracts with the Metropolitan Water District of Southern California and the San Bernardino Valley Municipal Water District until approved by the legislature.

The other bill would apply the same legislative controls on all future contracts.

The MWD and San Bernardino agreements are written to take effect 91 days after the 1961 legislature adjourns unless overturned by a vote of both houses. Legislative approval is not needed to spend the bond money.

The resolutions call upon the state to negotiate the contracts. Voting on the four measures ranged as high as 32-8 and was not altogether regional.

'Queen Of Industry' Contest, Ball Hit

By THERON NEWELL

"It rubbed me the wrong way, when I think of all the good charitable organizations, to see this thing going on in the county," Dist. Atty. Roger P. Garety told the board of directors of the San Rafael Chamber of Commerce yesterday.

Garety was referring to the "Queen of Industry" contest and ball held recently under auspices of the 40 et 8, represented as a charity for handicapped children and for training student nurses.

"The net proceeds from the sale of tickets and the ball is divided 40 per cent for the 40 et 8 and 60 per cent to John McCuistion," Garety said.

Garety pointed to one of the posters advertising the Queen of Industry Ball, showing the 40 et 8 as sponsors with the name of the American Legion beneath. The 40 et 8, he pointed out, is no longer affiliated with the American Legion. Affiliation ended when the 40 et 8 refused to elminate the word "white" from its membership qualifications.

"The 40 et 8 was very cooperative with my office," the district attorney said. "It furnished us with a statement of the proceeds which it received from lending its name to the contest and ball.

"The 40 et 8 reported it made $1,800 in 1958 and $2,600 in 1959. No contest was held in 1960. This year, the organization received $2,005 from the contest," Garety reported.

The 40 et 8 listed a total income of $9,343 from the 1961 contest. McCuistion lives at 2726 Heatherstone Drive, Marinwood. McCuistion listed expenses of $4,330, leaving a profit of $5,013, of which the 40 et 8 received $2,005.

"I think some of the expenses listed are unjustified," Garety said.

Garety pointed out that McCuistion charged $408 office rent, although he operated out of his home. McCuistion also listed, "director's per diem, $800."

"The 40 et 8 put the money in their welfare fund. They do sponsor sending handicapped children to summer camp and have six student nurses that they have given help," Garety said.

"I do not think this is a reasonable percentage or share of the take for the organization to get . . .

"There is no actionable fraud or public offense committed, but I am presenting this to you gentlemen (the chamber of commerce board) to see if it might be possible to supervise actions like this so that the public knows what it is buying."

Garety said he went to the chamber board because there is no Better Business Bureau in Marin County.

William Bemiss, deputy district attorney, had been assigned by Garety to investigate the charity solicitation.

The chamber directors voted to go to the San Francisco Better Business Bureau, of which the San Rafael chamber is a member, to see what action could be taken in supervising such solicitations in the future.

Sabbatical Leave Policy Adopted

A policy on sabbatical leaves, through which professional staff members may study and travel, has been adopted by the Tamalpais Union High School District, it was announced today.

Teachers and administrators may apply for the leaves after seven years of consecutive service with the district, Supt. Chester G. Carlisle said. They receive 50 per cent of their annual salary.

Applicants must submit a planned program to the superintendent and the board of trustees.

George R. Pohlman, Tamalpais High School history teacher, traveled in Europe under a similar program in 1959-60. He was the first district staff member to receive a sabbatical leave.

Here Are District-By-District Results In Yesterday's Marin School Elections

With every school district except San Rafael holding an election, and with contests in 11 districts and for one position on the county board of education, here were the district-by-district results yesterday in Marin County:

San Jose Board Incumbents Voted

The three incumbent candidates on the San Jose School District board in North Marin were re-elected yesterday. All had come out strongly in favor of unification with the Novato Unified School District.

Board president William H. Vandergriff polled 254 votes; Mrs. Jean Ansley, 245; Alan M. Swabacker, 255.

Ethan A. Papineau was top man among the challengers for the three board vacancies, polling 171 votes. Others were J. F. Kallmayer, 163; Douglas R. Horton, 132; Robert W. Dodson, 52, and Mrs. Edith Painter, 45.

The San Jose board has gone on record as favoring unification. Challengers for the board posts generally had agreed with this in campaign statements.

Kallmayer and Papineau had asked for stronger discipline in some classes; Papineau had campaigned in favor of asking parent permission before any psychological tests were given students.

Dodson and his wife were leaders in protesting granting of tenure to seventh grade teacher Edward L. Hanchett. The school board was unanimous in backing Hanchett's classroom record and granting him tenure.

Mrs. Painter had asked strengthening of the seventh and eighth grade program in the district.

The three re-elected incumbents and the remainder of the board may serve only a year. Unification with Novato would mean a new election for governing of the district.

2 Incumbents Win In Novato Vote

Incumbent trustees of the Novato Unified School District last night celebrated their victory by attending a three-hour school board session centered on finances and budget.

William H. Kirk polled 554 votes and Marett B. Boissevain, 504, to keep their seats on the board. Challenger David S. Patterson garnered 377 votes and Charles E. Thompson, 256 votes.

All candidates had stated they favored merger of the Novato district with the San Jose Elementary School District. The board since has agreed to study unification (favored by San Jose trustees), and annexation.

Both Kirk and Boissevain had been blunt in telling voters that a request for voter approval of a tax increase might be in the offing in the district, primarily to finance teachers salary hikes.

Patteerson had run on a ticket of tougher academic requirements in the schools, as had Thompson, in more general terms.

Thompson was prime protestant in a recent special board session in Olive Elementary School at which he said children had not been allowed into the school on rainy days and that they were made to pick up paper from school grounds. His campaign literature had depicted him as "a non-educator, to balance the progressive social theory . . . and a man who will not be brainwashed by the administrators."

Stinson-Bolinas Has New Member

Aspirant Rolland M. McCready of Stinson Beach edged out incumbent Roberta E. Shockey by a narrow 17-vote margin yesterday to become a new trustee of the newly formed Bolinas-Stinson Beach Elementary School District. McCready received 211 votes to Mrs. Shockey's 194.

McCready, 45, is a chemist in sugar beet research at the western regional research laboratory of the U. S. Department of Agriculture in Albany, Contra Costa County. Residents of Stinson Beach, for five years, he and Mrs. McCready have their three children in school.

Mrs. Shockey is the wife of Kenneth Shockey of Stinson Beach, and was a board member of the Stinson Beach School District for eight years. She was the only member active on one of the two boards to be left behind.

Bolinas and Stinson Beach each have three-member boards and one interim board. They will commence operating under the newly elected board starting July 1.

Stinson Beach incumbent Blanche Eustis received the highest number of votes with 278; Henry B. Lacaze, also from Stinson Beach received 264. Bolinas incumbents Arthur E. Carpenter received 217 votes and Joyce Huntley 251.

Four Incumbents Win In Larkspur

Pauline H. Secor, most recent appointee to the Larkspur School District Board, led the field in the trustee race yesterday which handily returned the four incumbents to office.

Mrs. Secor, appointed to the board last June to fill the unexpired term of Mrs. Doris Barck, received 1,620 votes to lead veterans John W. Boyd (1,358), John R. Cunningham (1,250) and Jack L. Mengel (1,056).

Votes cast for the other five candidates in the wide-open race totaled: Curtis P. Kamai, 923; C. F. (Chuck) Pendleton, 829; Donald N. Fox, 693; Donald J. Devoto ,564, and Herbert J. L. Baum, 372.

Although there was no elementary tax increase or bond issue on the Larkspur ballot, voters approved the three-million-dollar Tamalpais Union High School District bond issue by 1,964 "yes" votes to 738 "no."

Three of the four winning candidates will serve four-year terms, the fourth a two-year term. Lots will be drawn for the short term.

Incumbents Top Sausalito Vote

Three trustee positions were filled in the Sausalito Elementary School District election with two incumbents—George R. Kowski and Juanita S. Cobb—getting top votes.

Kowski, who lives in Sausalito, received 1,151 votes and Mrs. Cobb, of Marin City 1,046.

The third member, who will be a newcomer to the board, is Stanley J. Wolfe, who received 841 votes. Wolfe, 37, is a physician and director of medical education at St. Luke's Hospital in San Francisco. He lives with his wife, Flora, and son, Michael, and daughter, Emily, at 254 Glen Drive, Sausalito.

Lord, who received 398 votes, is an architect who resides at 41 Harrison Avenue, Sausalito.

2 New Members For Lagunitas Unit

Lagunitas School District ran counter to the county trend yesterday by voting out of office two of three incumbent trustees seeking re-election.

Winning posts on the five-member board were consulting engineer Glen E. Twitchell of Lagunitas, with 341 votes; incumbent John F. Nielsen Jr., Forest Knolls postmaster, with 271, and John T. Keilty, manager of the San Rafael office of Household Finance Corp., with 262.

Failing of re-election were two women trustees: Mrs. Georgette H. Vilas of Woodacre, who polled 167, and Mrs. Winnifred S. Frederick of Lagunitas, who polled 164.

Mrs. Vilas and Mrs. Frederick were on a slate elected three years ago in a bitter battle over a proposal to build a second school at Woodacre. The board subsequently sold the Woodacre site and started enlargement of the school at Lagunitas.

Dixie District Incumbent Loses

A psychology professor topped the field in a Dixie School District election yesterday which saw one of two incumbent candidates narrowly fail to win election.

Elected to the five-man board of the district, whose voters also overwhelmingly approved a four-million-dollar borrowing program to build new schools, were John A. Starkweather of Terra Linda, with 1,118 votes; Lawrence L. Kramer Jr. of Terra Linda, with 1,017, and incumbent Dorothy C. Brown, one of Terra Linda's longtime residents, with 858.

Incumbent Robert S. Winniford, serving by appointment, fell just short of election with 850 votes, according to the unofficial tally by the county superintendent's office. Candidate Charles H. Roach of Lucas Valley got 485 votes, and John R. Christofferson, who lives in Terra Linda within the City of San Rafael, trailed with 214.

Hutchinson is a bonding and insurance representative for Standard Accident Insurance Co. in San Francisco. Lauppe is office and personnel manager for St. Paul Fire and Marine Insurance Co. in San Francisco. Hermann is a fire and safety engineer for General Insurance Co. of America, also in San Francisco.

Hermann was on the committee that backed the tax raise last year. Hutchinson has been active in Parent-Teacher Assn. work.

3 New Trustees For Fairfax

Three men connected with the insurance field were elected to the Fairfax Elementary School District board yesterday.

None of the incumbents whose terms expired sought re-election.

Winners were Jay M. Hutchinson with 556 votes, Robert C. Lauppe with 521, and Laurence G. Hermann with 416. Losers were John (Bill) Shirley with 339, Gordon B. Adams with 286, Harry Carpenter with 212, James Henington with 185, and John J. Hourihan with 123. Hourihan announced withdrawal from the race, but not until after the ballots were printed.

The election result was in effect approval of policies of the winners all endorsed curriculum expansion to be financed from a tax raise voted last year. The losers were all critical, to present school policies.

Starkweather is assistant professor of medical psychology at University of California School of Medicine and is directing research in vocal communication under a U. S. Public Health Service grant. He has served as chairman of the Dixie district's citizen advisory committee in school buildings.

Kramer is executive director of the San Francisco Heart Assn. In his campaign he stressed curriculum development as his field of greatest interest.

Reed School Vote Keeps Incumbents

Reed School District voters will stick with the trustees who have been serving them.

Incumbents Richard J. MacLaury, Leo Souza and Alyce L. Farkas were re-elected yesterday. Losing her bid to unseat one of them was Mrs. Marilyn C. Steinau.

The vote was close, however. MacLaury led with 1,298 votes, followed by Souza with 1,201, Mrs. Farkas with 1,051 and Mrs. Steinau with 1,016.

Woman Loses In West Marin

The West Marin School District board will remain an all-male organization.

Mrs. Suzanne Baty, attractive wife of Judge David R. Baty of the Northwest Marin Judicial District(ran fourth in a field of four yesterday.

Voters returned to office incumbents Gus Kovats of Point Reyes Station and John Duncan Gray, of Inverness, both radio technicians at RCA Communications in Bolinas. To a third position on the board they elected Robert E. Gallagher of Point Reyes Station.

The vote was: Gallagher 210, Kovats 199, Gray 196, Mrs. Baty 170.

Holdover trustees are Tobias Giacomini of Point Reyes Station and Donald McIsaac of Olema.

Four Elected To County Board

In the only contest for member of the Marin County Board of Education yesterday, Robert G. Randolph easily won re-election over aspirant William B. Scrimgeour.

Randolph, a public relations employee of Standard Oil Co. of California living in Mill Valley, got 4,346 votes to 1,700 for Scrimgeour, Strawberry resident who is a salesman with Univac division of Sperry-Rand Corp.

Randolph represents Trustee Area 5, made up of Mill Valley and Sausalito Elementary School Districts, under the new county board districting.

Elected without opposition to represent Trustee Area 7, newly formed of Burdell, Laguna, Lincoln, Tomales Bay and Union Elementary Districts, was Arnold Dolcini Jr., who lives just this side of the Sonoma County line.

Also re-elected without opposition were Harry N. Press in Trustee Area 3 (Ross Valley) and OB Cavanaugh in Trustee Area 6 (West Marin).

Mill Valley Voting Extremely Heavy

Mill Valley voters re-elected the only incumbent seeking another term on the Mill Valley Elementary School District board yesterday, and chose a doctor and a woman Parent-Teacher Assn. leader to fill out the board.

The turnout was so heavy that the last vot was not counted until 9 a.m. today at Alto School.

Topping the five-candidate field was Dr. William L. Clark, an orthopedic surgeon with office in San Rafael, who polled 4,378 votes. Close behind him was incumbent Edward A. Kemp with 4,251, following by Mrs. Joyce R. Gross, president of the Mill Valley Parent-Teacher Council, with 3,878.

Defeated candidates were Don Jones, a San Francisco school teacher, with 3,078, and Edward B. Hayden, district manager of the National Automobile Club, with 1,302.

BOARDS

Continued from page 1

Robert G. Randolph defeated William B. Scrimgeour Jr.

The newly merged Bolinas-Stinson Union School District voters elected incumbents Arthur E. Carpenter, Blanche Eustis, Joyce Huntley and Henry B. Lacaze, but turned down incumbent Roberta E. Schokey for challenger Rolland M. McCready.

Dixie School District re-elected Dorothy C. Brown, but incumbent Robert S. Winniford lost out.

In Lagunitas School District two incumbents, Winifred S. Frederick and Georgette Vilas, lost their seats, but incumbent John F. Nielsen Jr. retained his. Challengers John Keilty and Glen E. Twitchell were elected.

In Fairfax School District a slate of eight candidates—none of them incumbents—ran for three posts. Winners were Laurence G. Hermann, Jay M. Hutchinson and Robert C. Laupee.

In the tiny Lincoln School District, where two posts were to be filled, only one candidate, Bill Barboni, was on the ballot. He received 14 votes. Seven voters wrote in the name of Mervin McDonald, who was thereby elected.

In addition to the new Bolinas-Stinson district, a second new union district, Tomales Bay, elected its first board. There was no contest. The five persons running for five posts all were incumbents on the boards of either Marshall and Tomales districts, which were merged to form the new district.

E. L. Blackmore, administrative assistant to the county superintendent, said absentee ballots would not be counted until next Monday. He doubted whether any would affect the results.

Air Force Talent Tryouts Slated

Area tryouts for the Air Force worldwide talent contest will be held Monday at Hamilton Air Force Base.

Airmen and WAFs from Hamilton and throughout the 28th Air Division—SAGE may try out in 11 categories, beginning at 7:30 p.m. at the base service club. The tryouts are open to the public.

Vocalists, musical groups, western and country singers and novelty acts are some of the categories in which contestants may enter.

Rafael) and Marinwood. There, authorization to borrow up to four million dollars from the state for more and bigger schools won by 1,531 "yes" to 83 "no"—better than 16-to-1 in favor.

The district board plans to borrow the money over the next several years to build three new schools and additions to four others.

A half-million-dollar bond issue in Mill Valley District was also a shoo-in. The vote there was approximately three-to-one for the bonds: "yes" 4,918 to "no" 1,667. This marked a reversal of performance in recent years, as Mill Valley voters have consistently defeated school bond issues.

Tomales Bay School District, formed by merger of Tomales Elementary and Marshall Districts and electing its first board yesterday (with five candidates unopposed) gave 6-to-1 approval to a $100,000 bond issue for a larger school. The vote there was 151 "yes" to 25 "no."

In San Anselmo, where two tax hike measures had been defeated within two years, residents voted 1,942 "yes" to 1,113 "no" to authorize a boost in the general purpose tax rate from $1.45 to $1.80 per $100 assessed valuation. Over-ride taxes, which vary somewhat from year to year, are not affected by this limitation.

In Kentfield, the "yes" vote for a 50-cent tax rate increase was nearly 2-to-1—1,392 "yes" to 758 "no." The vote empowers the district board to increase the general purpose limit from the present $1.75 to $2.25 per $100 assessed valuation.

Bolinas-Stinson Beach District, formed by a merger early this year, was authorized a $1.20 general purpose tax rate limit by 221 "yes" votes to 71 "no"—or three-to-one in favor. This year's general purpose levies were $1.01 in Bolinas and $1.19 in Stinson Beach. If the $1.20 rate had failed of approval, the new district would have had to go back to the 80-cent rate fixed by statute.

Tomales Bay, where bonds were approved, plans to operate this year with the 80-cent rate so asked no special tax limit.

Edward W. Colthurst, chairman of the Tam High District Citizen Committee, which campaigned for the bonds, and Dr. Joseph Guthrie, chairman of its precinct workers, joined in this statement:

"Tamalpais High School District Citizens Committee is going to keep operating to advise the board of trustees and to prepare for the next high school bond election, which will probably be in about two years."

Observers credited the larger-than-usual turnout of voters with putting over the financial measures which had failed previously. In San Anselmo, Supt. Stephen Parodi noted that 3,276 voters of 7,525 eligible voted yesterday. Last year, when a tax increase failed to carry, the turnout was only 2,023 voters.

'Trash' Reading To Be Discussed

The Mill Valley City Council will discuss the subject of literature on sale at the city-owned bus depot when it meets at 8 p.m. today in the city hall.

Councilman George D. Monardo introduced the subject two weeks ago when he asked if the city had an ordinance to govern the type of magazines available to youngsters which he called "trashy."

City Atty. Thomas C. Nelson has given an opinion that the city needs no ordinance on the subject. Some 300 persons have signed petitions to any city censorship of publications at the depot. One petition asks that the city council apologize to newsstand operator Maggie Grant.

TAX REQUEST IS DEFEATED BY ONE VOTE

One vote defeated a 30-cent school tax increase in Union School District in rural North Marin yesterday.

It wasn't a case of somebody failing to vote, either.

There are 29 registered electors in Union District. All 29 voted.

The tally was: for permission to increase the 80-cent school tax limit to $1.10 per $100 assessed valuation: 14. Against it: 15.

Two incumbents, Mrs. Elvina Giacomelli and Mrs. Eleanor Pomi, were re-elected without opposition to the district board that had proposed the tax hike.

Three Injured At Road Exit

Three young women were injured in a head-on auto crash at 11:24 p.m. yesterday on Francisco Boulevard near the Highway 101 exit, San Rafael police reported.

Injured were Patricia McLean, 18, of 165 Cobblestone Drive, San Rafael, cuts of right temple and left knee; Carolyn Elizabeth Mann, 19, of 2 Van Tassle Court, San Anselmo, scalp cuts, and Gail Kathleen Hamelin, 21, of 822 Vendola Drive, San Rafael, concussion and bruised left thigh.

All were taken to Marin General Hospital. Miss Hamelin was in fair condition today. The others were released.

San Rafael Police Officer Arthur Newman reported that Miss Hamelin's car crossed over the double white line and hit the car driven by Miss Mann. Miss Hamelin was cited for crossing over the white line and driving without due caution, police reported.

Several Bond Issues Passed In Bay Area

By UP INTERNATIONAL

Voters passed several bond issues and elected officials yesterday in bay area counties.

A run off election, however, will be necessary May 16 for the office of Oakland mayor in Alameda County. Incumbent Clifford E. Rishell won by a margin of only 849 votes over his closest runner-up, John C. Houlihan, thus failing to win a majority of all votes cast.

Oakland, in another close vote, appeared to have given the required two-thirds vote by a margin of 478 for a six-million-dollar bond issue to create a museum and arts center.

Winners of Oakland council seats included realtor Robert V. McLean, former University of California basketball star and son-in-law of William F. Knowland; incumbent Glenn E. Hoover, retired professor, and incumbent Robert L. Osborne, industrialist.

Other results included:

Hayward — A three-million-dollad school bond issue and a three-million-dollar state loan request for schools passed by substantial margins.

San Mateo County—Voters approved school bond issues totaling four million-dollars and corresponding increases in school district tax rates, but they turned down all 14 proposed charter amendments.

Santa Clara County—Cupertino Elementary School District gave overwhelming approval to a 7.5-million-dollar bond issue while the Milpitas Elementary District approved a three-million-dollar state loan request.

Cubs Set Bake Sale

Tiburon Cub Scout Pack 9 will hold a bake sale Saturday from 10 a.m. to noon on the Belvedere Boardwalk. Silver dollars have been baked in five different cakes, as an added attraction, according to Mrs. Harold Windblad, sales chairman.

The Collahuya Indians of South America are known as the "druggists of the Amazon." They make several good medicines from tree barks and herbs.

He Learns While He Earns

His FIRST Elected Office

When a fellow's own friends recognize him as a leader, he has really arrived. Yesterday, Jim was elected president of the Booster Club of his school. This is one of the highest honors a lad of his age could receive. It made him feel good when his favorite teacher said: "Jim, this is not an easy job, but I know you will handle it well. You have the qualities of an outstanding leader." Many of these qualities of leadership were developed by Jim on his newspaper route. As a young man with his own business, he had learned how to think for himself, as well as the importance of serving others well. Throughout the United States, Canada, and other free nations of the world, young men with newspaperboy experience are demonstrating the value of this fine training—and society is the benefactor.

Mitchell Gets N.J. GOP Nod

NEWARK, N.J. (AP)—James P. Mitchell, newly nominated Republican candidate for governor of New Jersey, said today he will call on some old friends from the Eisenhower administration to boost his coming campaign.

Mitchell, former labor secretary, beat out two rivals in the Republican primary election yesterday. In a victory statement he said he had promises of aid from former President Dwight D. Eisenhower; former Vice President Richard M. Nixon, and New York Gov. Nelson A. Rockefeller.

Richard J. Hughes, 51, a former judge who won the Democratic nomination with only token opposition, said that if Mitchell brings in national figures, he will consider calling on help from President John F. Kennedy.

Returns from 4,379 of 4,394 districts in the primary election gave Mitchell 199,457 votes, State Sen. Walter H. Jones 156,933 and State Sen. Wayne Dumont Jr., 94,617. Hughes had 210,815 votes.

Mitchell's victory over the veteran state legislators installed a new leadership at the head of New Jersey's Republican party, with Sen. Clifford P. Case, a liberal Republican, in command.

Jones ran with the backing of two-thirds of the GOP county organization. Mitchell and Case said Jones represented an old-line leadership that had squandered the party's supremacy

Sun Blinds Driver, Passenger Injured

Barbara Jean McNew, 26, of 241 The Alameda, San Anselmo, suffered minor abrasions of her face and hands in a traffic accident at Second and Brooks Streets, San Rafael, at 8 a.m. yesterday.

Mrs. McNew was a passenger in the car driven by her husband, William B. McNew Jr., according to San Rafael police. McNew told police that he was blinded by the sun and hit the rear of an unidentified pickup truck. Mrs. McNew was treated at Marin General Hospital.

Editor Group Hits Kennedy News Clamp

WASHINGTON (AP)—A committee of editors reported today that newsmen, despite their freer access to the White House itself, are having trouble with news suppression in the Kennedy administration.

Several hundred editors, opening the annual meeting here of the American Society of Newspaper Editors, were to receive a critical report from the society's Freedom of Information Committee headed by Eugene S. Pulliam, managing editor of the Indianapolis News.

The Pulliam reported noted that President John F. Kennedy before and after his election "was on record in writing as believing in freedom of information and in his duty to see that the people are informed."

"To date, neither he nor his administration has lived up to his promise," the report said.

School Paper Gets High Rating

A first class rating has been awarded to the Sir Francis Drake High School student newspaper, the Jolly Roger, for the first semester of the present school year by the National Scholastic Press Assn.

Rating of the school paper is based on coverage, content, and physical properties, the latter including make-up of pages, nameplate, sports display, typography, and photography.

The Jolly Roger was rated for balance of coverage and for printing. The paper is set up in type by students at the Tamalpais print shop under supervision of Jules Chourre, printing adviser.

The Jolly Roger staff is made up of John Wagstaff, editor; Nikki Sorich, associate editor; Roxie Collins, feature editor; Lee Malcolm, sports editor, and reporters Steve Anderson, Donna Dean, Penny Lusher, and Peggy MacDonald.

Fusselman Sets Stage For Hospital Showdown

Chairman William D. Fusselman of the Marin County Board of Supervisors yesterday set the stage for showdown on the whole problem of county hospital this afternoon, announcing he had seen one state official and confirmed the state's full powers yesterday morning, and that another official would appear before the board today.

Piquancy was lent this situation by several elements:

1. Against Fusselman's angry dissent the board had voted 4-1 Monday against inviting any state official to come.

2. Supervisor George Ludy of Inverness, one of the four who backed Supervisor J. Walter Blair's anti-invitation motion, had accompanied Fusselman on his call yesterday.

3. Fusselman invited the official to come as his personal guest.

Still evidently opposed but playing for a laugh, former chairman Walter R. Castro smiled broadly as he said: "He hadn't ought to come—Blair don't want him."

"I will introduce him to Mr. Blair," said Fusselman with counter-smile.

Before this developed, Blair had left the meeting because of a family emergency.

In marked contrast to the tense feeling and angry words of late Monday, the four members present were seemingly most happy as Fusselman brought up the subject of the hospital again yesterday.

"Ludy and I talked with Cumming today," Fusselman opened, referring to Gordon R. Cumming, chief of the State Bureau of Hospitals in Berkeley. "We find that they (the state officials) are in authority.

"They are cooperative. They are serious but not tough. There will be no fooling around and they are in control of the situation.

"I have asked him (Cumming) to come tomorrow as my guest, or to send a representative if he has to attend a Sacramento meeting as may be the case.

"If necessary we can postpone this. It is essential that Blair be here because he raised question of the state's power."

Castro asked whether it wouldn't be a good idea at such a meeting to get the financial ideas of Auditor-Controller Leon A. deLisle. Fusselman said, "Yes, let's have it all at once."

(This morning Fusselman said he expected to have not only deLisle but members of the retirement board, whose funds might be borrowed; also Dr. Calvin Plumhof, representing the Marin County Medical Society, if he could attend. He said assistant director John Derry would represent Cumming as Derry has had extensive Marin experience in setting up the county health department.)

Fusselman said his and Ludy's discussion with Cumming brought out that recent licensing of the hospital hadn't been endorsement of its condition but was "automatic" and subject to follow-up of prosecution of individuals if there were wilful neglect.

He said that even after grant of the county hospital license, which had been construed by Blair as endorsement of the institution, "they can come in next day and say they're going to prefer charges."

Bruce presented a list of Marin County convalescent, rest and nursing homes, showing total bed capacity of 230 with another 24 beds to be available in Santa Venetia by next January. Homes licensed by the county welfare department for boarding care of ambulatory patients were shown as having a total of 187 beds, with another 100 to be ready by next November in Terra Linda.

A letter from Dr. Plumhof reported that the medical society has a group studying county health problems. With special reference to the county farm it said:

"We feel that the county hospital facility, as such, might not be necessary and might not solve in the most workable and economical manner the major problem of good medical care of cases requiring active rehabilitation."

Robillard Loses 'Too Young' Plea

Alexander Robillard, 20, who killed a Hillsborough policeman, today lost a bid to escape San Quentin's gas chamber a week from today.

Judge Thomas F. Keating of Marin Superior Court this morning denied Robillard's petition for a writ of prohibition without comment.

The condemned man, who identifies himself as Alexander Robillard XIV, contends that the state Penal Code Section 3605 says no person under age can witness an execution. Since he is under age, Robillard contends that he should not be compelled to witness his own execution.

The code prescribes who should or should not witness an execution but does not deal with the person to be executed.

Robillard's attorney, Carl Shapiro of Fairfax, was in San Francisco this morning reviewing a transcript of the San Mateo trial in an effort to verify a legal point on which he hopes to save the youth from the gas chamber.

the dead American flier as Leo Francis Bell of Boston.

The commander of the U.S. naval base at Guantanamo, in southeastern Cuba, said earlier that none of his planes have participated in the fighting.

The broadcast gave no military data about Bell and mentioned only his social security number.

The radio reported a twin-engine B-26 dropped a bomb on the air force headquarters at San Antonio de los Banos, 25 miles from Havana, then wounded three persons in a strafing run on Havana.

A diplomat in Havana reported a plane that swept over Havana was met by heavy anti-aircraft fire. He mentioned no strafing. A Cuban rebel radio station on Swan Island off Guatemala claimed Havana was bombed twice by three planes. It asserted one of the planes attacked Camp Libertad, army headquarters on Havana's outskirts.

A Cuban broadcast denied rebel claims of new landings in northern Matanzas and Oriente Province and said an attack against the Isle of Pines had failed. Rebel leaders had asserted earlier this week that the prison island off the south coast had fallen and its 10,000 political prisoners had joined the insurgents.

Information on the progress of the invasion and Castro's defense against it continued sketchy.

crisis, but he reserved his position on the Soviet resolution. He said that at the present he was prepared to vote only for a Mexican proposal calling for non-intervention in Cuba.

The Soviet proposal, introduced last night by Deputy Foreign Minister Valerian Zorin after a new assault on the United States in the Political Committee, calls for cessation of all assistance to the forces invading Cuba and urges U.N. members to give aid to Fidel Castro.

The Latin-American resolution was expected to win wide support from member states openly concerned over President John F. Kennedy's warning to Soviet Premier Nikita Khrushchev that the United would take action if the Soviets intervene militarily in Cuba.

Kennedy's warning was read to the committee by chief U. S. delegate Adlai E. Stevenson, who delivered a blistering attack on the Castro government and rejected its charges against the United States.

Summer School Applications Due

Deadline for applications for summer school in the Kentfield School District has been extended until Friday, it was announced today by Principal William Hartley.

By last Friday, the previously announced deadline, nearly 300 had applied, Hartley said. The deadline was extended because applications continued to come in, he said.

No applications may be accepted after Friday because class sizes must be determined, Hartley reported.

Children attending parochial and private schools are eligible to attend if they reside in the Kentfield district. Ross School District pupils are also eligible to attend.

Sheriff Plans To Investigate Stinson Report

Sheriff Louis P. Mountanos disclosed today he would call Stinson Beach Deputy Sheriff Peter Lampros to his office tomorrow to get an account of an incident at a Stinson Beach barbecue Sunday night.

A group of irate Stinson Beach residents complained yesterday that Col. George White of Stinson Beach, a federal narcotics official, had doused Presbyterian minister Frank Iske and his barbecue party of youngsters with hose and water Sunday night. The church group had built a fire on the public beach when Colonel White doused them and their food, members said.

Deputy Lampros, who is on two days vacation, will be returning to work tomorrow. Sheriff Mountanos said he would talk to his deputy before making any decision.

Lampros has been considering quitting the sheriff's office and joining the federal narcotics bureau for some time.

"Up to now, I have received nothing but compliments on Deputy Lampros' work as resident deputy there," said the sheriff.

Members of the church group contends they asked the deputy to arrest Colonel White. However, no one signed a complaint.

Trustees Accept Resignations In Mill Valley Schools

Trustees of the Mill Valley School District have accepted resignations of Mary Spalding, Park School first grade teacher, who is leaving to teach in San Francisco, and Mrs. Harold Clem, Strawberry Point School first grade teacher, who is leaving Marin County.

They offered employment to Andrew Gillespie, Mary P. Neylon, Nancy Waldeck and Jane S. Miller.

The board, meeting Monday night, also:

1. Voted to purchase the 1961-62 liability insurance policy from fireman's Fund, represented by Muller's General Insurance Agency of Mill Valley.

2. Agreed to rent the district-owned home on a school site at 627 Eastwood Way to Daniel Scarlett, 325 Tamalpais Avenue for $121 per month, Scarlett being highest bidder.

3. Voted to commend Clifford K. Badger, chairman of the committee for classrooms, for his "excellent leadership of the school bond campaign." Also expressed "heartfelt thanks" to the Independent-Journal and the Mill Valley Record for their "effective support of the issue."

Court Clears Hub Housewife

A San Anselmo housewife, who allegedly rammed her car into a gasoline pump owned by her estranged husband, was cleared of all charges yesterday in Marin Municipal Court.

Judge Joseph G. Wilson dismissed charges of disturbing the peace and malicious mischief against Mrs. Mary Ellen Busolo of 61 Nakomis Avenue, on recommendation of the district attorney.

Deputy Dist. Atty. Thomas W. Storer told the judge that Licinio (Lee) Busolo, owner of Lee's Service Station, does not want to press the complaint. On March 25, a car driven by Mrs. Busolo hit a gasoline pump at Busolo's station.

Mayor Won't Talk On Hub Secret Session

No decisions were reached and "there is nothing to report" on last night's executive session of the San Anselmo City Council, Mayor Carleton G. E. Little said today.

City Administrator Douglas Flautt was not invited to the meeting and did not attend.

Under state law, executive sessions are permitted only "to consider the appointment, employment or dismissal of a public officer or employee or to hear complaints or charges brought against such officer or employee by another public officer, person or employee unless such officer or employee requests a public hearing."

The mayor did not reveal what charges were brought, nor against whom. The council discussed a report from the San Francisco accounting firm of Lindquist, Von Heusen and Joyce, which made a survey of the city's bookkeeping system and procedure four weeks ago.

The mayor said "personnel" was involved in the discussion. Charges or allegations against an employee or employees were apparently contained in the accounting firm's report.

Mayor Little said the results of the accounting survey will be made public, but he does not know when.

They mayor said that any inference of discrepancies in city funds is "ridiculous."

MILLER

Continued from page 1

we talked about reapportionment," Slattery said. "But if you want to find out what Clem said, you'll have to ask him."

Crown declared he had reached no decision as yet on what he would recommend for Marin County, the only major county in the state with more Republicans than Democrats. Only other Republican counties are tiny Alpine and Mono.

He said he hoped to have his recommendation ready for committee hearing "either late this month or early in May."

Reapportionment was discussed in San Rafael last night as well. Assemblyman John A. Busterud told the Marin County Young Republicans that rumor around the Capitol indicates the reapportionment committee " is still going to attempt to attach Marin to San Francisco."

If there is basis for a suit on unconstitutionality, the Republicans could take a suit "clear to the Supreme Court" and thus block reapportionment until after the 1962 elections, he said.

The point of constitutionality would be, Busterud went on, whether a county like San Francisco, "entitled to less than two congressmen," could have two and one-half congressmen by putting Marin in with a part of it.

Busterud said Miller is "evidently putting a lot of pressure on the committee in an attempt to disassociate himself" from Marin County.

The Young Republicans asked Busterud about his own political plans and recent remarks of Richard M. Nixon that Busterud should represent this area.

He answered that he appreciated the former vice president's "kind words" but that he didn't want anyone to think he would come to Marin and run against either Sen. John F. McCarthy or Assemblyman William T. Bagley. He has been mentioned as a possible congressional candidate for whatever district Marin winds up in. But he didn't mention that last night.

Asked about the report he was "looking for a house in San Rafael," he said he is but "I haven't found one yet."

BEEF ORDER IS JUST A BIG 'JOKE'

Notice that a side of beef, cut and wrapped, would arrive today, was just too much for Mrs. Ruth McCabe Ruppelius of 11 Lodge Lane, San Rafael, so she went to the San Rafael police.

The side of beef was the climax of a series of hecklings which Mrs. Ruppelius has received recently.

Last week, her Jaguar car was the object of a vandal, who slashed the leather upholstery.

Over the week end, she was deluged with phone calls. Someone had placed advertisements in two San Francisco papers offering a 1961 convertible at $1,600 and a $500 freezer, for $100 or $125, giving Mrs. Ruppelius's phone number to call collect.

Yesterday she received a card from the Luchetti Meat Co. asking her to be home today because her order would be delivered. Mrs. Ruppelius phoned to find out what order and was told that the side of beef she had ordered was cut and wrapped for delivery.

"I'm a very patient person," Mrs. Ruppelius said, and I don't get perturbed easily, but this is too much."

'Tax Expert' Told To Pay Back Taxes

Mrs. Katherine W. Clever, Novato public accountant with an office in San Rafael, was sentenced by federal court in San Francisco yesterday to three years' probation with two vital conditions as result of failing to file or pay income taxes since 1952.

Judge Lloyd H. Burke laid down as conditions that Mrs. Clever must not touch a tax return for any client for the next three years, and that she must pay her own back taxes, penalties and interest on a basis of a $4,241.18 deficiency plus $2,537.13 penalties.

She had been allowed time from Feb. 16 by the U.S. District Court because she was busy preparing 1960 returns for clients and it was felt the government would profit by letting her get this unfinished work out of the way.

The case was unusual in that the court's conditions about repayment will make it unnecessary to institute new proceedings in civil action to recover taxes due.

She had entered a plea of guilty on the first of five counts. This covered the year 1954, and motion to dismiss was granted on the second, third and fourth counts covering the years 1955, 1956, and 1957. There was a plea of nolo contendere (no contest) on the fifth count relating to the year 1958.

The statue of limitations ran against the earlier counts so far as criminal action was concerned, but Mrs. Clever would have been liable without limit for recovery by civil action, now unnecessary because of the disposition of the criminal aspects.

Grand Opening Set In Fairfax

Roy's Drive-In, roadside eatery at 2017 Sir Francis Drake Boulevard, Fairfax, will hold a grand opening on Friday.

The establishment was recently purchased by Roy G. Winter, 1425 Lincoln Avenue, San Rafael. It previously was known as Ollie's Canteen, operated by Mrs. Olive Baxter of Fairfax.

Winter remodeled the place, and resurfaced and black-topped the parking area.

Some Eat, Some Don't On Death Row

The hunger strike on San Quentin Prison's Death Row showed some signs of weakening today while prison officials declared some of the demands made by the men were "impossible."

Associate Warden Dale Frady said that 24 of the men refused dinner last night and 25 men refused breakfast this morning.

"First one and then another will eat a meal," Frady said. "It is not the same men all the time."

Frady said there is no special cook for Death Row and that the men were given food prepared in the same kitchen as all the rest of the food.

"There is no single cook and we cannot change the entire cooking personnel of the prison," Frady said.

There is a special barber assigned to do the work on Death Row, according to Frady, but he has not been replaced.

"The men asked for items that are not included on the prison ration. They will get what is on the ration, but not items that would require going out and making special purchases," Frady stated.

Neither Gov. Edmund G. Brown, Director of Corrections Richard McGee nor Warden Fred R. Dickson, who received the letters making the demands, have done anything to stop the hunger strike, Frady said.

Because the men on Death Row leads less active lives, hunger strikes occur there more often than the rest of the prison, Frady admitted.

"Even there, they are not common," he said.

tively short—500 word— message sheared of usual diplomatic verbiage and using stronger terms than the restrained language Kennedy has used so far in his effort to get along with the Soviets.

Kennedy told Khrushchev:

1. The United States morally supports and will not hinder "Cuban patriots" in "their struggle for freedom" against the Castro government.

2. While the United States "intends no military intervention in Cuba, in the event of any military intervention by outside force, we will immediately honor our obligations under the inter-American system to protect this hemisphere against external aggression."

3. Rather than using the Cuban situation as a pretext "to inflame other areas of the world," Moscow should join in present opportunities for peace in Laos and the Congo and for agreeing to a ban on atomic tests.

4. Contrary to Khrushchev's claim that communism is the inevitable wave of the future, "the great revolution in the history of man, past, present and future, is the revolution of those determined to be free."

"What your government believes is its own business," Kennedy said. "What it does in the world is the world's business."

DEATHS

BRUNNER — In San Rafael, April 18, 1961, Cora B. Brunner, beloved wife of the late Edward H. LIFE-SAVING DEVICE—Dr. Joseph J. Alderson, chief of the medical staff at San Rafael General Hospital, explains the life-saving properties of the defibrillator (heart stimulating machine) to two interested visitors, Mrs. George Britton (left), president of the Friends of Arequipa, and Mrs. Thomas Garrett, former president. The defibrillator was purchased for the hospital with a grant from the Arequipa organization. (Ken Molino photo)

San Rafael Hospital Adds Machine

Addition of new equipment for the emergey department at San Rafael General Hospital was announced today by John H. Prescott, administrator.

Purchased with a grant of $2,500 from the Friends of Arequipa, the new equipment includes a defibrillator (heart stimulating machine), recovery-table guerney, stainless steel tables and instruments.

Prescott said the defibrillator is the latest model. It is designed to stimulate the heart after cardiac arrest by applying an electric counter-shock. The model is the same used in recent demonstrations by the Marin County Medical Society.

Members of the San Rafael General Hospital nursing staff were among those who attended the demonstrations to learn the new technique of closed-chest heart massage, which may be used before arrival of the defibrillator.

The defibrillator is portable and may be used inside the hospital or on emergency calls. It also may be used in open-chest cases in surgery.

In addition to the new equipment for the emergency department, Prescott said the women's auxiliary recently donated a new service cart and that a new blood storage refrigerator has been ordered with funds donated by friends and former patients.

HIGHWAY PATROLMAN FINDS ALL BULLS NOT NAMED FERDINAND

A sad tale of a California Highway Patrol bullfighter who got pushed around by the bull was revealed on records of the San Rafael patrol office today.

It seems Patrolman James Dukes, late of the Golden Gate Bridge detail and still not acclimated to the rural setting of his present assignment in Marin, heard by radio yesterday of a bull loose on Highway 101 at Atherton Avenue, Novato.

Joined by Patrolman Keith Craig, Dukes put his and Craig's car as a barricade between the bull and a gate ajar into a "bull paradise" full of cows.

Dukes, Craig and a passing mechanic then tried to deal with the bull on foot but he proved hostile.

"The bull did not appear very cooperative," is how Dukes's report put it, "and not being a cowboy I 'chickened out' as he was defiant and lowered his head as if to charge.

"I returned to my vehicle for safety and decided to use it as a method of moving the bull."

That proved a poor guess. The bull lowered his head and charged the vehicle, Dukes recounted, "pushing me back 15 to 20 feet much to my consternation . . . I was obviously out of my weight division."

At this crucial moment an unidentified northbound motorist with clear knowledge of bullfighting stopped his vehicle, removed an old broken fan belt, and clouted the bull briskly across its muzzle.

The bull lost all his fight, backed up and consented to go through the gate to where "there were hundreds of cows" according to Dukes. Without waiting for even Dukes's shouted "thank you" the stranger climbed into his car and departed.

Trustees Hire Agent To Find School Site

Trustees of the Novato Unified School District last night hired a real estate agent to find school sites for the district.

Donal Swan of Novato was hired at a rate of $70 per day to look for sites, negotiate, carry through title search and complete any deals, with district approval.

The board directed him to look for an elementary school site and possibly a second site in West Novato, to find land for site expansion at the Rancho School and to attempt to complete negotiation over land on the southern border of the high school site.

No maximum amount to be paid Swan was set. "I have enough faith in Mr. Swan to know he's not going to take us for a ride," board member Joseph Sereda said.

The board asked that Supt. W. J. J. Smith meet with Hill School administrator and a parent over the parent's protests of his son's suspension from school.

The father told the board last night that four boys "jumped" his son on the school grounds and that all five had been suspended for three days and must talk with city police before they can return to classes.

Sausalito To Fix Up Boat-Launching Ramp

Sausalito's only city-owned boat launching ramp — located at the foot of Turney Street — will be paved and widened to handle two boats, the city council decided last night by 3-1 vote, Councilman Howard Sievers voting "no."

Councilman George Keeney was absent.

The well-used but run-down ramp will, when rebuilt, be limited to launch one boat at a time until the council evaluates the parking situation caused by boat and trailer traffic in the area. Cost of $1,950 for the work is budgeted from recreation commission funds.

The council also adopted 4-0 an ordinance making it unlawful for anyone to park any boat trailer or motor vehicle connected to or accompanied with a boat trailer on Caledonia Street from Bridgeway to Napa Street; on Johnson Street, Pine, Turney, Locust, Litho and Bee Streets to their respective intersections with Bonita Street, and on the west side of Bridgeway between Ensign and Napa Streets.

The council also authorized $784 to pay for an extra chunk of cement wall on Edwards Avenue which was built by Ghilotti Brothers of San Rafael through a "misunderstanding" between the company and Sausalito City Engineer Thomas L. Hunter.

The 12-foot, four-inch wall was added onto a 60-foot wall which was contracted for, but, according to City Manager Charles A. Brown, Ghillotti Brothers made an error.

The council:

1. Approved construction of a six-foot fence and installation of lights at the Madden and Lewis boat storage area on the sandspit.
2. Agreed to invite M. A. Graham, president of the Golden Gate Bridge and Highway District, to its May 2 meeting to discuss bridge operation and Marin access to Vista Point.
3. Set up a committee of Councilmen Howard Sievers and Michael Harris and citizen A. Leonard Bjorklund Jr. to try to determine whether the city has an interest in the extension of South Street.
4. Introduced an ordinance which provides a 120-day moratorium on use permits for hotel construction or expansion on sites abutting Bulkely and Harrison avenues, Princess Street, Atwood Avenue and Santa Rosa Avenue. Purpose of moratorium is to study zoning of the area.
5. Appointed Earl Thompson to the board of review to fill the unexpired term of L. Pieraccini to March 1963.
6. Directed city manager Brown to investigate Donald E. Steffen's application for permit for an outdoor studio-gallery for water colors and oil paintings on city property either near the Trade Fair or near Ondine Restaurant for a rental of $40 per month.

Members have been asked to cooperate with the county in the earwig abatement program. Bait will be mixed and packaged, ready for members to pick up.

TODAY'S EDITORIAL

Now Taxpayers Will Know Of Assessment Increases

Late last week Gov. Edmund G. Brown announced he had signed AB 209, by Charles H. Wilson (D, Los Angeles), which authorizes county tax assessors to notify taxpayers of the assessed value of their property.

Until this bill becomes law, 90 days after the adjournment of the legislature, the only way a taxpayer can find out about his assessed valuation is to go to the assessor's office and check the tax roll.

Under the new law, the assessor can notify all taxpayers of the assessed value of their property or tell only those whose assessments were 10 per cent greater than in the previous year.

In either event, however, the assessor must get the permission of the supervisors before he mails out such notices.

The obvious advantage to the taxpayer is that he would find out in time that his assessed valuation is to be raised. As it is now in this busy life, most taxpayers don't have time to get down to the assessor's office to look at the roll. Thus, his first notification that his assessment is being raised is when he gets his tax bill.

Then it's too late.

A method has been needed to notify the taxpayer in advance of the supervisors' meeting as the Board of Equalization. This is the board that can adjust an appraisal. But equalization must be done before certain, specified deadlines. That's why when you get your tax bill it's too late; the deadlines are past. Now you can be notified in time.

Prior notification of assessment increases can do another thing. It can tie the appraisal and assessment of property closer to the people responsible. In the last supervisorial campaign in Southern Marin, it was evident that many people were confused as to who assesses their property and how it is done, in spite of a determined effort by the county assessor's office to explain.

So we hail the signing of the Wilson bill and hope our supervisors will authorize our assessor to follow out its provisions.

Valerian And Poppies

The hills are so green now it almost hurts. Lush grassy carpets have blossomed on winter's tawny showroom.

Red valerian, one of the earliest and showiest of spring's wildflowers is reaching its peak right now. These neat purplish-red clusters identify the plant which was once a favored herbalist headache remedy of our frontier ancestors.

Along witth Scotch broom yellow and valerian red, more and more poppy orange is dotting the landscape. And the first signs of Lupine purple are making their appearance.

Wildflower spring has come with a bang to Marin.

YOUR VOTE COUNTS

It cost a man $180 to be convinced that he had lost an election.

The final returns showed that he had failed by eight votes to win the post of constable in a California town.

It was such a close outcome that he decided to pay for a recount of the 11,279 votes cast. Though it proved that he still lost, the final count was defeat by a single vote.

Since this unique instance underlines the importance of one vote, it should also be a reminder that failure of even one person to go to the polls and register his opinion in any election weakens freedom a tiny bit. By doing nothing, one may actually help the candidate or issue opposed to his point of view.

Take the time and trouble to vote intelligently, conscientiously and patriotically on every occasion and you will prove to God, to others and to yourself that you appreciate the blessings of liberty.

"He that is not with Me is against Me; and he that gathereth not with Me, scattereth."

(Matthew 12:30)

May I show, O Lord, my appreciation of the blessings of freedom by living up to its responsibilities.

Bohemian? Beatnik? They All Get Tired Of Hearing Certain Things

NEW YORK (AP)—Remarks a Greenwich Village Bohemian gets tired of hearing:

"Algernon isn't really afraid of work. He can lie right down by it and fall asleep."

"After all, Algernon's got everything Shakespeare has —except fame, fortune, talent and a tomb."

"He used to read his poetry at a coffee house until, after business began to fall off, the proprietor suspected Algernon was being subsidized by the tea people."

"Algernon believes in free love—as long as the girl buys the dinner."

"What you need is to do something spectacular to get public attention. How about going into Grant's Tomb and reciting your poems by candlelight? There must be an old candle around here someplace."

"I know you are careless about what the world thinks, Algernon, but would you please quit scratching? It looks so plebian."

"If you want to take a bath, come over to my studio tonight. This is the day we have hot water."

"Don't speak to him now. He's heartbroken. He finally decided to prostitute his art by writing a television soap jingle, and they turned it down. They said it was too commercial."

"His real trouble is he paints like Edgar Guest and writes like the fellows who draw mustaches on subway posters."

"Algernon started off by being a character. Now he's just a lack of character."

"He's been nervous all week. It started when the State Unemployment Office offered him a steady job."

"NO, I WOULDN'T call Algernon a beatnik. How could you? He never was beaten. He never put up a fight."

"Algernon, you had the cot last night. Tonight it's your turn to sleep on the floor."

"HIDE THE GIN. That sounds like Algernon knocking at the door."

"Gee, I'd just love to stay and hear you recite your poetry, Algernon, but I'm already late to another wake."

Give The Facts On Space Man

EDITOR:

I am surprised that with your editorial staff of intelligent people you would print the Russian space man story as it came off the wire without tongue-in-editorial-cheek or reservations.

In a barrel-like cask that has been pressurized and adjusted to ground conditions, how could he have been "weightless" and why did he have to have food and drink? Also, how could he "see" mountains and lakes, structures, etc., without a theodolite and particularly with no portholes in the "spaceship?"

It is doubtful if man could see that far through haze in any conditions and as far as radio communication is concerned—the "heaviside layer" that bounces beams off the stratosphere would be ineffective, in my opinion.

When will we see the pictures of the take-off and the landing? Did the stone faced "hero" forget his camera to take pictures of our planet?

The whole thing seems written by an American using American format and phraseology. The Russians cannot write that way, but could have help from better writers. And, we are told the man came to earth in an ordinary flying suit and parachute, but we are not told how the "ship" came down.

Further, the book about him, we are told, was printed before he took off!

Let's have the facts ed—if you ask me if any living thing over there has been to space except "white space" in the papers, I would say, "Nyett" and we may have real proof when we do "space ship" a man, 'tho our last president put us back a few years.

Land Is Not Sometime Thing

EDITOR,
Independent-Journal:

Your story on the proposal by our Senator Jack McCarthy regarding surplus federal lands in the amount of some 4,000 acres, clearly shows his responsible attitude toward intelligent land use and the economics of Marin County, which he most ably represents.

May I also compliment you on your fine editorial within past weeks querying as to why there had been a drop-off in recent years of attendance in the State Parks in Marin County.

As a young man and a comparatively new resident of Marin (with a new and growing family), I strongly feel that I am being uprooted—together with others—by strangers. All this before we have even had the opportunity of getting "our roots down." What apparently isn't realized by many is, that we are being pointed to and told, "Go back to the city. Private property and individual initiative is an outmoded dream."

To those of us who live here, this land is not a "sometime thing," and I would like to feel that I can pridefully leave to our future generations, rights guaranteed by our Declaration of Rights and the Constitution of the State of California.

No Praise For Cosmonaut

EDITOR,
Independent-Journal:

There is no point to withholding praise for the recent Russian adventure into space, but the acclaim should be for those who designed and perfected the vehicle.

To glorify Major Gagarin and liken him to Columbus is fatuous adulation. He was under command to do what monkeys had already done.

Sport Show Big Success

EDITOR,
Independent-Journal:

In behalf of the membership and board of directors of the Marin Rod and Gun Club, may we express our deep appreciation for the magnificent cooperation of the Independent-Journal in making an overwhelming success of the recent Marin Rod and Gun Club Sport Show.

We are very proud that our annual show has grown in just eight years to a major community event with outstanding support from many areas of interest in Marin County. We are particularly pleased with this showing of community-wide support because it means that all Marin is participating in the active conservation program which has motivated our organization for more than 30 years.

Without the continued cooperation of the Independent and its able and efficient sports editor, Jim Gilmartin, the success of our show and our effectiveness in behalf of fish and wildlife resources would not be possible. We are most grateful and are looking forward to working with you in future years.

TRY AND STOP ME

BENNETT CERF

A New Jersey delinquent was being tried for the theft of an automobile. The case was flubbed by the prosecution, however, and the judge was compelled to instruct the jury to bring in a verdict of "not guilty."

The foreman of the jury thereupon announced dutifully, "Your Honor, we find the crook that stole that car not guilty."

A young man tapped Mr. Wimpfheimer on the back and announced, "I'd like to speak to you about your daughter's hand. "Sit right down, my boy, and tell me more," beamed Mr. Wimpfheimer. "I will," obliged the young man. "I'd like the jewelry on your daughter's hand back."

I-J REPORTER'S NOTEBOOK

By RANDALL GOULD

Do Other Planets Use Our World As Interplanetary Lunatic Asylum?

Put me in orbit, Big Daddy-O. With a monkey, please.

If I'm a little overweight, I will sincerely try to train down by drinking every reduction beverage currently on the Marin market.

This world is betting too much for me and that's the truth.

Moreover, there is no need for me to fly now and pay later. All my income tax checks got into the mail on time and I figure they entitle me to first class; no economy rockets.

IT WAS AROUND 4 o'clock of a recent Mill Valley morning that lying abed up on our green ridge, I heard by radio how Comrade Yuri Gagarin had gone up by sputnik some 302 kilometers and come down to report everything hunky dory in outer space.

What impressed me was the broadcaster's account of the triumphant rejoicing in the streets of Moscow.

This, is seems, compared not unfavorably with the triumphant rejoicing in the streets of our own Pittsburgh last fall on the occasion of the Pirate victory in the World Series. (That's baseball, comrade, if in your ignorance you don't know.)

It is well known that the Russians do little if anything bigger or better than we in America, so it is natural that Pittsburgh's rejoicing was superior to that in Moscow. Never yet have the Russians ever won a World Series.

AS TO COMRADE Yuri, he seems to have deserved no special credit for what after all will shortly become a common enough feat provided we can see anything in it for us.

Within a matter of a few hours, in fact, one of our own experts announced that we could have done it first save that we had our mind on a multitude of other things. No doubt he was referring to baseball partly.

For the life of me, I can't see why the average normal American should want to get into outer space. It seems a big empty dismal dreary place somewhat on the order of Texas, but no oil or cotton.

There is no commerce, no industry and no baseball, from all accounts. No income tax either, I judge.

That to me is the beginning of its charms. A wrongheaded fellow in almost all respects, I really feel increasingly inclined to Get Away From It All, if a deal can be worked out on any sort of a sound basis.

NOW THAT MARIN has been given its prize as an All-America City Award winner, there is little more that Citizen Gould can contribute here and I have ideas for some real service in the outlying precincts.

Specifically, I would like to check up on George Bernard Shaw's theory that the other planets use this one for a lunatic asylum.

This strikes me as a persuasive notion worth looking into.

If I can be flown hither and yon awhile, the thing might be done by a little simple checking easy enough for any trained reporter.

Having a monkey companion is important.

ON ENCOUNTERING life from distant parts, I shall promptly expose the monk to these strange folk and note the degree of resemblance, the types of respective behaviour, etc.

Soon enough, I should be able through use of this yardstick to figure some considered findings.

There will also be the question of whether the monkey and I should return and I imagine I'll want to by that time, if there seems any prospect that Marin will have me.

About the monk, I can't say. It all depends on how bright he is.

Khrushchev Needs To Consolidate East Germany; Fears Bonn Arms

It is clear to me at the end of a long talk that in Nikita Khrushchev's mind the future of Germany is the key question. I sought first to understand why he thinks the German problem is so urgent, and so I asked him whether, since agreement was so far off, a standstill of five or ten years might not be desirable.

He said this was impossible. Why? Because there must be a German solution before "Hitler's generals with their 12 NATO divisions" get atomic weapons from France and the United States.

Before this happens there must be a peace treaty defining the frontiers of Poland and Czechoslovakia and stabilizing the existence of the East German state. Otherwise, West Germany will drag NATO into a war for the unification of Germany and the restoration of the old Eastern frontier.

HIS FEELINGS of urgency, then, springs from two causes: his need to consolidate the Communist East German state —known for short as GDR— and second his need to do this before West Germany is rearmed.

He said several times that he would soon bring the German question to a head. Quite evidently, the possibility of nuclear arms for West Germany is not immediate. Bonn does not now have the weapons and although the possibility of it is real enough, the threat is not so urgent as to be a matter of a few months.

The more immediately urgent consideration is, no doubt, the need to stabilize the East German regime, particularly in view of the flow of refugees.

MY GENERAL impression was that he was firmly resolved, perhaps irretrievably committed, to a showdown on the German question. But it was evident also that he dreaded the tension—he referred to this several itmes—and is still looking for a negotiation which will work out a postponement and an accommodation.

In the talks it transpired that he is thinking of the problem as having three phases.

The first is what he considers the real and also the eventual solution. He has no hope, however, that the West will now accept it. His thesis is as follows.

The two Germanys cannot be reunited. The West will not agree to a unified Communist Germany and the Soviet Union will not agree to the absorption and destruction of the GDR by West Germany. There are in fact two Germanys'

The way to proceed is, then, to "codify" the status quo in the form of peace treaties with what he called the three elements of Germany. These htree elements are West Germany, East Germany, and West Berlin.

THIS CODIFICATION would require de facto, but not diplomatic, recognition of the GDR. It would fix by international statute the position of West Berlin as "a free city," with its right of access and its internal liberty guaranteed by the presence of "symbolic contingents" of French, British, American, and Russian troops, by neutral troops under the aegis of the U. N., and by the signatures of the two Germanys and the four occupying powers.

As I said, Khrushvhev does not expect at this time to reach this solution. He has, therefore, a second position which he called a "fallback" position, which I will discuss tomorrow in the fourth and final article in this series.

Drake Wallops San Rafael In Marin League Opener

Geminiani's Two-Hitter Tames Bulldogs By 8-2

Two-hit pitching of Nino Geminiani backed up by four extra base wallops carried the title-minded Drake Pirates to an 8-2 victory over the San Rafael Bulldogs yesterday in the opening of the Marin Athletic League's round-robin baseball schedule at Drake.

Coach Verle Sorgen's Pirates, defending champs and winners of the league tournament earlier this month, pushed across five runs in the first inning to ice the win over a San Rafael team regarded as a strong threat for the pennant.

Geminiani, sometimes wild, walked seven Bulldogs, giving up single runs in the first and last innings, but he was striking out 10 en route. Only Bulldogs to hit safely were Tom Mork and Tom Williams, each with a single.

ARD HOMERS

Meanwhile, the Pirates were unloading some big wallops off the slants of San Rafael's Dennis Hall. Jerry Ard smashed a home run, Bog Ingram delivered a triple and had three runs batted in and Lee Malcolm and Vince Pallavicini slammed doubles.

Drake gets its second test Friday against a hard-hitting Tamalpais nine at Tam's diamond, 4 p.m.

GIANTS, 49ERS TO ATTEND MARIN BANQUET

Willie McCovey of the Giants and Abe Woodson of the 49ers will be San Francisco professional sports stars headlining the guest table at tonight's Marin Catholic High School sports banquet, Rev. Bernard Cummins announced yesterday.

Faher Cummins said more than 300 persons are expected to attend the annual fete in the school cafeteria starting at 7 o'clock. Walter Mails, Giants' publicist, will accompany McCovey.

Meanwhile, Radio KTIM Sportsmen's Club will honor the 12 outstanding athletes in the Marin Athletic League at its annual banquet at Bermuda Palms. Pete Newell, athletic director at University of California, will be main speaker.

The top Marin athletes, selected by their respective schools, are Norm Kreuter and Pete Dornbach of Tamalpais, Sam Johnson and Mike Bresnan of Drake, Randy Petrini and Billy Roberts of San Rafael, Jerry Crowe and Ed O'Connell of Marin Catholic, Lu Haas and Jim Sewell of Novato and Mike Hoffman and Rich Brear of Redwood.

Was Snider Deliberately Hit By Pitch?

LOS ANGELES (UP)—Duke Snider will be out for a month with the first broken bone of his career, and the Dodgers are indignantly suggesting it might not have been an accident that disabled him.

Snider suffered a cracked bone above his right elbow Monday night when he was hit by a pitch from St. Louis right-hander Bob Gibson—just two innings after Snider tagged Gibson for a two-run homer.

Gibson denied any intent to hurt the veteran outfielder. But Dodger General Manager Buzzie Bavasi said in a telegram to National League President Warren Giles:

"For your information, Snider was hit with the first pitch thrown to him after he hit a home run. It looks as though the bean ball rule is working against Dodger pitchers."

WILLIAMS FINED

Dodger right-hander Stan Williams had just been fined $50 for throwing a pitch that sailed over the head of Pittsburgh second baseman Bill Mazeroski last Sunday.

Gibson said Snider knocked an outside pitch over the left-field screen in the third inning, so he decided to pitch him inside the next time he came up.

"There may be a couple of guys in this game who try to hurt people," Gibson said, "but I'm not one of them. Naturally, I'm sorry, but nothing I can say now will help fix him up again."

The Dodgers said their wire to Giles was not an official protest.

Snider himself accused Gibson of nothing. "It's just one of those things," said the Duke.

3 Giants Forfeit Bonds In Phoenix

PHOENIX, Ariz. (UPI)—Three San Francisco Giants baseball stars yesterday forfeited bonds of $30 each in connection with their arrests on drunk and disorderly charges.

The players were Harvey Kuenn, Bob Schmidt and Jim Davenport. They were arrested April 5 in downtown Phoenix. Lester Gray, 20, of Phoenix contended he was hit for no apparent reason.

Pringle Sparks Drake Swimmers Over San Rafael

Bob Pringle of Drake High won two events to pace the Pirates' swimmers to a 60-34 victory over San Rafael yesterady in a Marin League meet at Drake's pool. San Rafael's Lou Yuvan was the varsity meet's only other double winner.

Drake also won Class B 63-23 as Terry Politi again was a double winner and the 200-yard medley relay quartet of Al Smith, John Detweiler, John Mulder and John Gaylord set a school record of 2 minutes, 6.7 seconds.

San Rafael's Class B star Bill Levin set a pool record of 28.8 seconds in the 50 butterfly.

Varsity first places: 400 free, Pringle (D), 4:50.5; 50 free, Yuvan (SR), 24.2; 100 butterfly, Crossler (D), 1:02.9; 200 free, Denny Smith (D), 2:13.8; 100 backstroke, Yuvan (SR), 1:08.1; 100 breast, P. Redwood Mermen Set New Marks, But Lose

Redwood High School's swimmers collected the individual records but Tamalpais High picked up the team honors yesterday in their big Marin Athletic League meet at Tam's pool.

Undaunted by pool record performances by Giants Dick Chambers and Ken Frost, the Tamites splashed to a 53-38 team victory to remain unbeaten in league dual competition. Pacing the Indians was Rick Snow with victories in the individual medley and the 100 butterfly.

Chambers, also a double winner, set a pool record in the 200 freestyle in 2 minutes, 1.9 seconds. He was pushed to the new mark by Tam sophomore Jack Martin. Chambers also won the 400 free.

Frost negotiated the 100 breaststroke in 1:06.8 to break his own record for the Tam pool.

Tam also won Class B easily, 65-19. Duncan Green, a freshman, set a school record of 1:10.6 in the 100 back and Greg Cory won the 50 butterfly and the individual medley.

Varsity first places: 400 free, Chambers (R), 4:25.6; 50 free, DePrado (T), 25.6; 100 butterfly, Snow (T), 1:01.6; 200 free, Chambers (R), 2:01.9 (new pool record; old record, Snow, Tam, 2:03.2); 100 back, McCreary (T), 1:04.8; 100 free, Mosher (T), 56.0; 100 breast, Frost (R), 1:06.8 (new pool record; old record 1:07.2, Frost, Redwood); 200 Individual Medley, Snow (T), 2:32.4; 200 Medley Relay, Redwood (Vogel, Frost, Foster, Herst), 1:54.1; 200 Free Relay, Tam (Mosher, Stewart, Martin, Potts), 1:42.4; Diving, Reels (T), 120.20 points.

Reds' Rout Of Loes Doesn't Worry Dark—'He'll Do Okay'

Manager Alvin Dark of the San Francisco Giants is sticking with Billy Loes even if his right-hander was stuck in turn last night by a solid lacing at the hands of Cincinnati.

"Loes pitched all right," Dark said after the Reds climbed back to the top of the National League by downing the Giants 9-1. "Some balls fell in for hits that might have been outs. I thought he threw well."

Jack Sanford was slated to pitch for San Francisco today against Jay Hook of the Reds with each right-hander looking for his first decision of the year.

There was to be one switch in the San Francisco lineup. Dark said that he will give shortstop Ed Bressoud a rest and send Jose Pagan in the position.

LOES SHELLED

Loes, now 1-1 on the season, was belted for six hits and six runs, all earned, during the two innings he worked. He actually toiled into the third frame but was hoisted after giving up three straight hits and a score.

Then Gordon Coleman, the first man to be faced by reliefer Ed Fisher, belted his second pitch over the right field barrier for a three-run homer. A two base error by Orland Cepeda in the same garden kept the rally going for two more runs — both unearned — before the side was retired.

Thus armed with a total of nine runs in three frames, Bob Purkey cruised to his second win of the year. He has gone the distance in each case.

The astute sinker-ball artist limited the Giants to six hits, the big one being Willie Mays' second home run of the season. This blast came in the seventh when Purkey was working on a two-hitter.

Before the inning was over, Purkey had loaded the bags with three straight walks—the only ones he surrendered all night — but then retired the side on pinch-hitter Jim Marshall's bouncer.

Cepeda singled and Charlie Hiller doubled in the last frame but neither hit did any damage.

Tam Sluggers Clout Giants; Adams, Kreuter, Perlis Star

Indians Launch Marin League On 10-Hit Attack

Coach Ray Bell's Tamalpais Indians wore their hitting flannels to wind-blown Albert Field in San Rafael yesterday and proceeded to crush the Redwood Giants 12-4 behind a 10-hit outburst that featured four extra-base blows.

Pitcher Russ Adams with a triple and double and Norm Kreuter and Dave Perlis with doubles led the assault on two Redwood pitchers. Perlis' two-run double highlighted a four-run third inning that put the Indians beyond reach of the Giants.

JORDAN CONNECTS

Redwood, held to four hits by Adams and relief hurler Fred Mack, was paced by third sacker Rocky Jordan who had a productive day at the plate with a pair of doubles and two runs-batted-in.

Adams was the winning pitcher and Rich Brear, who started for Redwood, the loser.

Tam centerfielder Chip Collins had a busy day. He collected two hits in three official trips to the plate, scored four runs, and on defense came up with three great catches that crippled Redwood rallies.

Drake Track Team Defeats Marin 'Cats

Sprinter Harry Sullivan and field man Lou Galetti each won two first places yesterday to lead Drake High's varsity track and field team to a 61-52 victory over Marin Catholic in the makeup of a Marin League dual meet postponed from earlier in the season.

Sullivan won the 100 in 10.6 seconds and the 220 at 23.1 while Galetti was winning the high jump at 5-10 and the pole vault at 10 feet even.

Marin Catholic's Rich Ongaro, a constant double winner in the hurdles, scored his usual victories again for the Wildcats with a 16 seconds clocking in the 120 yard high hurdles and 21.7 over the 180-yard low barriers.

Drake also won the lighter divisions, 82-30 in Class B and 50-27 in Class C.

Fred Krug won the 75 and 150-yard sprints to lead Drake's Bs while Pete Metz in the 75 and 150 and Tom Farber in the high jump (5-4) and pole vault (9-6) led the Class C victory.

Varsity first places: 120 H.H., Ongaro (MC), 16.0; 100, Sullivan (D), 10.6; 440, Kruger (MC), 54.7; 880, Miller (D), 2:12.9; 180 L.H., Ongaro (MC), 21.7; 220, Sullivan (D), 23.1; mile, Ketron (D), 5:10.6; 880 Relay, Marin Catholic, 1:40.0; High Jump, Galetti (D), 5-10; Broad Jump, Kain (D), 19-6; Shot, Holliday (MC), 42-2; Discus, Powell (D), 120-10; Pole Vault, Galetti (D), 10-0.

NOVATO'S HALE BLANKS MARIN, 3-0

Novato High's Larry Hale turned in the Marin Athletic League's finest pitching performance yesterday in goose-egging the Marin Catholic Wildcats 3-0 at Marin's diamond in Greenbrae. Hale, who gave up three hits, struck out 13 Wildcats while walking only one. He was nicked for a double by Frank Ubhaus and singles by Joe Hebel and Chris Ahern.

Novato got the only run it was to need on Joe Colfer's first inning home run, but the Hornets tacked on insurance tallies in the fourth when Bob Remley squeezed home Colfer and in the seventh when a bases-loaded wild pitch scored Karl Hale from third.

Marin's Bill Finn was the losing pitcher. He allowed only three hits, struck out eight, but walked five.

Novato's only hitters besides Colfer were Lu Haas with a double and Bob Overmyer. Haas unloaded several long drives, but all of them curved foul.

Mauch Feels Bucs To Be Champs Also Has Good Word For Giants

HANLEY

Gene Mauch still thinks the world champion Pirates will repeat this year. Why? Because they don't make mistakes and when they get a man on base they move him around.

"That's a pretty good combination," said the young manager of the young Phillies. "An offense and a defense always was."

Mauch picked the Pirates during the spring and following Philadelphia's first 1961 outing against the Dodgers and Giants he saw no reason to change his pick.

"But don't misunderstand me," Mauch said. "It's no shoo-in for Pittsburgh. There has been no such thing as a shoo-in in our league in recent years.

"Los Angeles has the arms and legs—the pitchers and runners with lots of speed. Is LA's pitching better than ours? Well, we have a couple of fine young right handers in Art Mahaffey and Dallas Green but you couldn't say they have the experience of Johnny Podres and Roger Craig. Robin Roberts? There's only one Robby and, of course, there is only one Don Drysdale."

Beyond that, Mauch declined to draw the parallel on Philadelphia and Los Angeles pitching. The Dodger mound staff was awarded all pre-season and early season honors. Philadelphia's generally overlooked.

ROBERTS, Mahaffey, Green, John Buzhardt, Chris Short and Frank Sullivan (acquired from Boston in that winter swap for Gene Conley who had words with Mauch) will not get the same kind of offensive hitting support the Dodger throwers will this season. But they are going to win their share of games on their own, and with Dick Farrell saving a dozen or more.

Does Mauch think the Giants have a serious shot at the 1961 pennant?

"Of course they have a shot at it," he said. "Any team with a superman like Willie Mays always is, in contention particularly when there are a couple of budding supermen flanking him (Felipe Alou and Orlando Cepeda).

"AND THERE still is another potential superman in that first baseman (Willie McCovey), and your third baseman (Harvey Kuenn) definitely knows how to handle a bat.

"With that kind of bat power in the lineup you have to put the Giants in contention. Al Dark will see that they are."

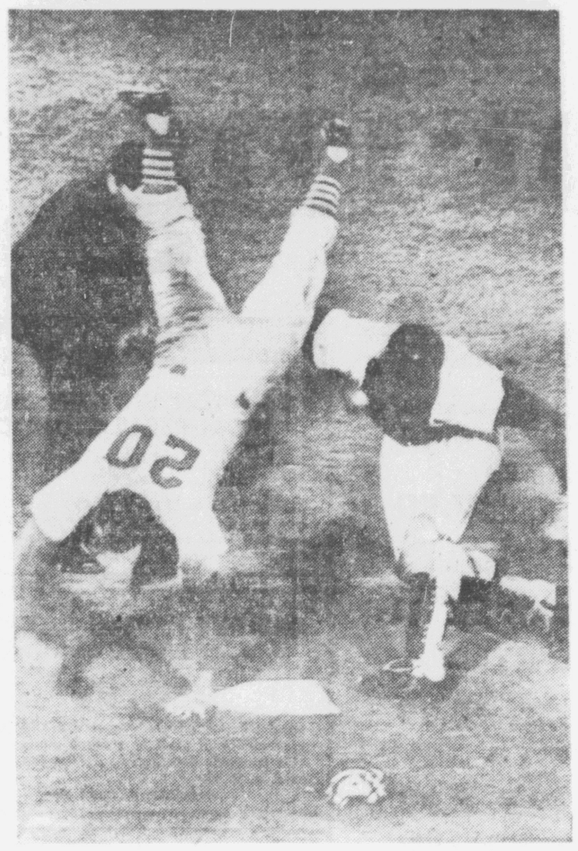
As far as his own team is concerned, Mauch readily acknowledges Philadelphia is building for the future. He does not intend to push Tony Curry and John Callison too fast.

"I COULD PLAY Curry and Callison every game, sending them against the like of Mike McCormick, Johnny Podres and all the other southpaws. But I want them to get more experience and confidence. And they are getting it."

In mid-season last year, Mauch added another rookie to his youthful outfit—Tony Gonzalez. The Phils traded Harry Anderson, Wally Post and first baseman Fred Hopke to Cincinnati for Gonzalez and Lee Walls.

Gonzalez broke in with a flourish for the Reds in 1960. He was hitting around .380 and getting talked about. Then the veteran moundsmen went to work on him and his average skidded to .270.

THAT GONZALEZ is getting his confidence back under Mauch was demonstrated forcefully by the Cuban when he belted the only homer ever hit by a southpaw swinger over Candlestick Park's left field barrier—a two-run blast that gave Juan Marichal his first loss of 1961.



GYMNASTICS IN COLISEUM

St. Louis Cardinals' Daryl Spencer cartwheels across home plate after colliding with Los Angeles catcher John Roseboro in the L.A. Coliseum last night. Spencer was trying to score from third on infield grounder, but was tagged out in a collision at the plate. Dodgers won, 5-4. (AP Wirephoto)

Bait-Stealing Undersized Bass Ruffle Tempers Of Angling Army

STEVENS

History does repeat itself, doesn't it? Not many months ago there was ranting and raving and gnashing of teeth by striper-strivers because of bait-stealing undersized bass. From three contacts I made Sunday the lamentations were the same.

In spite of a high degree of optimism on the part of a few over-anxious hombres, the fishing up until 1 p.m. Sunday was not good. Oh, sure certain spots did yield fairish angling, but the overall picture was not bright.

I spoke to Harold Dowrelio at Crockett Harbor. Most of the all-day boats were still fishing, but the half-day boat, Dowrelio No. 5, had come in with one legal fish (bass) and a few flounders. An unverified report of another half-day boat from the Rodeo Marina, the Two Dares, also unloaded its passengers and had one legal bass.

JOE JOSEPH of Joseph's Rodeo Harbor told me many of his skiffs had fished well downstream in the morning. When the wind sprang up around 1 p.m. they started coming back to port—sans fish. However, Joe did say that until the weekend the lads who go in for sinkerless trolling on the Flats off Hercules had had a field day with fish running to 14 pounds and many, many limits. It was N.G. Sunday. Oddly, the run of trolling fish recently happened on the outgoing tides, although in other areas the best bets were on the last hour of the flood and the first hour of the ebb.

FROM JOE'S Launching at Santa Venetia I learned that Saturday was quite good as far as quantity was concerned, but the quality was not so good. Mostly fish from 16 to 18 inches were brought in. An estimated 150 fish were unloaded at Joe's Launching on Saturday with fewer on Sunday, and still running small. Like most harbors, the small boats were being blown in at Joe's place.

I spoke to Ida Andronico at Frank's Resort on Bethel Island and learned that while last week saw more fish than the previous weeks, it was still spotty fishing for stripers—in the Tract and also in the rivers. Catfishing held its own with many limits taken through the week and a slight slowdown on Saturday and Sunday. A fairish number of black bass came in and that's good news.

I TRIED hard to get an idea of salmon trolling outside the Golden Gate but as is usual on Saturday and Sunday, the air was filled with a half dozen skippers all talking at the same time. Some were racing their boats, some were opening the commercial season and some were just talking for the sake of talking. I did hear one boat, the Sea Sport, announce that it already had 11 nice fish in the box at a bit past noon. On Saturday, the top boat out of the Berkeley Harbor unloaded 17 sizeable salmon, but no boats had come in by the time I started writing this column Sunday.

THIS WEEK'S tip: When all around you fellow anglers are hauling in and releasing undersized fish, try make a long cast to drop your baits BEYOND the circle of the babies. Sometimes it pays off. Big fish frequently hang around on the edges of the schools of babies.

Paul E. Taylor of 140 Woodbrine Drive, Mill Valley, was awarded the Mill Valley Golf Club Vice President's Day trophy Sunday after he completed the 18th hole one up in net total over William A. Canham of 78 Locust Avenue, Mill Valley, and Frank Lyman of 49 Corte Lenosa, Greenbrae.

Club vice president Keeler Nash of 43 Mable Avenue, Mill Valley, presented the trophy to Taylor who shot a 39-39—78, giving him a 56 net with his 22 stroke handicap. Sharing runnerup spots were Canham, who shot 74 and Lyman who finished with 76. Each tallied a 57 net.

Next Sunday at the Mill Valley Golf Club, the Ladder Tournament will get underway and continue through the summer, it was announced.

AAU Cage Tour Of Russia Postponed

NEW YORK (AP) — Stopped before they could score a point, two talent-laden AAU basketball teams scheduled to leave for a three-week exhibition tour of Russia awaited word today on prospects for making the postponed trip.

The 31-member group, headed by two-time All-America Jerry Lucas of Ohio, was notified yesterday two hours before departing for the Soviet Union that the tour had been postponed indefinitely due to the outbreak of anti-American disturbances in Moscow.

Dan Ferris of the Amateur Athletic Union said he had been advised by the State Department "that the USSR basketball federation had requested a delay of a few days" because of the disturbances.

Huntzinger-Petersen Win Mixed Doubles

Winners of the weekend doubles bisque tennis tournament at the Southern Marin Recreation Center were Paul Huntzinger and Tina Petersen. They defeated Tom Price and Mrs. Phyllis Knapp, 6-0 and 6-4.

Following the tournament the tennis committee held a meeting to discuss the junior tennis summer program, followed by a party for committee members and their families.

BIG LEAGUE ROUNDUP

Dodgers' Hustle-Muscle Combination Nips Cards

By U.P. INTERNATIONAL

Manager Walt Alston is discovering that his Los Angeles Dodgers have plenty of muscle to go with their hustle.

Lack of long ball strength was the weakness that Alston feared would be the Dodgers' No. 1 problem this season, but the evidence of the first week of the National League campaign is that Los Angeles has surprising punch to go with its speed and pitching. In eight games they've hit a total of 11 homers and they've been distributed liberally throughout the lineup.

The Dodgers won a battle of homers last night when they downed the St. Louis Cardinals, 5-4, and enabled the Cincinnati Reds to take over first place via their 9-1 shellacking of the San Francisco Giants. The Pittsburgh Pirates beat the Chicago Cubs, 5-3, and the Minnesota Twins topped the Boston Red Sox, 3-2, for their fifth win in six games in the only other major league action.

Frank Howard smashed a two-run homer and Johnny Roseboro and Wally Moon also homered to account for four of the Dodgers' five runs. The blows offset somewhat shakey Los Angeles pitching in addition to two homers by St. Louis' Ken Boyer.

CRAIG HELPED

Roger Craig received credit for the Dodgers' fourth victory in eight games although he was followed to the mound by rookies Jim Golden and Ron Perranoski. Perranoski took over in the eighth inning and protected the one-run margin through the last two frames.

Vinegar Bend Mizell, aided by Elroy Face's two innings of shutout relief, picked up his first win of the season for the Pirates. Dick Stuart tripled home a 2-2 tie-breaking run in the fifth inning and singled home the run that snapped a 3-3 tie in the seventh to lead the world champions' 12-hit attack. Stuart, Dick Groat, Roberto Clemente and Bill Virdon each had two hits for the Pirates and Ron Santo had two for the Cubs.

Left-handers Jim Kaat and Bill Pleis pitched a three-hitter and Jim Lemon hit his first homer of the campaign for the Twins who now lead the American League by one game. Kaat had a one-hitter until the eighth when he faltered and Pleis went in to hold the Red Sox hitless over the last 1⅔ innings. Lenny Green went 4-for-4 for the Twins.

SIMPLE, GOOD TASTING meatless low-calorie recipes are always a welcome addition to menu planning. And this is especially true if there is a weight watcher in the family. Shrimp, a low calorie seafood is sauced and seasoned with rosemary and served in patty shells.

Low Cost, Calorie Luncheon

Simple, good tasting meatless low-calorie recipes are always a welcome addition to menu planning. And, this is especially true if there is a weight watcher in the family. Modern nonfat dry milk is rapidly becoming the basic ingredient for many recipes of the lowered calorie variety. The formula consists of combining foods of low calorie content and the selection of the proper seasoning for contrast.

Nonfat dry milk is ideal for cookery since the packaged product is homogenized-smooth. It is highly nutritious, too, for it has all the important elements of top-quality pasteurized milk, with only the water and fat removed. Its use in recipes is aptly illustrated by this recipe. Shrimp, a low calorie seafood is sauced and seasoned with rosemary and served in patty shells. Preparation is simplicity itself. The cost is low and flavor highly acceptable. Here is the recipe:

SEAFOOD SAUCE

(Makes six ⅔-cup servings)

- ⅓ cup butter
- ½ cup flour
- 1 teaspoon salt
- ⅛ teaspoon pepper
- ⅛ to ¼ teaspoon rosemary
- 2½ cups liquefied non-fat dry milk
- 2 cups (two 5-oz. cans) cooked small shrimp

Melt butter in a medium-size saucepan over low heat. Blend in flour and seasonings. Gradually stir in liquefied nonfat dry milk. Cook over medium heat, stirring constantly, until sauce is smooth and thickened. Add cooked shrimp. Cover and simmer for 15 minutes, stirring occasionally. Serve in patty shells or on toast.

Peanut Soup Now Sweeping Country

Webster defines "gastronomy" as the art of good eating. How is your gastronomic rating, and is it up to date? For example there's a dish that's new, hot and sweeping the country. Thousands have heard of it. Other thousands have not yet had the word, perhaps because the news has been getting around through odd channels. Praise crops up in columns whose writers have ridden Southern railroads, or on the food pages of the few editors who have discovered the new treat on jaunts to various well-fed areas.

We're talking about Peanut Soup, made with peanut butter, naturally, since few would care to start by grinding up peanuts. The consensus is if you like peanuts you'll love peanut butter soup. Even adventurous souls, however, may take the first sip timorously. But one taste and the taster wants a second, and many many more.

The first recipes to reach public print were usually complicated quantity ones, begged from dining car chefs or keepers of fine inns. They instruct in such procedures as working up several large jars of peanut butter into a "light roux" and making quarts of veal stock by simmering veal shin bones over a low fire for several hours. In the midst of all this to-do the test kitchens of the world's largest selling peanut butter set about working out a couple of simple, family-size recipes for this new adventure in good eating, and here they are:

PEANUT BUTTER BOUILLON SOUP

- 3 cups boiling water
- 2 chicken or beef bouillon cubes
- ½ cup creamy peanut butter
- ¼ cup milk or cream

Add boiling water to bouillon cubes. Stir occasionally until dissolved. In a medium-sized saucepan stir about ½ cup bouillon into peanut butter until smooth and well blended. Gradually blend in remaining bouillon. Bring just to boil over medium heat, stirring occasionally. Reduce heat and simmer 20 minutes, stirring frequently. Add milk or cream and reheat. Makes 4-6 servings (about 3 cups.)

MONTEREY PEANUT BUTTER SOUP

- ¾ cup (1 6-oz. jar) creamy peanut butter
- 3 cups milk
- Dash cayenne, Tabasco, chili powder, Worcestershire sauce or Angostura bitters

In a medium saucepan over low heat slowly and add milk to peanut butter and blend well. Keep over low heat until warm and ready to serve. Serve seasonings (for personal choice) along with soup. Makes 4 servings.

TWO RECIPES for flavorful Peanut Butter Soup are given today. Some people may prefer the one with a meat or chicken bouillon base, others may like to make this excellent soup with milk alone, blended with creamy peanut butter. In either case crunchy croutons, lightly sauteed in a little margarine or butter, lend an extra touch of glamour when desired.

Whip To Fluff

Ever top thawed frozen raspberries with cream cheese whipped to a fluff with a little milk or cream?

The Divinity Fudge Makes A Comeback!

Now that the 1920s have inspired this spring's dress styles, how about reviving the candy that the flapper era ushered into home kitchens?

Divinity! While flappers were learning to do the Charleston, their mothers were probably learning how to beat up a batch of this luscious fudge. According to our culinary sleuthing, recipes for Divinity Fudge didn't begin to appear in our cook books until after World War I.

Probably the offspring of age-old nougat candy, our guess is that Divinity was sold in candy shops before home cooks ferreted out the secrets of its making. By 1929 Divinity was in its heyday, and was known also as "fluff" or "feather" candy.

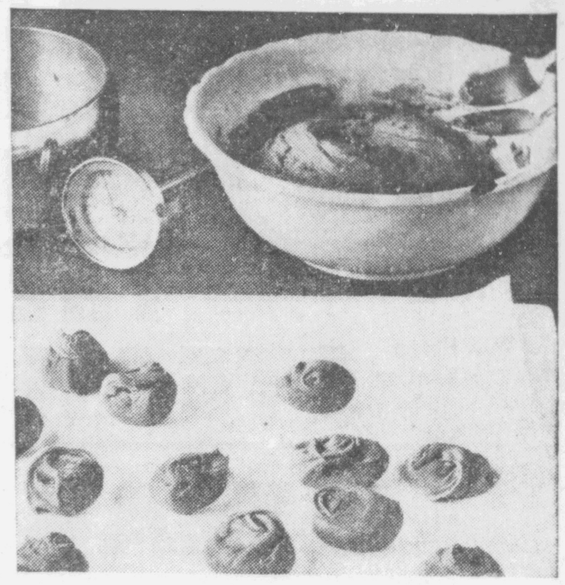
A 1929 candy cook book gives five ways to vary the original vanilla-flavored Divinity: Rose Mint (colored pink and flavored with wintergreen); Pineapple (chopped candied pineapple added); Sea-foam (made with light brown sugar); Brown Sugar (made with dark brown sugar); and Chocolate.

The first home recipes for Divinity took long, long beating because a one-temperature method of boiling the syrup to be beaten into the egg whites was used. We find that the two-temperature method given in the following recipe cuts down greatly on beating time.

CHOCOLATE DIVINITY

- 2½ cups sugar
- ½ cup light corn syrup
- ½ cup water
- ¼ teaspoon salt
- 2 egg whites
- 2 squares (2 ounces) unsweetened chocolate
- 1 teaspoon vanilla
- 1 cup coarsely chopped walnuts or pecans (if desired)

In a medium-sized saucepan (about 2 quarts) mix together the sugar, corn syrup, water and salt. Cook over medium heat, stirring constantly, until mixture comes to a boil. Reduce heat; cook without stirring to 248 degrees (on a candy thermometer) or until 1 teaspoon of the syrup dropped into 1 cup ice-cold water forms a firm ball that does not flatten. Just before syrup reaches 248 degrees, beat egg whites until stiff but not dry. Pour about ½ of the syrup very slowly over the beaten egg whites, beating constantly until blended. Meanwhile cook the remainder of the syrup to 272 degrees or until 1 teaspoon dropped into 1 cup ice-cold water separates into threads that are hard but not brittle. Add syrup, about 1 tablespoon at a time, to the first mixture, beating well after each addition and using either a wooden spoon or an electric mixer. If mixture becomes too thick for mixer, continue beating with a wooden spoon. Continue beating 5 minutes after last addition of syrup. Add melted chocolate and vanilla. Beat until mixture begins to lose its gloss and holds its shape when dropped from a spoon — about 5 minutes more. If nuts are used, mix them in at the end of this beating period. Drop by teaspoonfuls onto waxed paper. Makes about 1¼ pounds. SNOWY DIVINITY: Omit chocolate; after last addition of syrup, continue beating until mixture holds shape.



DIVINITY FUDGE had its heyday in the 1920's but candy fanciers still go wild over this sweet.

Baker-Marvin Rites Held In Mill Valley

Mill Valley's Episcopal Church of Our Saviour was the setting for the marriage Sunday, April 16, of Judith Marvin to Frederick Arnold Baker Jr.

For the 2:30 p.m. nuptial rites the altar was decorated with white gladioli and pale yellow and white carnations, and pews were marked with white carnations.

Rev. D. Murray Hammond and his father, Rev. S. R. Hammond, officiated at the double ring ceremony attended by about 100 guests.

When Judy was given in marriage by her father, Donald Edward Marvin of Mill Valley, she was wearing a floor length white peau de soie gown with straight front and back falling into a chapel train. The fitted bodice of re-embroidered lace had short sleeves, and she wore long white kid gloves.

Her bouffant shoulder length veil was held by a circlet of white baby rosebuds, which also formed her bouquet together with white ribbons tied in love knots.

Maid of honor was Melinda Martin of Vancouver, B.C., and bridesmaids were the bridegroom's sister, Mrs. James Souvulewski of Fairfax, Victoria Wilder of Mill Valley, and Mrs. Robert Bell of Kentfield.

They were gowned identically in shirtwaist styled frocks of cafe au lait organza fashioned with V necklines having large collars and waistlines accented with gold kid belts. On their hair they wore circlets of baby yellow rosebuds, and the same flowers with yellow carnations and talisman colored ribbons formed their bouquets.

Serving the bridegroom, who is the son of Col. and Mrs. Frederick A. Baker of Clearfield, Utah, as best man was Peter Siewert of Berkeley, and ushers were the bride's brother, Donald E. Marvin Jr. of Mill Valley, Ensign Stephen W. Barber, stationed on the USS Noble, Charles Siegler of San Francisco and Robert Hamilton of Modesto, who also handled all the flower arrangements.

For the reception in the home of the bride's parents the fireplace was filled with Japanese maple leaves and flanked by gold capped white corinthian columns. A huge urn of lilacs stood on a white marble table and between the foyer and living room were two French antique gold cherubs—once owned by the famed French artist Toulouse Lautrec — holding garlands of white lilacs and carnations.

The three tiered wedding cake was encircled at the base with gardenias and decorated on top with lilies of the valley.

The bride's mother attended the wedding and greeted guests wearing a suit of tan gabardine and white lace with matching picture hat and corsage of white cymbidium orchids. The mother of the bridegroom was unable to be present because of illness.

Among those present were the bride's grandmother, Mrs. Leo Joseph Connor of San Diego and Sonya Nokowiak of San Francisco, a longtime family friend and noted photographer who took the wedding pictures as her gift to the young couple.

When the bride left for her honeymoon, she was wearing a tweed suit and sport car cap suitable for their motor trip to an undisclosed destination.

On their return they will live in Mill Valley.

The new Mrs. Baker was graduated from Tamalpais High School and is a senior at University of California.

Her husband attended Sir Francis Drake High School and was graduated from the Kaiserslautern School in Weisbaden, Germany. He is a graduate of the College of Marin and is now attending San Francisco State College.

State Consumer Counsel Speaker At Women Voters Annual Meet

"Mill Valley to me is a way of life, and we may have to make an effort to preserve it."

This was the opening statement made by state Consumer Counsel Helen Ewing Nelson of Mill Valley in her talk on "Our Role as Consumers" at Wednesday's annual meeting in the golf clubhouse.

To preserve our way of life, she said, we must become aware of our role as consumers, make long range plans for the spending of family income and take an active interest in how public income from taxes is used.

"The way we make a way of life in an industrial society," she declared, "is to take a pay check and spend it in ways that will contribute to that way of life."

To illustrate the long range view she cited the example that a young wife whose husband earns a "relatively modest $6,000 a year will probably have $240,000, or a quarter of a million dollars, to handle in a 40 year period."

In such a case she points out that one per cent difference in interest rate on their home mortgage could mean ability to send one child to college and that planning wisely for the purchase of the 10 to 15 cars the family will eventually have can mean having other things that will enhance their way of life.

Mrs. Nelson said that since citizens as individuals have no way of knowing such things as whether certain drugs are safe or whether weights and measure of products are as claimed, they must rely on government for this control by legislation.

In explaining that a new national food and drug act covering poisonous substances not in existence at the time of the 1927 law is scheduled to go into effect in August, she asserted that California does not have such a law.

This means that there is no control over any of these substances, including cosmetics, made and sold in the state. It is hoped such a law can be passed during the present session of the legislature, she said.

As for expenditure of public monies, Mrs. Nelson said government must hire specialists to make necessary investigations but that it needs to be determined which level of government can handle this best taxes should be apportioned among the levels so as to get the most for the money, she maintained.

It is here, the speaker recommended, that the League of Women Voter units can be helpful by studying the problems as local current agendas.

At the conclusion of her talk Mrs. Nelson answered questions from the audience of some 65 league members and guests.

During the morning business session conducted by acting president Mrs. Melvin Marlowe a staff of officers headed by Mrs. J. P. Oliver was elected.

Others chosen were Mesdames James Heassler, first vice president; Hugh Rodman, second vice president; John Broman, treasurer; Arthur Sestak, secretary; H. W. Dawson, W. J. Sheehan, Donald Robinson, J. W. Good, Peter Buri and M. K. Rubinstein, board of directors.

Named as the nominating committee for next year were Mesdames Charles Kelly, J. I. Blayney and L. M. Wahlquist.

Local current agendas adopted were (1) A study of Bay Area problems and their possible governmental solutions, and (2) Evaluation of the Mill Valley and Belvedere-Tiburon Master plans.

Marin Delta Zetas Will Elect Officers

Delta Zeta Marin County alumnae will elect and install officers for the 1961-1962 year at their meeting tomorrow at 7:30 p.m. in the Greenbrae home of Mrs. Frank Brown.

Co-hostess of the quarterly business meeting will be Mrs. Gordon Johnson of Fairfax. An informal installation ceremony will follow the election, according to outgoing president Mrs. Robert Tanem of San Rafael.

The nominating committee, headed by former chapter president Mrs. James Smith of Terra Linda, will present the following slate of officers: president, Mrs. Thomas Coates of Corte Madera, current membership chairman; vice president, Mrs. John D. Cavanah, also of Corte Madera; treasurer, Mrs. R. E. Munter of San Rafael, now serving in that position; secretary, Mrs. Robert McKenzie of Novato; and chapter editor, Mrs. Frank Gloistein of San Anselmo.

A program of "Know Your Delta Zeta" is scheduled following the installation, with Mrs. Guy Gale of Sleepy Hollow and Mrs. William Blair of Fairfax leading the discussion. Mrs. Gale is a former national sorority president and currently is chairman of the national committee on Loans and Scholarships. Mrs. Blair is collegiate province director for five undergraduate chapters in Northern California, Nevada and Hawaii.

Members will vote on an executive board recommendation that an annual donation be made to the national Elizabeth Coulter Stephenson Scholarship fund at this time. The fund is for the use of college chapter Delta Zetas and is administered by a committee of trustees, which include Mrs. Gale.

A report on the activities of the alumnae chapter's college chapter, Zeta Iota at Humboldt State College in Arcata, will be given by Mrs. Tanem, who will also review for the members the alumnae events for the year and proposals of the executive board for the coming year's activities.

Transportation may be arranged by contacting Mrs. Coates, 22 Flying Cloud Course, Corte Madera, prior to the meeting.

Mrs. Goldbaum is the retiring president. At left is Mrs. Kenneth Dunn, scholarship and honorary life membership chairman for the Council.

Girl Scout Day Camp Registrations

Friday, April 21, Brownie and Intermediate Girl Scout Day Camp registrations will be received at the following three locations, staffed by members of the day camp committee from 10 a.m. to 2 p.m.:

Scout Hall, 177 East Blithedale, Mill Valley.

Scout Hall, 739 "A" Street, San Rafael.

St. Francis Episcopal Church, 5th and Grant, Novato.

All Brownie and Intermediate Girl Scouts attending any day camp must register through their own troop, with the troop outdoor chairman making the troop registration at the above locations. No individual registrations will be accepted.

The six day camp sessions offered to Marin Girl Scouts will be held at Paradise Park, Sky Oaks, Arequipa and Stafford Dam, each to run for a two-week period, starting July 17 through Aug. 25. All day camp staff is volunteer, with one adult registered for each six girls attending a session. Training will be given to all adults. A nursery will be available for the younger children of the volunteer staff.

According to day camp committee chairman, Mrs. Barnard Huse of Terra Linda, waiting list registration for all camp sessions will be open to any girl (8 through 14 years of age) after May 1.

Staffing the registration places will be day camp committee members: Mesdames Kenneth Browne of San Rafael; Guy Cole of Tiburon; Paul Gray Jr., of Corte Madera; Jerry T. Hutton of Marinwood; Frank Klarkowski of Santa Venetia and Bob Wakeman of Novato.

St. Mary's Chapter To Hear Of Rhodesia

Mrs. Edith Hoffmann of Fairfax, who lived almost a year in Northern and Southern Rhodesia, visiting relatives and friends, will tell of her varied experiences there to the members and friends of St. Mary's Chapter of St. John's Episcopal Church, Ross, on Tuesday, April 25, at 11 a.m. in the Parish Hall.

Mrs. Hofmann will illustrate the account of her sojourn to the African reserves, to Victoria Falls and to the border of the Belgian Congo, and exhibit souvenirs. She says that Rhodesia is really quite a high plateau, and the climate is similar to Marin's.

All interested persons are invited to hear Mrs. Hofmann.

Greenbrae Woman Wins Bridge Tourney

Mrs. Resi Baerwald of Greenbrae paired with Ernest Rovere of San Francisco to win the "winners game" bridge tournament sponsored by the Marin Unit of American Contract Bridge League Sunday at Rickey's in Ignacio.

Hazel Strittmatter and Ludovica Bigelow of Belvedere came in fifth place. Bridge players from Vallejo and Santa Rosa copped the second, third and fourth places.

THE DENNY DEHNERTS of Greenbrae were among the recent visitors at the Art Show being held during the month of April at the Flamingo Hotel, Santa Rosa. They are standing before a portrait of their daughter, Naomi, by Mill Valley artist Marcella Winer.

Ross Valley Council Holds Installation

The annual meeting of Ross Valley Council, California Congress of Parents and Teachers, was held recently at the First Baptist Church in San Anselmo.

Mrs. Sam Goldbaum, president, presided at the meeting. Mrs. Malcolm Finley, president of Fourteenth District, CCPT, led the Pledge of Allegiance which was followed by a moment of silence in memory of Lt. Col. Sam Goldbaum.

Reverend Jerald Traeger of the host church brought greetings and a word of welcome to the assembly.

Legislation, convention and the 14th District Workshop reports were given by Mrs. Robin Galloway. Word has been received that the National Congress of Parents and Teachers has become interested in the legislation for the Point Reyes National Seashore Area and a representative attended the recent hearings in Washington, D.C. The California Congress Convention will be held in Los Angeles, May 3, 4 and 5 with at least 10 delegates attending from the Ross Valley area. Fourteenth District will conduct a workshop day including a general session in the First Presbyterian Church in Santa Rosa on May 18. This is for the training of all officers and chairmen in the district and is an important part of parent-teacher work.

Scholarship and honorary life membership chairman, Mrs. Kenneth Dunn, reported that P-TA gave six young people college scholarships this year through the Marin County P-TA Scholarship Committee. Also the 17 units in Ross Valley Council plus the council itself, gave a total of 23 honorary life memberships this year honoring citizens in the community thus contributing $575 to the California Congress Scholarship and Student Loan Fund.

The annual membership report was given by Mrs. John Rechtfertig indicating a fine increase in membership. Mrs. Harry Schriebman, historian, outlined the accomplishments for the year.

Installation of officers took place and Mrs. Dunn called the following officers to take their places: president, Mrs. H. B. Hennessy; vice president, Mrs. H. James Compton; secretary, Mrs. Harold Sharrow; treasurer, Mrs. Douglas Pease; financial secretary, Mrs. John D. Conkle; auditor, Mrs. Merle Monson; parliamentarian, Mrs. Sam Goldbaum.

Luncheon was served by the Women's Guild of the First Baptist Church. Highlight of the luncheon hour was the presentation of an Honorary Life Membership to Robert Prather, recognizing his lifetime of devotion to children and youth. Currently serving as the co-ordinator of student welfare for the Tamalpais Union High School District, Prather has become a part of the community wherever he has lived taking an active part in the church, recreation and youth groups.

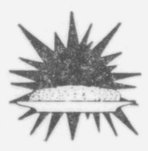
FUN WITH FOOD AND HELPFUL HINTS



"Cooking with cookies" is a pleasant adventure. *There's Banana Pudding, for instance, made with NABISCO'S new Vanilla Wafers.* The recipe is on every box of these delicious wafers, and I know you will enjoy it. So useful for crumb-crusts and puddings, Vanilla Wafers are wonderful eating; they are even thinner, crisper, more golden-brown in color now, with a home-kitchen taste, delightful with fruit or ice cream.

A new convenience for busy young mothers are GERBER Baby Pants, in bright boxes, now on the GERBER racks in markets. Made of soft, waterproof plastic, sanitary and boilable, they have soft, nylon-finished edges, with plenty of "growing room." They come in three age-sizes including 18 months; the label will tell you exactly which size your baby needs.

If you use olives for cooking as well as for nibbling delight, now's the time to stock up; big, pitted OBERTI Ripe Olives are a real economy buy. They are tempting with a gay tidbit filling, and so good in salads and casseroles. (Cream of Chicken Soup tastes like a party when you float dark and handsome OBERTI Ripe Olives, sliced, on each cup.)

Bridal showers, bon voyage parties, birthdays, class parties—April's the month for them! **Also for blessing REYNOLDS Wrap Aluminum Foil;** canapes, sandwiches, so many things, can be prepared 'way in advance, kept fresh under REYNOLDS Wrap. Those to be toasted go right under the broiler on the foil, then served hot, on the silvery foil.

★ **Minced onion confers sparkle and taste to cream sauce.**

Clams may be silent in the sea, but put them into miniature tart shells and they'll start conversation flowing! SNOW'S savory Minced Clams are delicious this way. Drain 3 tins and mix with 2 packages soft cream cheese. Season with garlic, lemon juice, Worcestershire Sauce and cayenne, fill tiny baked pastry shells and heat well. Serve at once—fancy finger food!

Good menu ideas come easily when you start with WHITE STAR Tuna, with its choice, delicate flavor. Try these Luncheon Puffs: Combine 1½ cups crumbs with 1 tin WHITE STAR, 1 can cream of mushroom soup, ½ teaspoon basil, salt, pepper and 1 beaten egg. Shape lightly around cheese cubes and saute in hot fat until brown and crusty.

Table scraps are no better for a dog's digestion than they would be for humans'. HOLSUM Dog Food is a source of fine nutrition and eating enjoyment, too, for all breeds of dogs . . . fresh meat, fish, ground bone, vegetables, cereal . . . a ready-to-use main dish for a pet, which includes added vitamins and minerals for glossy fur and doggy well-being.

Nobody loves a wash-day, but a good bleach makes a big difference, doesn't it? **SANI-CLOR is a safe bleach which removes stains and grime without tearing down fabric threads;** it can be used on nylon, dacron, orlon, even rayon, just as on colorfast and white linens and cottons. And SANI-CLOR is so economically priced. Read the directions on the label.

That's all for now! See you next week!

Hornby will spend three weeks at the University of Paris. The remainder of the time will be spent at a provincial university and in traveling.

Policeman Quits Mill Valley Force

Carl E. Mead Jr. has announced his resignation from the Mill Valley police force, on which he has served for nine years.

Mead, 32, an unsuccessful candidate for the position of police chief, said he is resigning for "reasons of my own." The resignation is effective May 1.

The officer has sold his house at 375 Tennessee Avenue and plans to go with his wife, Sally, and three children for a two-month visit to Pennsylvania, then return to a home he has purchased in San Rafael. Mead said he has not yet accepted another job but that he plans to stay in police work.

Rail Trips To Celebrate Anniversary

On May 4, 1884, the first trains and ferries were operated out of Tiburon. The 77th anniversary of this event will be observed May 6, with two round-trip excursions from Tiburon to San Rafael via the Northwestern Pacific Railroad.

The excursions will be sponsored by the Belvedere-Tiburon Landmarks Society in conjunction with a railway history exhibit May 6 and 7 at Old St. Hilary's Church in Tiburon, preserved by the society as a historical monument.

MAY BE LAST

"This could be the last opportunity to ride the rails in Marin County," said Mrs. Robert Bastian, president of the society, "since no passenger equipment is now used here. We have been able to schedule the excursions only through the most generous efforts of George L. Morrison, vice president and general manager of NWP, and Fred A. Stindt, chairman of the Pacific Coast chapter of the Railway and Locomotive Historical Society."

The Tiburon-San Rafael excursions, each with a capacity of 200, are scheduled for 10:30 a.m. and 3 p.m. The first is planned especially for children, who must be accompanied by adult ticket holders, and high school students. The second will be for adults only.

Three steel railway coaches, formerly in use on the NWP and now in regular week-day service between San Francisco and San Jose on the Southern Pacific, will be "brought home" to Tiburon for the occasion. They are the last remaining cars of 30 purchased by NWP in 1914 to replace wooden equipment.

ENGINE ON DISPLAY

The excursion trains will be pulled by a diesel locomotive, but a historic steam engine, "Old 112", will be on exhibit in the Tiburon yards for excursionists to see.

The railway history exhibit in Old St. Hilary's Church will be open to the public May 6 and 7 from 10 a.m. to 5 p.m. A feature of the weekend event will be a color movie taken in 1936 of a round trip by ferry boat and train from San Francisco through Marin County.

Felon Sentenced For Cell Stabbing

San Quentin convict Henry L. Quiroz, 26-year-old Los Angeles robber, drew one to 14 years in prison Monday for stabbing his cellmate to death last Dec. 28.

Quiroz pleaded guilty to voluntary manslaughter before Judge Thomas F. Keating of Marin Superior Court. Quiroz is already serving five years to life for burglary in Imperial County and robbery in Los Angeles County.

Quiroz killed Ezequiel Martinez, 27, a narcotics peddler who was also serving five years to life. Quiroz told investigators that Martinez attacked him with a knife for no reason at all. He said he took the knife away from Martinez and struck back to save his own life.

THE PARENTS' CORNER

By RICHARD BARBOUR, Ph. D.

Caroline Kennedy's Upbringing Tells Her She's Important In Her Family

"What is President Kennedy thinking of?" a reader asks. "He lets his sweet little girl, Caroline, take part in receptions and other daytime White House affairs.

"The child is only 3. She should be confined to her nursery. Aren't the Kennedy's setting a bad example for parents, Dr. Barbour?"

I don't know the Kennedys. I respect their right to privacy. However I've received a number of letters asking your question. So I'll try to answer it.

I think President and Mrs. Kennedy are doing right by their little Caroline. I believe they're setting a good example.

There are two ways to look at our small offspring. One is to assume that they are weak, untrustworthy, inferior. They are to be loved and greatly protected. But they are to be kept out of sight when we're entertaining. Or if they are to be seen, they aren't to be heard—junior grade citizens, you see.

I was raised that way. Probably you were. It is traditional.

The other viewpoint is that our kids are first class citizens who are important members of the clan. They're to be taught, carefully. They're to be guided and disciplined. But they are to take part in daytime and early evening family social activities rather than hidden away.

The Kennedys seem to hold the second viewpoint. Small Caroline probably has no doubts about her worth. She knows she's important to her family. She isn't afraid of strangers. Probably somebody briefs her ahead of time, so she'll know what to do.

No doubt she'll make mistakes. Every child does. But she'll become a self-reliant, capable young lady most quickly this way.

READERS' FORUM

(Q) "My neighbor wants me to tell her children about sex. She is afraid to tell them herself. What should I do?"

N. J.

(A) Probably you should refuse because of possible complications. Have her ask at their school. A program of sex instruction may be available there. Or perhaps the teaching can be given at the YMCA or YWCA.

Trustees Expel Mill Valley Pupil

Mill Valley School District trustees voted unanimously Monday to expel a pupil for "disturbing and obstructing education of other pupils."

The decision came after a report presented to the board last week by a special committee which had investigated the problem.

Expulsion was ordered. Supt. G. Robert McConnell said, under Section 10602 of the California Education Code which reads that "boards of education may expel children because of continued wilful disobedience, open and persistent defiance of the authority of the teacher or habitual profanity or vulgarity upon school premises."

The pupil was guilty of all these acts, McConnell said.

Hayakawa's Talk Date Is Changed

The talk by S. I. Hayakawa titled, "Are You Communicating?" which was scheduled for Thursday, has been changed to April 27 at 8 p.m. in the Marin Country Day School.

The talk is sponsored by the parent group of the school. Tickets may be obtained from Mrs. Stephen Heller at 177 Bret Harte Road, San Rafael, or Mrs. Leonard Micon of 739 Alta Vista Road, Mill Valley.

School Program

Terra Linda High School's Career Night program will be held at 7:30 p.m. today in the school gymnasium. It was incorrectly stated in Monday's Independent-Journal that the program was scheduled last night.

Mumps High On Disease List

Mumps is high up on the list of communicable diseases reported to the Marin County Health Department last week.

A total of 34 cases were recorded for the week, 21 of them in San Rafael. Larkspur had six and San Anselmo five.

Thirteen cases of measles, four of streptococcus infections and one gonorrhea also were reported for the week.

Big Margin Vote Passes Tam's Bonds

School Measures Win In 7 Other Districts

The cause of more money for better schools triumphed at the polls in Marin County yesterday.

Voters gave resounding approval to bond issues in Tamalpais High School and Mill Valley and Tomales Bay Elementary School Districts, a state loan in Dixie Elementary Districts, and tax raises in San Anselmo and Kentfield Districts. They approved setting a tax rate in the new Bolinas-Stinson Beach Elementary District slightly above that of either Bolinas or Stinson Beach prior to their merger.

Only in rural Union Elementary School District, which operates a one-room school in North Marin, did a financial measure fail. There, a 30-cent tax limit hike lost by one vote —with every voter in the district casting a ballot.

EASY VICTOR

The thrice-beaten Tamalpais Union High School District bond issue roared through to an easy victory in a vote turnout exceptionally heavy for a school election—although still apparently only about half of the registered voters.

The issue was re-submitted at three million dollars—the same amount which lost out last fall when it mustered a 60 per cent favorable vote. With two-third "yes" vote required for approval, the final unofficial tally was: yes 14,896; no 6,223. This gave the issue nearly 2,000 more "yes" votes than required for passage.

USE FOR FUNDS

The money is to be used for major expansion of crowded Redwood High School in Larkspur, some expansion of Tamalpais High in Mill Valley and Sir Francis Drake in San Anselmo, and purchase of another school site somewhere in Southern Marin.

The real landslide vote, though, was in Dixie School District, which includes Terra Linda (both in and out of San

Gary Cooper Gravely Ill

HOLLYWOOD (AP) — Actor Gary Cooper is gravely ill, a spokesman said today. But he declined to disclose the nature of the ailment.

The spokesman, publicist Warren Cowan, quoted Dr. Rexford Kennamer as saying that Cooper is not hospitalized, and there are no plans to hospitalize him.

At the moment, Cowan said, Cooper is confined to his home in traction because of a pinched nerve in the back of his neck.

How Districts Voted For School Candidates

Marin Voters Put Trust In Incumbents

Turnout Better Than At Most School Elections

Marin voters yesterday expressed confidence in the way their schools are run by returning incumbents to office in almost all districts.

A good 50 per cent of the registered voters turned out to cast their ballots, the county schools office reported. This was considerably higher than past school elections when 20 or 22 per cent was considered a fair turnout.

108 CANDIDATES

Voters chose members for 24 school boards and the county board from 108 candidates on the ballot. In 12 districts and three of four trustee areas for the county board where elections were held, there was no contest.

For district-by-district results in Marin's school elections, see page 6.

In eight districts and one trustee area, incumbents were swept back into office. In three other districts, some incumbents were in; others were out.

Returns were called in to the county schools office all night and late this morning as clerks stayed up to tally the votes. All figures are still unofficial.

TAMALPAIS VOTE

Tamalpais Union High School District, which had to elect four trustees from a slate of 11 candidates, put incumbents William B. Lewis, Delman D. Smith and Edmund J. Thomas Jr. back in office and also elected Dr. John C. Siemens.

The Tam voters turned down a "tax economist" block of Tom McDougall, Joe V. Lopes, Philip J. Rowland and Charles S. Graham.

Vote totals were: Thomas 12,801, Smith 11,638, Lewis 11,035, Siemens 9,800, William B. Wolfson 6,465, Graham 3,633, George T. White 3,558, Frederick M. Morris 3,509, McDougall 3,376, Lopes 2,526 and Rowland 2,525.

Dr. Siemens is administrator of both Ross General Hospital and Novato Hospital.

In a hot race for four posts on the Larkspur School District Board, voters swept all four incumbents in. Five challengers also were on the ballot.

Incumbents who ran also were re-elected in Mill Valley, Novato, Reed, San Jose, Sausalito and West Marin Districts.

Novato Area Asked To Cut Use Of Water

Directors of the North Marin Water District are asking water consumers in the Novato area voluntarily to cut their use of water.

"It isn't a real water shortage," Jerome Gilbert, manager of the district, said today, but a precautionary measure. The district is 10 per cent short of its estimated storage need in Stafford Lake, he said.

To prevent a shortage during the summer, directors last night agreed to ask that:

1. Contractors get water needed for construction from sloughs instead of district pipes.

2. Indian Valley and Marin Golf clubs cut watering of greens to the "minimum necessary."

3. Owners of new homes consider deferring planting lawns until late fall.

4. Everyone assist in preventing waste of water.

Gilbert pointed out that cars might be washed by using a bucket instead of a running hose, that sprinklers could be placed upside down, at night, on lawns to prevent evaporation, and that lawns could be allowed to grow slightly longer and so would not require so much water.

Directors agreed to meet next Wednesday with Marin Municipal Water District directors to discuss possible purchase of more water from the south.

Marin Municipal supplied more than 30 acre feet of water to the district last month at a cost of $1,300 to $1,400, Gilbert said. (An acre foot equals 325,000 gallons.) But purchase of water during the heavy-consumer summer months probably will not be sufficient, as the districts are connected only by a 10-inch pipe.

In other action last night, directors approved a settlement with Crown Development Co. whereby the district will rebate $2,000 to the company in meter fees paid in Rancho Village. The company had begun suit against the district asking for $4,000.

Cuban Rebels Reported Linked With Guerrillas

Kennedy Answers Moscow

WASHINGTON (AP) — President John F. Kennedy has fired a straight from the shoulder warning to Soviet Premier Nikita Khrushchev to keep hands off Cuba.

Kennedy made it clear in a message to the Soviet leader last night that the United States will take immediate steps to counter any military intervention by outside force in the Cuban fighting.

MORAL SUPPORT

The president declared moral support for the "Cuban patriots in their struggle for freedom" and said again that the United States intends no military intervention.

As Kremlin reaction to Kennedy's message was awaited, officials here reported no evidence of any military follow-up by Khrushchev to his threat to supply "all necessary assistance" to Cuba's pro-Communist Fidel Castro regime.

Khrushchev's threat to aid Castro came early yesterday in a message to the White House.

ANSWER PUBLIC

In tit-for-tat on Moscow's publishing Khrushchev's note before it reached Kennedy, the White House made public Kennedy's answer at the same time last night that Secretary of State Dean Rusk gave it to Soviet Ambassador Mikhail Menshikov.

Authoritative sources said Kennedy personally devoted much time to wording his reply and conferring with advisors.

The result was a compara-

Rep. Miller Lobbies To Put Marin In City's District

I-J Special Report

SACRAMENTO — Marin's representative in Congress was in Sacramento on Monday urging state legislators to cut Marin out of the First Congressional District and put it in a district with a portion of San Francisco.

Clement W. Miller of Corte Madera flew into Sacramento, urged legislators to support a plan to redistrict Marin County into a new congressional district with the Marina area of San Francisco, then flew back to Washington.

Sen. Robert W. Crown (D-Oakland) said Miller had come to Sacramento "to give the (elections and reapportionment) committee more information on his position regarding reapportionment of his district."

Crown, chairman of the committee, refused comment on what Miller had told him.

The chairman had conferred with Miller just last week in Washington, but "Clem wasn't felling well when I was back there and he didn't get a chance to tell us all he wanted to, so he came out here."

Sen. Samuel R. Geddes (D-Napa) was more specific about Miller's mission. "He was urging that Marin County be cut out of the First District and be put in with San Francisco," Geddes declared. "He wants to get rid of Marin at any cost.

"I told him that we shouldn't be trying to reapportion for the personal political advantage of any individual."

(Miller supporters in Marin came out earlier for putting the county in with San Francisco "to make the First District safe for Clem." Miller who denied connection with the proposal at that time, would move from Marin to one of the more northern counties of the district.'

Other legislators reported they had talked to Miller Monday, but most of them, like Sen. Waverly Jack Slattery (D-Finley), refused to reveal details of the conversation.

"Yes, I talked to Clem and

American Pilot Said Shot Down

By ASSOCIATED PRESS

Invasion forces have linked up with guerrillas in the Escambray Mountains of central Cuba and completed the first phase of their drive to topple Fidel Castro, Cuban exiles reported today.

Rebel planes struck at Havana and Cuban air force headquarters.

FOUR SHOT DOWN

Cuba's radio said four planes were shot down, one of them a North American military aircraft piloted by an American who was killed.

Cuban Foreign Minister Raul Roa told the United Nations: "This is another proof of the direct participation of the U.S. government in its mercenary action against Cuba."

Trouble appeared brewing at the Plaza de Guanabo naval base 25 miles east of Havana. Castro's radio said intense firing had brokent out there, but gave no explanation.

REPORT BY COUNCIL

The linkup of the invaders and guerrillas in the old revolutionary battleground of Escambray was reported by the Cuban Revolutionary Council in New York.

Guerrillas in the mountains have been holding out despite months of attempts by Castro's army and people's militia to dislodge them. They once numbered up to 5,000 men but how many remain is unknown.

The invasion force landed on swampy beaches Monday about 80 miles west of the Escambray Mountains.

NEAR NAVAL BASE

Reporting the linkup, a communique from the Revolutionary Council said "numerous elements" of the invasion force joined up with mountain groups north of Cienfuegos, site of a Cuban naval base. It said they completed the movement thanks to the holding of additional guerrilla units that infiltrated Matanzas Province and held off "Soviet tanks, artillery and aircraft during the last 20 hours."

The Cuban radio identified

ASSEMBLY VOTES SUPERVISORIAL REDISTRICTING

SACRAMENTO (AP) — The Assembly today unanimously passed a bill that would force all but eight of California's counties to reapportion their supervisorial districts every 10 years.

Assemblyman Phillip Burton (D-San Francisco) said the bill "will eliminate a rotten borough system."

The author, Assemblyman Clark L. Bradley (R-San Jose) said the bill would require counties to adjust supervisorial districts on the basis of population after each census.

Little Support Expected For Russ In U.N.

UNITED NATIONS, N. Y. (AP) —The Soviet bloc pressed hard today for a U.N. condemnation of the United States as an aggressor against Cuba, but the harsh demand was expected to find little support.

Kuzma V. Kiselev, foreign minister of White Russia, pushed the Communist campaign with a charge that the United States was waging an undeclared war against the government of Fidel Castro.

Kiselev spoke in the 99-nation Political Committee which was considering four resolutions dealing with the fighting between the forces of Castro and the anti-Castro invaders. The resolutions ranged all the way from the Soviet condemnation proposal to a Latin-American resolution calling for a negotiated settlement with the aid of Latin-American countries.

Committee Chairman Karel Kurka of Czechoslovakia told newsmen he hoped for a vote before nightfall.

Ambassador Adnan Pachachi of leftist Iraq led off the debate with a denunciation of the U. S. role in the Cuban

Terzich Is Appointed Mill Valley Police Chief

Dan Terzich will become police chief of Mill Valley on May 1.

Appointed yesterday by City Manager A. E. Almcrants, he will take over on retirement of James P. McGowan, who has served as chief for 25 years.

Terzich, 54, has been with the Mill Valley police force since 1953.

"I'm very grateful for the opporuntiy and will do my best to fill the position of chief of police," he said.

"I realize Chief McGowan's shoes will be very hard to fill because he has done such an outstanding job to make Mill Valley one of the safest and most desirable communities in which to live."

Almcrants selected Terzich from three top applicants chosen by a selection board. He said he appointed Terzich "on the basis of written and oral examinations, analysis of past police work, a doctor's opinion of the candidate's health, plus an opinion that Terzich will make a most energetic and cooperative police chief."

The appointment, Almcrants said, is subject to a six-month probationary period.

Terzich has served 25 years in law enforcement. He has been a guard at San Quentin Prison, a Marin County deputy sheriff, a member of the police force in Willows, and house detective for the Fairmont Hotel in San Francisco.

Born in Alaska, he grew up in Angels Camp, Calveras County. He and his wife, Marguerite, live at 109 Belvedere Drive. They have three married children: a son, Loren of Corte Madera and two daughters, Mrs. Doris McEvoy of Bakersfield and Mrs. Donna Wills of San Rafael.

Cuba Executions Ripped By U.S.

WASHINGTON (UPI) — The United States today branded the Cuban government's execution of two Americans as "a violation of the elementary standards of justice practiced by the civilized nations of the world."

The State Department said it was asking Switzerland, which represents U. S. interests in Cuba, to protest the executions of Howard F. Anderson of Yakima, Wash., and Angus McNair Jr. of Miami. (See story on page 2.)

Spokesman Lincoln White said the United States was "also making inquiries of the Swiss about the reported arrests of Americans in Cuba." He added "we will continue to do everything possible through diplomatic means to protect U. S. interests in Cuba."

Tamalpais Electric In San Anselmo Doubling Space Of Showroom

A building addition for Tamalpais Electric Co., 11 Belle Avenue, San Anselmo, now under construction by R. J. Hansen of Fairfax will give the store about 1,000 more square feet and double its present space.

The addition will be used mainly for showroom purposes. There will be 250 outlets for electrical fixtures and appliances. Completion should be in about two or three weeks.

REDWOOD MOVING and Storage Co., 75 Jacoby Street, San Rafael, will erect another 4,000 square feet of warehouse—tilt-up concrete construction—giving them a new total of 88,000 cubic feet of space. Walls to the addition will be 25 feet high, allowing 300-cubic foot vaults for palletized storage.

San Rafael contractor Don Presco is doing the work. Completion should be between may 15 and June 1.

THE NEW F-85 Cutlass, Oldsmobile's high-performance sports coupe with bucket seats is already making sales records, according to James C. Scripture of Scripture Oldsmobile, Inc., San Rafael. Scripture says he has a fistful of orders to fill as soon as the models come in.

The Cutlass features the 185-horsepower Rockette aluminum V-8 engine and luxury interior appointments as standard equipment.

Nothing so strange about it, I guess, I notice that Marin County runs about 3 per cent higher than the national average of automobile retail sales to total retail sales which is 22 per cent.

G. M. HOWARD of Belvedere who is president of the Chemprint Corp., Menlo Park electronics firm, says his company is now producing a miniature voice amplifier for use in gas masks and other breathing apparatus.

He said the device restores the voice of a person wearing a gas mask to its normal volume and intelligibility.

Aside from military applications, the unit has important civilian uses in fire fighting, civil defense, police and rescue work and in the mining industry.

Chemprint, a new company in 1960, has one of the largest facilities for manufacturing printed electronic circuits in the country.

INSURANCE. Appointments of James D. Steele, Novato, and Hal Schepps, San Anselmo, as agents for the San Rafael district agency of the Prudential Insurance Co. have been announced by Manager Don May . . . Robert Roesner, agent in San Rafael for the Allstate Insurance Companies, and his wife will attend a sales conference of his firm in Los Angeles beginning next Sunday. Roesner has qualified among Allstate's top producers.

FRANK RODARTE and his partner Harry K. Donahoo of Hi-Lo Shoe Repair in San Anselmo say they now have a dual personality deal for resoling—one price for your best foot forward and another for your old-but-still-wearables that you probably should give up—but won't.

ACCORDING to an American Express travel survey, American travel to Europe this year, in spite of its slow start may equal or surpass that of 1960. Close to 800,000 pleasure and business nomads are expected to visit Europe in 1961.

This reminds us that the Empress of Canada, largest trans-Atlantic liner to sail the St. Lawrence route, will end her maiden voyage when she docks at Montreal May 1.

The 27,000-ton Canadian Pacific liner will be the only new ship in the trans-Atlantic service this year. Later in 1961 she will enter cruise service from New York to the West Indies and South America. Early in 1962 she is scheduled for a 61-day cruise to the Mediterranean and the Greek Isles where new hotels have been springing up in huge numbers to take care of the increased tourist traffic.

Bagley Bill Would Label Chicken Meat

I-J Special Report

Marin Assemblyman William T. Bagley yesterday introduced legislation to regulate labeling of chickens and chicken meat.

The measure requires the name and address of the firm or person slaughtering or processing poultry to appear in clear, conspicuous letters on the carcass or wrapper or on the container.

Purpose of the measure is to assure consumers get correct information on the source of poultry marketed in California. Bagley said consumers often are misled by a label which indicates the product is local when it actually has been slaughtered in an eastern state and shipped here.

Bagley also introduced today a measure to adopt licensing procedures for polygraph (lie detector) examiners. There has been some criticism of some operators and examiners over-extending usage and incorrectly using lie detector tests, Bagley said.

Reds Press Button For Worldwide Riots

By U. P. INTERNATIONAL

Communist-led demonstrations protesting alleged U. S. aid to the anti-Castro invaders of Cuba spread around the world today in a wave of violence.

There were growing indications of anti-Communist resistance to the mobs in Latin America, scene of the worst outbreaks of violence.

In Moscow, U. S. Charge d'Affairs Edward Freers was expected today to protest yesterday's attack on the embassy by mobs of about 50,000 Russians—the biggest turnout reported so far in the anti-American campaign—during the day.

There were strong indications of international organization in the riots. Throughout Latin America, from the backwoods of Mexico to the capital of Bolivia, the rioters screamed the same slogans and used the same weapons—notably stones and "Molotov cocktail" incendiaries.

Although no American casualties were reported, one elderly couple from the United States narrowly escaped a mob in Morelia, Mexico.

The worst outbreak reported occurred in Venezuela, where 16-year-old Edgar Gonzalez Marquey was shot and killed, about 35 persons were injured and 30 arrested in rioting in Caracas and the "oil capital" of Maracaibo.

The mobs in the Silencio area—a traditional Communist stronghold — tried unsuccessfully to sack and burn the local branch of Sears.

In La Paz, Bolivia, at least 38 persons were injured in clashes between police and rioters broke windows in the Guatemalan consulate but police used tear gas to turn the mob away from the U. S. embassy.

The Bolivian rioters also wrecked the building of the Catholic newspaper Presencia.

A mob in Conception, Chile, burned a U. S. flag in the streets and stoned the U. S. consulate and the Chilean-American cultural institute. Three rioters and two policemen were injured.

In Guatemala, mobs shouting "Viva Fidel! Kill the cursed Kennedy!" stoned the offices of Pan-American World Airways, United Fruit and other American companies in Guatemala City.

Civil and military police blocked a mob attempt to attack the U. S. embassy. As the city began to quiet down, police cars patrolled the streets, throwing tear gas at any sizeable gathering.

In the Guatemalan congress, a leftist resolution urging "neutrality" in the Cuban conflict was voted down, 24 to 14.

In Bogota, Colombia, scene Monday night of pro-Castro rioting in which 15 persons were injured, about 100 anti-Communist teen-agers stoned the Cuban embassy last night, breaking several windows.

In Mexico City, an anti-American crowd of about 25,000 massed last night in Constitution Square to listen to pro-Castro speeches and watch the burning of a 12-foot effigy of Uncle Sam.

The crowd had dwindled to about 10,000 by the time Mexico's Castroite ex-president Lazaro Cardenas appeared about two hours after the meeting started to deliver a speech denouncing American imperialism."

In the provincial town of Morelia, about 160 miles west of Mexico City, a mob wrecked and set fire to the Mexican-American Cultural Institute. The fire was put out before it caused much damage, but the rioters destroyed the institute's library.

Mr. and Mrs. Norvelle Sannebeck, a retired American couple who were studying Spanish in the institue, managed to escape across the roofs.

Rival student groups battled in the streets of Guadalajara, Mexico's second city, in a clash in which four persons were slightly injured. Anti-American demonstrators paraded past the U. S. consulate and the Guadalajara branch of the cultural institute, but did not attempt to damage the building.

In Buenos Aires, three policemen were injured and five persons were arrested when police broke up a series of small pro-Castro demonstrations last night.

Hands Not Clean, Says Eichmann's Recorded Voice

JERUSALEM (UPI) — The recorded voice of Adolf Eichmann told the court today he deserved no mercy and perhaps ought to have hanged himself in public.

The voice boomed through the courtroom from a tape recorder. It was a statement Eichmann dictated shortly after he was flown to Israel from Argentina for the purpose of being put on trial here on charges of slaughtering six million Jews.

Eichmann's statement was played in the courtroom as evidence for the prosecution, but it sounded at times more like testimony for the defense.

At a point where he was placing the main blame on his superiors, he added:

"I cannot claim my hands are clean . . . "I will not ask for mercy. I am not deserving of mercy. Perhaps I ought to hang myself in public so that all the world's anti-Semites can have the terrible nature of their acts made clear to them."

This is the picture the former Gestapo Lieutenant-Colonel drew of himself:

He tried several times to get out of the assignment as a traffic officer, routing the Jews to the extermination camps. But always was ordered to go back and always he obeyed.

When the news was broken to him that Adolph Hitler planned to exterminate every Jew in Europe, he was so shocked "the breath went out of my body."

After a trip to an extermination camp he went to Berlin and faced up to Heinrich Himmler, chief of the Nazi police. He told Himmler the Nazis were making a mistake in killing the Jews and he wanted no part of it. He was ordered to go back to work. He did.

He never formulated any policy for the destruction of the Jews. He was too far down in the chain of command to do that.

The courtroom was a strange scene today. On the witness stand was Capt. Avner Less of the Israel police. He had brought to court the tapes on which Eichmann had recorded his statement. The prosecution offered them in evidence. Less would play a short tape, and the court translator would translate the German into Hebrew, the official language of the court. Then another tape and another translation.

In the midst of this, the proceedings came to a dead halt. The court advised there would be two minutes of silence in memory of Israelis who lost their lives in the war of independence. Tomorrow is the 13th anniversary of the creation of Israel as a state. There will be no court session.

The tape recorder fell silent. The Hebrew translator fell silent. Heads were bowed until the clock had ticked away 120 seconds. Eichmann, inside his glass box, took off his ear phones and inclinded his head slightly forward.

Then his recorded voice began again. When the tape recorder had run Eichmann's story of his one-man campaign against the murder of the Jews, his voice delivered a summary of how he felt about been kidnapped and arrested. It was not a plea for mercy. He said he did not have clean hands and perhaps he ought to hang himself in public.

"Believe me," the voice said in German, "I am trying without restraint to recall everything known to me. I was told in January that I would be brought to trial and that I would not outlive my 56th year. The first part of this prophecy has come to pass and the second part cannot be avoided.

Havana Radio Says 2 Yanks Executed By Firing Squads

MIAMI, Fla. (AP) — A Cuban government broadcast today said two Americans were shot by firing squads which also executed seven Cubans.

The broadcast heard in Miami, identified the Americans as Howard Anderson and Angus McNair.

The news broadcast said the executions took place in Pinar Del Ioince where Anderson, a Seattle ex-Marine and Havana businessman, and McNair, of Miami, were condemned on arms transportation charges.

Anderson operated three Havana automobile service stations and was commander of the Havana American Legion post before it was disbanded during Fidel Castro's regime.

The government radio said the two Americans and seven Cubans were shot last night soon after being condemned by a military tribunal at Pinar Del Rio, where they had been held after arrest by Castro police.

Anderson was arrested in March when he returned to Cuba after taking his family to the United States. He was held incommunicado for three weeks before his seizure was disclosed.

Cuban officials announced the arrest of McNair March 21 and said he and four Cubans were caught trying to land an arms laden motor launch 30 miles west of Havana.

BUT ALL'S QUIET

Tension Mounts At Guantanamo

By BEM PRICE

GUANTANAMO BAY, Cuba (AP)—This big U.S. naval base on the eastern tip of Cuba is on a watchful, round-the-clock alert, but for the most part the fighting going on beyond the fence might as well be on another continent.

All is quiet in the immediate vicinity. The usual peace of the base is marred only by a slight increase in tension because of the stepped-up precautions and the lack of news of the invasion by anti-Castro rebels.

AROUND CLOCK

Rear Adm. E. J. O'Donnell, base commander, said in an interview that his operations office is operating around the clock; that a constant radar watch is being maintained and that fighters on the runways are ready to scramble skyward in less than five minutes.

O'Donnell said he also has on call 10 or 11 destroyers that can pump out five-inch shells at the rate of one a second from twin mounts.

"We have an enormous amount of firepower here," the admiral said.

NOT IN HARBOR

While he did not say how close to this base the destroyers are steaming—they are obviously not in the harbor—he left no doubt they are close.

O'Donnell emphatically denied Cuban charges that some of the rebel invaders had come from this base.

Asked if American radar crews had discovered any signs of high-performance aircraft in the Cuba skies, the admiral said they had not.

There have been reports that the Cuban air force has at least seven Soviet-built jet fighters. If there are any MIGs around, O'Donnell said, they have not flown over the eastern end of the island.

The base's chief sources of news about what is going on in Cuba's interior is the government radio in Havana, and reports from Cubans who work on the base.

Thousands of Cubans employed on the base—many for as long as 20 years—reported as usual yesterday morning. They live outside the base and commute daily.

Castro militiamen searched the employees thoroughly but allowed them to enter as usual.

San Rafael Driver Ordered To Court

Wilfred S. Corda, 27, of 117 Woodland Avenue, San Rafael, was ordered to appear in Marin Superior Court next Monday after preliminary hearing in municipal court on charges of felony drunk driving and resisting arrest.

Charges were filed against him March 12 after his sports car rammed the highway embankment opposite Bermuda Palms Motel on Francisco Boulevard in San Rafael. His passenger, Laurence Giambastiani, 27, of Fairfax, was injured when his head went through the windshield.

Assembly Unit Slashing School Aid

SACRAMENTO (AP)—State Education Department proposals to bolster state aid to public schools has been deeply slashed with hints of still more cutting to come.

An Assembly Education Subcommittee approved an expenditure bill yesterday that cut about 40.6 million dollars from the requested 772 million. That's still 51.4 million more than last year, but the increase is due almost entirely to increased enrollment.

The subcommittee voted to reject requests for new aid money for special programs for the gifted and retarded. Earlier it stripped a $10 increase in foundation aid and additional pupil transportation funds from the measure by Assemblyman Gordon Winton Jr. (D.-(Mreced).

The bill allows two major increases; 1.9 million dollars for driver training to be paid for from increased traffic fine income and 5.6 million extra for junior colleges.

The bill now goes to the full Education Committee and then to the Assembly Ways and Means Committee.

Child Back Home

VISALIA (AP) — Six-year-old Ann Bristlow, kidnaped while playing near her Madera home yesterday, was found barefoot and crying outside a Porterville trailer court early today.

The blonde daughter of a prominent dentist was discovered by Robert C. Lytle and his wife, Mary. The child was taken to Visalia by sheriff's deputies. Doctors examined her and said she apparently had been sexually molested but there was no evidence of rape. She had a welt on her face, but was otherwise unharmed.

Her parents, Dr. and Mrs. Maurice E. Bristow, took her home.

Balloon Attempt

SACRAMENTO (AP)—Balloonist Don Piccard was scheduled to try again to set a world altitude record after poor weather forced postponement of his first attempt.

Heavy clouds yesterday led Piccard, 35, of Northfield, Minn. to postpone his planned ascent from the State Fair Grounds here. He hopes to reach 35,800 feet and better the Class 4-A and other world altitude records.

U.S. Would Send Military Advisers To Laos Loyalists

WASHINGTON (AP) — The United States has agreed to send military advisers into combat zones in Laos to aid loyal forces in the fight against the Communist-led rebels.

U. S. officials, disclosing this today, said the number of such advisers will not exceed 300.

They said the action was taken at the request of the Laos government.

The U. S. announcement followed an appeal by Laos Foreign Minister Tiao Sopsaisana, who said Laos wants more and better arms as well as a full-fledged U. S. military assistance group. He said Laos has decided to ask its "friends and neighbors" for help, declaring four new rebel offensives backed by Communist troops from North Viet Nam threaten Laos and all Southeast Asia.

The foreign minister asserted Laos is thinking of asking for foreign troops if the situation worsens. He did not say who besides the United States would be asked for help but indicated it would be neighboring Thailand and South Viet Nam.

There was no confirmation from Western sources in Laos of any massive rebel attacks, but the decision to seek more aid, including troops if necessary, was interpreted as an indication the situation is worsening.

Britain launched another diplomatic move to end the fighting. Foreign Secretary Lord Home announced in London that Britain has asked the Soviet Union to join in issuing a call for a cease-fire tomorrow.

Sir Frank Roberts, Britain's ambassador in Moscow, was instructed to try to get an immediate cease-fire. Lord Home said, and conferred with Soviet Foreign Minister Andrei A. Gromyko.

Lord Home said Britain wants a 14-nation conference on Laos to open May 5, after an international commission has verified the fighting has stopped. The United States also insists on a cease-fire before a conference.

In Bangkok, Thailand Premier Marshal Sarit Thanarat said the Soviet Union has suggested May 5 as the date set for the 14-nation conference. But he said the Soviets insist on recognition of neutralist ex-Premier Souvanna Phouma as Laos' chief of government.

Souvanna now is recognized by the Soviet Union and the pro-Communist Pathet Lao rebels in Laos as the nation's legal premier. Heading home from a conference with Soviet Premier Khrushchev, Souvanna canceled a planned trip to Washington. He will stop off in Peiping.

Novato School Budget Peek: $1.7 Million

Trustees of the Novato Unified School District took their first long look last night at a preliminary district budget of $1,740,249 for the coming fiscal year.

The budget would include a pay raise for teachers of at least 25 per cent of the increase they requested in presenting a complete new pay scale. Trustees formally approved the requested scale in its entirety, as a goal—but more realistically said the district probably would not be able to carry through on more than 20 to 25 per cent of the requests because of lack of funds.

MAXIMUM TAX

Last year's budget was $1,700,719.

The district again for the coming year would finance the proposed budget on a $3.23 operating tax, the maximum approved by voters. However, the total school tax rate of $4.24 per $100 assessed valuation may rise because of an expected hike of about 13 cents in a state override tax for assessment equalization, Eugene F. DeBrecht, assistant superintendent in charge of finances, told the board.

The district has no control over this tax, he said.

The budget shows the salaries of Supt. W. J. J. Smith and Debrecht as the same as this year, $13,000 and $10,000 yearly. Discussion on their salaries is set for next Tuesday's board meeting.

TOWELS ITEM

Trustees last night dredged deeply into the $6,800 yearly item for washing of towels used in gymnasium classes and finally let the matter pass, after hearing the problems of trying to get students to keep their own towels clean.

The preliminary budget, detailed from library needs to furniture repairs, from salaries to lighting needs, shows a total of $128,582 in items not now included in the budget, but under a "wants" list. The list is subject to review, but all non-essential items have been whacked from the budget, administrators said.

Second Fire Station Asked In Sausalito

A second Sausalito fire station, at the northeast intersection of Spencer Avenue and Highway 101, was suggested to the city council last night.

Recommendation came from City Manager Charles A. Brown on basis of opinions of Fire Chief Mathew J. Perry and the board of fire underwriters, who said Sausalito will definitely require a second station if the present city area is built to capacity.

PETITION CIRCULATED

Pressure for the added protection came from A. G. Malone of 308 Second Street, who collected 256 signatures on a petition he circulated asking that the "old town" area be provided with one manned fire truck, especially during the summer dry spell.

The council asked Malone to get some citizens to help study Brown's recommendations and meet with Councilman George E. Keeney.

Brown said the fire department does not favor stationing equipment and men in "old town" because one piece of equipment and two men would not be adequate to handle a fire, equipment would be needed in other parts of the town in case of a fire and radio equipment would go dead unless the truck were idled all the time.

LOCATION SUGGESTED

"We're asking for something temporary, not permanent," Malone said. He said a truck could be stationed at the Mobil Service Station at Second and Main Streets and the telephone there could be used.

Perry told the council he did not favor having fire equipment stationed in "old town." He said equipment could get from the proposed Spencer Avenue and Highway 101 station to Second and Main Streets in three minutes—a distance of one and four-tenths miles. The distance from the present fire station on Johnson Street to Second and Main, he said, is one and three-tenths miles.

Perry said the worst fire area in Sausalito is on Bridgeway between Princess and Richardson Streets.

Strawberry Squawks Over Blair Attitude

A Strawberry representative tried to kindle a fire under Supervisor J. Walter Blair of Mill Valley yesterday but Blair had just gone home because of family illness.

The supervisors decided to let Jim Clark, treasurer of the Strawberry Property Owners Assn., get on the record, despite Blair's absence, an expression of the association's annoyance because its recommendations were recently ignored by Blair and the board in naming three members of the Strawberry Recreation District Board. Demand was made that the action be rescinded. But the supervisors said that was impossible.

Broad aspects of the matter were suggested by Clark on the ground that supervisorial selections of this kind should be based on views of local residents rather than the ideas of the supervisors as individuals.

"Our association was keenly disappointed about the manner in which these appointments were made," said Clark, "and 223 of our people feel as the board did in expressing this view."

He presented a petition with 223 signatures objecting to the fact that the supervisors "ignored" the association's recommendations of L. J. Smith, Steve Kaufman and Dr. Edward Smith, instead of choosing Marcel R. Ehrer, B. E. Trice and Loyal M. Nerdahl for the recreation board.

The petition said Blair had decided the organization does not represent the community, to which it was retorted that the association divides Strawberry into six districts, each of which has two members on its board to give full representation. Full notice of actions on Strawberry was asked in the future.

On motion of Supervisor Walter R. Castro, the board agreed to resume its former policy of mailing its agenda to such groups. But Chairman William D. Fusselman said the new directors were already sworn in and their appointment couldn't be rescinded.

Board Looks Gift-Horse In Mouth

Marin County supervisors looked a $5,000 state gift-horse in the mouth yesterday and backed off for a dental opinion.

Administrator Alan Bruce submitted a proposed agreement tied in with $5,000 available from the State Department of Mental Hygiene in accordance with prior supervisors' authorization for a pilot study mostly having to do with child rehabilitation under the county probation officer.

"This agreement is something new, and ambiguous," said Chairman William D. Fusselman. "It sets a $5,000 seiling but there is indication we might get only partial reimbursement somehow. I'm going to refuse to sign until I find out."

Bruce said Probation Officer Walter Busher understood there would be full reimbursement with no local cost expected, but Assistant County Counsel Douglas J. Maloney said his view was that "partial reimbursement seems an unfortunate choice of words—I don't know what it means."

"Then I'm going to suggest that the document be sent back to the state to be rewritten," announced Fusselman.

"There is also a split infinitive," said Maloney.

The supervisors also:

1. Put on a good refined show with no squabbles for a visiting senior class in "Amercian Democracy" from Tamalpais High School.
2. Adopted a resolution for sale of $25,000 worth of bonds for West Marin Union School District, bids to be opened May 16.
3. Opened a complex set of bids on county requirements for gasoline diesel fuel and lubricants, all for delivery at a multitude of places and either separately or as a package deal; could make nothing of it all and told Assist. Purchasing Agent John H. Hettrich to come up with a boildown next week.
4. Approved Harold and Frances Gregg's application for a 114-acre Redwood Ranch Camp in Nicasio Valley this summer.
5. Approved a resolution setting boundaries of Bel Marin Keys Community Services District, north of Hamilton Air Force Base, and setting June 20 as date for election on formation and choice of the first three directors.
6. Approved a variance on Fred G. Zelinsky's permit to construct a restaurant on the Tiburon waterfront.
7. Proclaimed May 7-13 as Marin County "Hire Veterans Week."
8. Set for a special meeting at 2 p.m. today consideration of Bruce C. Gillette's letter, with 19 signatures, asking dissolution of the Tamalpais Valley Flood Control District because of apparent impossibility of achieving its purpose.
9. Referred to County Fire Chief Charles Reilly the problem of shipping a sample Marin County redwood to the Los Angeles County Fair for display in a Court of Redwoods exhibit shared by other counties.
10. Authorized signing of a contract for Marin County care of federal prisoners with daily rate raised to $5.50 from the former $2.85.
11. Obtained phoned permission from R. B. Rothschild Jr. of the civic center contractors for Marin County Boy Scouts to use the center for a camp-out, including a helicopter landing, if no liability attaches to contractors.
12. Joined in congratulating County Clerk George S. Jones on reaching a 55th anniversary of his becoming a deputy sheriff in Sausalito.
13. Heard from Mill Valley that county help is needed on the city's commitment of $40,475, its full gasoline tax receipts for improving the Miller Avenue - Camino Alto intersection.
14. Approved postponement to June 1 annual renewal of a county Novato master service agreement due to delay in discovering what Novato will want henceforth.

Lawyers Seeking More Pay For Marin District Attorney

A powerful pitch was made by four representatives of the Marin County Bar Assn. before the board of supervisors yesterday as part of the group's campaign to get more pay for the district attorney. Recommendation to the legislature was wanted.

The position now pays $13,750 annually and the association seeks to have this raised to $17,500.

After listening to San Rafael attorney Thomas C. Nelson, with a briefer talk by Bryan McCarthy, while former Dist. Atty. W. O. Weissich and Robert Elliott played supporting parts, the board took the matter under advisement, as is the situation with a similar plea for the county counsel.

"Many other counties," hinted Nelson, "through their grand juries or boards of supervisors have recommended to the legislature about the district attorney's salary."

McCarthy said a good man is needed and "payment is some degree of insurance of a good man." He hastened to explain that "I have never held public office myself and never intend to."

"I had the same viewpoint 23 years ago," remarked Chairman William D. Fusselman.

Tariff Move On Wage Bill Is Rejected

WASHINGTON (UPI) — The Senate today rejected, 55 to 39, an attempt by Sen. Barry Goldwater (R-Ariz.) to tack on a tariff provision to the administration's $1.25 an hour minimum wage bill.

It would have required the president to impose duties on imports that have an "unfair competitive advantage" over similar domestic goods, because of lower wages paid by foreign firms, or for other reasons.

The action came as the Senate opened its fourth day of debate on President John F. Kennedy's proposal to put a wage floor of $1.25 an hour under 28 million American workers.

Administation forces next faced their toughest test on an amendment by Sen. Mike Monroney (D-Okla.) seeking to reduce the number of new workers to be brought under wage-hour coverage for the first time.

Bids To Be Opened

The state division of highways announced today bids will be opened in Sacramento May 17 for resurfacing parts of State Sign Route 12-37, State Sign Route 1 and State Route 104. The total cost of the resurfacing of the Marin-Sonoma routes is estimated at $103,000.

CHURCH TAKES PHILOMENA OFF ROLL OF SAINTS

ROME (AP) — The Roman Catholic Church has stricken St. Philomena, "the martyred virgin" venerated for a century and a half, from its roll of saints.

The Sacred Congregation of Rites said Philomena had been elevated from popular fervor rather than liturgical fact and that she had been neither martyr nor saint.

Philomena's beheaded body was reported found in the Tiber River in the 2nd century A.D. Many miracles had been attributed to her in Italy and France but none was officially confirmed.

The congregation's ruling came as a shock.

However, the Catholic Church has removed numerous early martyrs from its roll of saints, in most cases attributing their sainthood to popular fervor.

STICKING OUT TONGUE NOT FROZEN ASSET

Thirteen-year-old Lynn Pennman of Mill Valley was defrosted yesterday.

In search of food, he opened the recently defrosted refrigerator in the kitchen of the Pennman home at 131 Eldridge Avenue. He stuck his tongue on the shiny freezing compartment. There it stuck.

His mother, Mrs. Charles Pennman, was downstairs. Hearing strange cries, she raced upstairs and poured water over the refrigerator and boy to free him.

Lost in deicing: some of Lynn's skin.

Anderson Tells Of Brown's Achievements

A balanced budget, fair employment practices commission, state water bonds, and establishing a consumer council are present state administration, Lt. Gov. Glenn M. Anderson last night told a joint meeting of the Sausalito and Tiburon Peninsula Democratic Clubs.

"All constitutional officers will be candidates for re-election next year," Anderson told the group.

He said he thought that either Richard Richards, state senator from Los Angeles, or Robert McCarthy, director of motor vehicles, would run against Sen. Thomas Kuchel at the next election.

"I strongly favor Democratic clubs participating in pre-primary endorsement of candidates," Anderson added, "rather than leaving it to the State Central Committee."

Anderson spoke before approximately 100 members of the two clubs at Zack's By the Bay in Sausalito.

Channel Area District Is Proposed

Shirley Morgan, co-owner of the Clipper Yacht Co., recommended to the Sausalito Council last night that a channel maintenance district be formed for the Saucelito Canal to connect channel facilities of Sausalito, Mill Valley and the county.

It should also take in the facilities of the Army Corps of Engineers in Sausalito, who would be invited to join, he suggested.

The object of the district, Morgan said, would be to get th different parties together to improve the channel and think of it as one unit. Now, he said, when the Mill Valley channel is dredged, it goes only to Sausalito property, then stops.

A committee was set up to study the matter, including Morgan, Councilman Marjorie Brady and City Manager Charles A. Brown, with invitations to be sent to the county and Mill Valley City Engineer Stanley M. Bala.

Alto Bowl Meeting

Sutton Manor Home Owners Assn. will meet at 8 p.m. tomorrow at the Edna Maguire School in Mill Valley to discuss the proposed rezoning for Marin Capital Co. of the 200 acres in the Alto bowl from single family to multiple residential, according to president Robert Duncan.

Sausalito Council Names New Planner

F. Bruce Bernhard of 67 Marie Street, Sausalito, was named to the Sausalito Planning Commission last night by the city council.

Bernhard replaces Carl G. Wooley, who resigned recently from the planning board.

Umpire Ed Runge of the American League served with the Canadian Navy on North Atlantic convoy duty during World War II.

Sanitary District Meeting Planned

The Richardson Bay Sanitary District will hold an adjourned meeting May 3 at 7:30 p.m. in the Trestle Glen treatment plant to review bids on relocating the Salt Works Canal pumping station.

Directors were informed at Monday night's meeting that the annual cleaning of lines will be started this week.

The board continued to May 15 a public hearing on annexation of Greenwood Cove property. Directors discussed the proposed Tiburon Peninsula incorporation but took no action.

Art Exhibit

Works of the Junior Art Group's spring classes will be on exhibit at the Methodist Church, Camino Alto and Sycamore Avenue, Mill Valley, Saturday morning.

Board Backs County Fair Fund Plan

A recently achieved informal Marin-state pact for accumulating funds for county fair grandstand construction received tentative approval of the board of supervisors yesterday and was referred to the fair advisory committee for review.

If the committee also approves, the supervisors plan to give final formal approval and send it back to Sacramento.

Administrator Alan Bruce reported by letter on last Wednesday's conference with state finance director John Carr and his assistant, Robert Harkness, but under questioning it was brought out that the deal was oral.

Assistant Auditor-Controller Michael Mitchell said "you can't get an iron-clad guarantee but you have a reasonable guarantee" that the state will hold —without snatching back as has been its habit with unexpended allocations — $100,000 yearly over a five-year period.

Humboldt Rejects Gate Commission

SAN FRANCISCO (AP) — The Humboldt County Board of Supervisors has voted against proposed legislation which would place control of the Golden Gate Bridge and other Bay Area toll bridges under a single commission, Golden Gate Bridge officials said today.

Previous opposition has been voted by boards in Marin, Napa, Sonoma, Mendocino, Lake and Del Norte counties.

Les Brown, member of a pioneer Marin County family, has received the unanimous endorsement of the Democratic Central Committee of Monterey County for the post of Monterey postmaster. He has been named to succeed his brother, Kenneth Brown, retiring postmaster.

Narcotic Informer Measure Killed

SACRAMENTO (AP)—Gov. Edmund G. Brown's narcotics informer proposal was approved 8-4 by the Senate Judiciary Committee yesterday, but Chairman Edwin J. Regan (D-Weaverville) gavelled it dead.

Since Brown's proposal was voted as an amendment to a bill by Regan himself, he claimed the privilege of an author and announced the bill would go "to the bottom of the box"—meaning it can't be considered again.

Regan acted after a spokesman for law enforcement groups, which backed Regan's original bill, sail they would rather have no bill at all than the Brown-sponsored amendment.

Sen. James A. Cobey (D-Merced) protested Regan's action, but to no avail. He told a reporter he might introduce Brown's proposal as a bill under his own name. Friday is the deadline for bill introductions.

Regan's original bill would have upset, in narcotics cases, the Supreme Court's 1958 Priestley decision, which says that the defendants can demand that the prosecution reveal the name of their informer when his tip is the sole basis for a search or seizure which led to the defendant's arrest.

The Brown proposal, sponsored by Cobey, would have allowed the informer's name to be concealed from the defendant only when police obtained a search warrant, and when the defendant could not show that the informer's identity might be material to his guilt or innocence.

The police would reveal the informer's name to the magistrate issuing the search warant. The magistrate would seal it in a file, which could be opened to the defendant only by a judge who was satisfied that concealment of the informer's identity might prejudice the defense.

DE MOLAY LEADER—Brian Steen-Larsen of Woodacre will be installed as master councilor of Ross Valley Chapter, Order of De Molay, at 8 p.m. Friday at the Masonic Temple in Larkspur. He is a son of Mrs. Maria Steen-Larsen.

Assessment Notices Mailed Out

Property owners in Fairfax and Sleepy Hollow are being notified of new assessed values, based on current market prices, which will be used for the 1961-62 assessment rolls.

County Assessor Bert W. Broemmel announced that more than 3,800 notifications were mailed last night to the two communities. For those who have questions or complaints, the assessor is setting up an information bureau at the Fairfax Women's Club, 46 Park Road, on April 25, 26 and 27. The bureau will be open from 1 to 9 p.m. on each of the three days.

Any property owner in Fairfax and Sleepy Hollow who does not get a notice in the next few days should call at the information bureau during the three days, April 25-27, the assessor announced. Records will be there so that staff members can answer all questions.

About 400 of the properties remain unchanged from last year. Of the remaining, about one-third have gone up in assessed value by less than 10 per cent, and the rest show bigger increases in value, reported Broemmel.

"The whole thing is part of the continuing equalization program to maintain equitable assessment throughout the county," Broemmel explained. The program started in Southern Marin.

The rest of Ross Valley, including Kentfield, Greenbrae, Ross and San Anselmo, will be next to be notified of new assessment figures. Information bureaus will be set up in those areas during May, the exact dates to be announced later.

16 Feared Dead In Asia Crash

HONG KONG (AP)—A twin-engine U. S. Air Force plane with 16 persons aboard apparently crashed on a hill near downtown Hong Kong today but thick fog hid it from searchers.

Most of those aboard were believed to be military personnel.

A spokesman for the Hong Kong government said the plane took off from Kaitak airport at 6:07 p.m. and apparently crashed in the low-lying fog and mist a few minutes later.

The plane was believed to have crashed at North Point, a hilly area less than five miles from downtown Hong Kong. But with the fog thickening even more as night came, the crash site could not be located and the government broadcast an appeal to residents for information.

Movie Camera Stolen

Mrs. Jack M. Smith of 119 Buena Vista Avenue, Mill Valley, reported to police Monday that a $45 movie camera had been stolen from her home. She said there was no sign of forced entry nor did she know when it was stolen.

State Water Fight Heads For Stalemate

SACRAMENTO (AP)—The legislature apparently headed today toward a stalemate in renewed feuding between California's North and South on the state water plan.

There's a difference this year, though.

With the 1.75-billion-dollar bond issue approved by the voters last year, no action by the legislature would still leave the state free to go ahead with building the huge water system.

The Senate, heavily northern, voted yesterday for two bills and two resolutions with a single aim: To block delivery of northern surplus water to the south under present proposed terms.

Opponents expressed doubt that the Assembly, with its southern majority, would agree to upset the water plan worked out after years of bitter argument.

One of the bills would hold up the state's contracts with the Metropolitan Water District of Southern California and the San Bernardino Valley Municipal Water District until approved by the legislature.

The other bill would apply the same legislative controls on all future contracts.

The MWD and San Bernardino agreements are written to take effect 91 days after the 1961 legislature adjourns unless overturned by a vote of both houses. Legislative approval is not needed to spend the bond money.

The resolutions call upon the state to negotiate the contracts. Voting on the four measures ranged as high as 32-8 and was not altogether regional.

'Queen Of Industry' Contest, Ball Hit

By THERON NEWELL

"It rubbed me the wrong way, when I think of all the good charitable organizations, to see this thing going on in the county," Dist. Atty. Roger P. Garety told the board of directors of the San Rafael Chamber of Commerce yesterday.

Garety was referring to the "Queen of Industry" contest and ball held recently under auspices of the 40 et 8, represented as a charity for handicapped children and for training student nurses.

"The net proceeds from the sale of tickets and the ball is divided 40 per cent for the 40 et 8 and 60 per cent to John McCuistion," Garety said.

Garety pointed to one of the posters advertising the Queen of Industry Ball, showing the 40 et 8 as sponsors with the name of the American Legion beneath. The 40 et 8, he pointed out, is no longer affiliated with the American Legion. Affiliation ended when the 40 et 8 refused to elminate the word "white" from its membership qualifications.

"The 40 et 8 was very cooperative with my office," the district attorney said. "It furnished us with a statement of the proceeds which it received from lending its name to the contest and ball.

"The 40 et 8 reported it made $1,800 in 1958 and $2,600 in 1959. No contest was held in 1960. This year, the organization received $2,005 from the contest," Garety reported.

The 40 et 8 listed a total income of $9,343 from the 1961 contest. McCuistion lives at 2726 Heatherstone Drive, Marinwood. McCuistion listed expenses of $4,330, leaving a profit of $5,013, of which the 40 et 8 received $2,005.

"I think some of the expenses listed are unjustified," Garety said.

Garety pointed out that McCuistion charged $408 office rent, although he operated out of his home. McCuistion also listed, "director's per diem, $800."

"The 40 et 8 put the money in their welfare fund. They do sponsor sending handicapped children to summer camp and have six student nurses that they have given help," Garety said.

"I do not think this is a reasonable percentage or share of the take for the organization to get . . .

"There is no actionable fraud or public offense committed, but I am presenting this to you gentlemen (the chamber of commerce board) to see if it might be possible to supervise actions like this so that the public knows what it is buying."

Garety said he went to the chamber board because there is no Better Business Bureau in Marin County.

William Bemiss, deputy district attorney, had been assigned by Garety to investigate the charity solicitation.

The chamber directors voted to go to the San Francisco Better Business Bureau, of which the San Rafael chamber is a member, to see what action could be taken in supervising such solicitations in the future.

Sabbatical Leave Policy Adopted

A policy on sabbatical leaves, through which professional staff members may study and travel, has been adopted by the Tamalpais Union High School District, it was announced today.

Teachers and administrators may apply for the leaves after seven years of consecutive service with the district, Supt. Chester G. Carlisle said. They receive 50 per cent of their annual salary.

Applicants must submit a planned program to the superintendent and the board of trustees.

George R. Pohlman, Tamalpais High School history teacher, traveled in Europe under a similar program in 1959-60. He was the first district staff member to receive a sabbatical leave.

In Alaska Exercise

Army Pfc. Paul G. Rambke, son of Mr. and Mrs. George Rambke, 93 Florence Avenue, San Anselmo, recently participated in organization day exercises at Fort Wainwright, Alaska, commemorating the 106th anniversary of the Ninth Infantry.

Here Are District-By-District Results In Yesterday's Marin School Elections

With every school district except San Rafael holding an election, and with contests in 11 districts and for one position on the county board of education, here were the district-by-district results yesterday in Marin County:

San Jose Board Incumbents Voted

The three incumbent candidates on the San Jose School District board in North Marin were re-elected yesterday. All had come out strongly in favor of unification with the Novato Unified School District.

Board president William H. Vandergriff polled 254 votes; Mrs. Jean Ansley, 245; Alan M. Swabacker, 255.

Ethan A. Papineau was top man among the challengers for the three board vacancies, polling 171 votes. Others were J. F. Kallmayer, 163; Douglas R. Horton, 132; Robert W. Dodson, 52, and Mrs. Edith Painter, 45.

The San Jose board has gone on record as favoring unification. Challengers for the board posts generally had agreed with this in campaign statements.

Kallmayer and Papineau had asked for stronger discipline in some classes; Papineau had campaigned in favor of asking parent permission before any psychological tests were given students.

Dodson and his wife were leaders in protesting granting of tenure to seventh grade teacher Edward L. Hanchett. The school board was unanimous in backing Hanchett's classroom record and granting him tenure.

Mrs. Painter had asked strengthening of the seventh and eighth grade program in the district.

The three re-elected incumbents and the remainder of the board may serve only a year. Unification with Novato would mean a new election for governing of the district.

2 Incumbents Win In Novato Vote

Incumbent trustees of the Novato Unified School District last night celebrated their victory by attending a three-hour school board session centered on finances and budget.

William H. Kirk polled 554 votes and Marett B. Boissevain, 504, to keep their seats on the board. Challenger David S. Patterson garnered 377 votes and Charles E. Thompson, 256 votes.

All candidates had stated they favored merger of the Novato district with the San Jose Elementary School District. The board since has agreed to study unification (favored by San Jose trustees), and annexation.

Both Kirk and Boissevain had been blunt in telling voters that a request for voter approval of a tax increase might be in the offing in the district, primarily to finance teachers salary hikes.

Patteerson had run on a ticket of tougher academic requirements in the schools, as had Thompson, in more general terms.

Thompson was prime protestant in a recent special board session in Olive Elementary School at which he said children had not been allowed into the school on rainy days and that they were made to pick up paper from school grounds. His campaign literature had depicted him as "a non-educator, to balance the progressive social theory . . . and a man who will not be brainwashed by the administrators."

Stinson-Bolinas Has New Member

Aspirant Rolland M. McCready of Stinson Beach edged out incumbent Roberta E. Shockey by a narrow 17-vote margin yesterday to become a new trustee of the newly formed Bolinas-Stinson Beach Elementary School District. McCready received 211 votes to Mrs. Shockey's 194.

McCready, 45, is a chemist in sugar beet research at the western regional research laboratory of the U. S. Department of Agriculture in Albany, Contra Costa County. Residents of Stinson Beach, for five years, he and Mrs. McCready have their three children in school.

Mrs. Shockey is the wife of Kenneth Shockey of Stinson Beach, and was a board member of the Stinson Beach School District for eight years. She was the only member active on one of the two boards to be left behind.

Bolinas and Stinson Beach each have three-member boards and one interim board. They will commence operating under the newly elected board starting July 1.

Stinson Beach incumbent Blanche Eustis received the highest number of votes with 278; Henry B. Lacaze, also from Stinson Beach received 264. Bolinas incumbents Arthur E. Carpenter received 217 votes and Joyce Huntley 251.

Four Incumbents Win In Larkspur

Pauline H. Secor, most recent appointee to the Larkspur School District Board, led the field in the trustee race yesterday which handily returned the four incumbents to office.

Mrs. Secor, appointed to the board last June to fill the unexpired term of Mrs. Doris Barck, received 1,620 votes to lead veterans John W. Boyd (1,358), John R. Cunningham (1,250) and Jack L. Mengel (1,056).

Votes cast for the other five candidates in the wide-open race totaled: Curtis P. Kamai, 823; C. F. (Chuck) Pendleton, 829; Donald N. Fox, 693; Donald J. Devoto ,564, and Herbert J. L. Baum, 372.

Although there was no elementary tax increase or bond issue on the Larkspur ballot, voters approved the three-million-dollar Tamalpais Union High School District bond issue by 1,964 "yes" votes to 738 "no."

Three of the four winning candidates will serve four-year terms, the fourth a two-year term. Lots will be drawn for the short term.

Incumbents Top Sausalito Vote

Three trustee positions were filled in the Sausalito Elementary School District election with two incumbents—George R. Kowski and Juanita S. Cobb—getting top votes.

Kowski, who lives in Sausalito, received 1,151 votes and Mrs. Cobb, of Marin City 1,046.

The third member, who will be a newcomer to the board, is Stanley J. Wolfe, who received 841 votes. Wolfe, 37, is a physician and director of medical education at St. Luke's Hospital in San Francisco. He lives with his wife, Flora, and son, Michael, and daughter, Emily, at 254 Glen Drive, Sausalito.

Lord, who received 398 votes, is an architect who resides at 41 Harrison Avenue, Sausalito.

2 New Members For Lagunitas Unit

Lagunitas School District ran counter to the county trend yesterday by voting out of office two of three incumbent trustees seeking re-election.

Winning posts on the five-member board were consulting engineer Glen E. Twitchell of Lagunitas, with 341 votes; incumbent John F. Nielsen Jr., Forest Knolls postmaster, with 271, and John T. Keilty, manager of the San Rafael office of Household Finance Corp., with 262.

Failing of re-election were two women trustees: Mrs. Georgette H. Vilas of Woodacre, who polled 167, and Mrs. Winnifred S. Frederick of Lagunitas, who polled 164.

Mrs. Vilas and Mrs. Frederick were on a slate elected three years ago in a bitter battle over a proposal to build a second school at Woodacre. The board subsequently sold the Woodacre site and started enlargement of the school at Lagunitas.

Dixie District Incumbent Loses

A psychology professor topped the field in a Dixie School District election yesterday which saw one of two incumbent candidates narrowly fail to win election.

Elected to the five-man board of the district, whose voters also overwhelmingly approved a four-million-dollar borrowing program to build new schools, were John A. Starkweather of Terra Linda, with 1,118 votes; Lawrence L. Kramer Jr. of Terra Linda, with 1,017, and incumbent Dorothy C. Brown, one of Terra Linda's longtime residents, with 858.

Incumbent Robert S. Winniford, serving by appointment, fell just short of election with 850 votes, according to the unofficial tally by the county superintendent's office. Candidate Charles H. Roach of Lucas Valley got 485 votes, and John R. Christofferson, who lives in Terra Linda within the City of San Rafael, trailed with 214.

Hutchinson is a bonding and insurance representative for Standard Accident Insurance Co. in San Francisco. Lauppe is office and personnel manager for St. Paul Fire and Marine Insurance Co. in San Francisco. Hermann is a fire and safety engineer for General Insurance Co. of America, also in San Francisco.

Hermann was on the committee that backed the tax raise last year. Hutchinson has been active in Parent-Teacher Assn. work.

3 New Trustees For Fairfax

Three men connected with the insurance field were elected to the Fairfax Elementary School District board yesterday.

None of the incumbents whose terms expired sought re-election.

Winners were Jay M. Hutchinson with 556 votes, Robert C. Lauppe with 521, and Laurence G. Hermann with 416. Losers were John (Bill) Shirley with 339, Gordon B. Adams with 286, Harry Carpenter with 212, James Henington with 185, and John J. Hourihan with 123. Hourihan announced withdrawal from the race, but not until after the ballots were printed.

The election result was in effect approval of policies of the winners all endorsed curriculum expansion to be financed from a tax raise voted last year. The losers were all critical, to present school policies.

Starkweather is assistant professor of medical psychology at University of California School of Medicine and is directing research in vocal communication under a U. S. Public Health Service grant. He has served as chairman of the Dixie district's citizen advisory committee in school buildings.

Kramer is executive director of the San Francisco Heart Assn. In his campaign he stressed curriculum development as his field of greatest interest.

Reed School Vote Keeps Incumbents

Reed School District voters will stick with the trustees who have been serving them.

Incumbents Richard J. MacLaury, Leo Souza and Alyce L. Farkas were re-elected yesterday. Losing her bid to unseat one of them was Mrs. Marilyn C. Steinau.

The vote was close, however. MacLaury led with 1,298 votes, followed by Souza with 1,201, Mrs. Farkas with 1,051 and Mrs. Steinau with 1,016.

Woman Loses In West Marin

The West Marin School District board will remain an all-male organization.

Mrs. Suzanne Baty, attractive wife of Judge David R. Baty of the Northwest Marin Judicial District(ran fourth in a field of four yesterday.

Voters returned to office incumbents Gus Kovats of Point Reyes Station and John Duncan Gray, of Inverness, both radio technicians at RCA Communications in Bolinas. To a third position on the board they elected Robert E. Gallagher of Point Reyes Station.

The vote was: Gallagher 210, Kovats 199, Gray 196, Mrs. Baty 170.

Holdover trustees are Tobias Giacomini of Point Reyes Station and Donald McIsaac of Olema.

Four Elected To County Board

In the only contest for member of the Marin County Board of Education yesterday, Robert G. Randolph easily won re-election over aspirant William B. Scrimgeour.

Randolph, a public relations employee of Standard Oil Co. of California living in Mill Valley, got 4,346 votes to 1,700 for Scrimgeour, Strawberry resident who is a salesman with Univac division of Sperry-Rand Corp.

Randolph represents Trustee Area 5, made up of Mill Valley and Sausalito Elementary School Districts, under the new county board districting.

Elected without opposition to represent Trustee Area 7, newly formed of Burdell, Laguna, Lincoln, Tomales Bay and Union Elementary Districts, was Arnold Dolcini Jr., who lives just this side of the Sonoma County line.

Also re-elected without opposition were Harry N. Press in Trustee Area 3 (Ross Valley) and OB Cavanaugh in Trustee Area 6 (West Marin).

Mill Valley Voting Extremely Heavy

Mill Valley voters re-elected the only incumbent seeking another term on the Mill Valley Elementary School District board yesterday, and chose a doctor and a woman Parent-Teacher Assn. leader to fill out the board.

The turnout was so heavy that the last vot was not counted until 9 a.m. today at Alto School.

Topping the five-candidate field was Dr. William L. Clark, an orthopedic surgeon with office in San Rafael, who polled 4,378 votes. Close behind him was incumbent Edward A. Kemp with 4,251, following by Mrs. Joyce R. Gross, president of the Mill Valley Parent-Teacher Council, with 3,878.

Defeated candidates were Don Jones, a San Francisco school teacher, with 3,078, and Edward B. Hayden, district manager of the National Automobile Club, with 1,302.

BOARDS

Robert G. Randolph defeated William B. Scrimgeour Jr.

The newly merged Bolinas-Stinson Union School District voters elected incumbents Arthur E. Carpenter, Blanche Eustis, Joyce Huntley and Henry B. Lacaze, but turned down incumbent Roberta E. Schokey for challenger Rolland M. McCready.

Dixie School District re-elected Dorothy C. Brown, but incumbent Robert S. Winniford lost out.

In Lagunitas School District two incumbents, Winifred S. Frederick and Georgette Vilas, lost their seats, but incumbent John F. Nielsen Jr. retained his. Challengers John Keilty and Glen E. Twitchell were elected.

In Fairfax School District a slate of eight candidates—none of them incumbents—ran for three posts. Winners were Laurence G. Hermann, Jay M. Hutchinson and Robert C. Laupee.

In the tiny Lincoln School District, where two posts were to be filled, only one candidate, Bill Barboni, was on the ballot. He received 14 votes. Seven voters wrote in the name of Mervin McDonald, who was thereby elected.

In addition to the new Bolinas-Stinson district, a second new union district, Tomales Bay, elected its first board. There was no contest. The five persons running for five posts all were incumbents on the boards of either Marshall and Tomales districts, which were merged to form the new district.

E. L. Blackmore, administrative assistant to the county superintendent, said absentee ballots would not be counted until next Monday. He doubted whether any would affect the results.

Air Force Talent Tryouts Slated

Area tryouts for the Air Force worldwide talent contest will be held Monday at Hamilton Air Force Base.

Airmen and WAFs from Hamilton and throughout the 28th Air Division—SAGE may try out in 11 categories, beginning at 7:30 p.m. at the base service club. The tryouts are open to the public.

Vocalists, musical groups, western and country singers and novelty acts are some of the categories in which contestants may enter.

Rafael) and Marinwood. There, authorization to borrow up to four million dollars from the state for more and bigger schools won by 1,531 "yes" to 83 "no"—better than 16-to-1 in favor.

The district board plans to borrow the money over the next several years to build three new schools and additions to four others.

A half-million-dollar bond issue in Mill Valley District was also a shoo-in. The vote there was approximately three-to-one for the bonds: "yes" 4,918 to "no" 1,667. This marked a reversal of performance in recent years, as Mill Valley voters have consistently defeated school bond issues.

Tomales Bay School District, formed by merger of Tomales Elementary and Marshall Districts and electing its first board yesterday (with five candidates unopposed) gave 6-to-1 approval to a $100,000 bond issue for a larger school. The vote there was 151 "yes" to 25 "no."

In San Anselmo, where two tax hike measures had been defeated within two years, residents voted 1,942 "yes" to 1,113 "no" to authorize a boost in the general purpose tax rate from $1.45 to $1.80 per $100 assessed valuation. Over-ride taxes, which vary somewhat from year to year, are not affected by this limitation.

In Kentfield, the "yes" vote for a 50-cent tax rate increase was nearly 2-to-1—1,392 "yes" to 758 "no." The vote empowers the district board to increase the general purpose limit from the present $1.75 to $2.25 per $100 assessed valuation.

Bolinas-Stinson Beach District, formed by a merger early this year, was authorized a $1.20 general purpose tax rate limit by 221 "yes" votes to 71 "no"—or three-to-one in favor. This year's general purpose levies were $1.01 in Bolinas and $1.19 in Stinson Beach. If the $1.20 rate had failed of approval, the new district would have had to go back to the 80-cent rate fixed by statute.

Tomales Bay, where bonds were approved, plans to operate this year with the 80-cent rate so asked no special tax limit.

Edward W. Colthurst, chairman of the Tam High District Citizen Committee, which campaigned for the bonds, and Dr. Joseph Guthrie, chairman of its precinct workers, joined in this statement:

"Tamalpais High School District Citizens Committee is going to keep operating to advise the board of trustees and to prepare for the next high school bond election, which will probably be in about two years."

Observers credited the larger-than-usual turnout of voters with putting over the financial measures which had failed previously. In San Anselmo, Supt. Stephen Parodi noted that 3,276 voters of 7,525 eligible voted yesterday. Last year, when a tax increase failed to carry, the turnout was only 2,023 voters.

'Trash' Reading To Be Discussed

The Mill Valley City Council will discuss the subject of literature on sale at the city-owned bus depot when it meets at 8 p.m. today in the city hall.

Councilman George D. Monardo introduced the subject two weeks ago when he asked if the city had an ordinance to govern the type of magazines available to youngsters which he called "trashy."

City Atty. Thomas C. Nelson has given an opinion that the city needs no ordinance on the subject. Some 300 persons have signed petitions to any city censorship of publications at the depot. One petition asks that the city council apologize to newsstand operator Maggie Grant.

TAX REQUEST IS DEFEATED BY ONE VOTE

One vote defeated a 30-cent school tax increase in Union School District in rural North Marin yesterday.

It wasn't a case of somebody failing to vote, either.

There are 29 registered electors in Union District. All 29 voted.

The tally was: for permission to increase the 80-cent school tax limit to $1.10 per $100 assessed valuation: 14. Against it: 15.

Two incumbents, Mrs. Elvina Giacomelli and Mrs. Eleanor Pomi, were re-elected without opposition to the district board that had proposed the tax hike.

Three Injured At Road Exit

Three young women were injured in a head-on auto crash at 11:24 p.m. yesterday on Francisco Boulevard near the Highway 101 exit, San Rafael police reported.

Injured were Patricia McLean, 18, of 165 Cobblestone Drive, San Rafael, cuts of right temple and left knee; Carolyn Elizabeth Mann, 19, of 2 Van Tassle Court, San Anselmo, scalp cuts, and Gail Kathleen Hamelin, 21, of 822 Vendola Drive, San Rafael, concussion and bruised left thigh.

All were taken to Marin General Hospital. Miss Hamelin was in fair condition today. The others were released.

San Rafael Police Officer Arthur Newman reported that Miss Hamelin's car crossed over the double white line and hit the car driven by Miss Mann. Miss Hamelin was cited for crossing over the white line and driving without due caution, police reported.

Several Bond Issues Passed In Bay Area

By UP INTERNATIONAL

Voters passed several bond issues and elected officials yesterday in bay area counties.

A run off election, however, will be necessary May 16 for the office of Oakland mayor in Alameda County. Incumbent Clifford E. Rishell won by a margin of only 849 votes over his closest runner-up, John C. Houlihan, thus failing to win a majority of all votes cast.

Oakland, in another close vote, appeared to have given the required two-thirds vote by a margin of 478 for a six-million-dollar bond issue to create a museum and arts center.

Winners of Oakland council seats included realtor Robert V. McLean, former University of California basketball star and son-in-law of William F. Knowland; incumbent Glenn E. Hoover, retired professor, and incumbent Robert L. Osborne, industrialist.

Other results included:

Hayward — A three-million-dollad school bond issue and a three-million-dollar state loan request for schools passed by substantial margins.

San Mateo County—Voters approved school bond issues totaling four million-dollars and corresponding increases in school district tax rates, but they turned down all 14 proposed charter amendments.

Santa Clara County—Cupertino Elementary School District gave overwhelming approval to a 7.5-million-dollar bond issue while the Milpitas Elementary District approved a three-million-dollar state loan request.

Cubs Set Bake Sale

Tiburon Cub Scout Pack 9 will hold a bake sale Saturday from 10 a.m. to noon on the Belvedere Boardwalk. Silver dollars have been baked in five different cakes, as an added attraction, according to Mrs. Harold Windblad, sales chairman.

The Collahuya Indians of South America are known as the "druggists of the Amazon." They make several good medicines from tree barks and herbs.

He Learns While He Earns

His FIRST Elected Office

When a fellow's own friends recognize him as a leader, he has really arrived. Yesterday, Jim was elected president of the Booster Club of his school. This is one of the highest honors a lad of his age could receive. It made him feel good when his favorite teacher said: "Jim, this is not an easy job, but I know you will handle it well. You have the qualities of an outstanding leader." Many of these qualities of leadership were developed by Jim on his newspaper route. As a young man with his own business, he had learned how to think for himself, as well as the importance of serving others well. Throughout the United States, Canada, and other free nations of the world, young men with newspaperboy experience are demonstrating the value of this fine training – and society is the benefactor.

Mitchell Gets N.J. GOP Nod

NEWARK, N.J. (AP)—James P. Mitchell, newly nominated Republican candidate for governor of New Jersey, said today he will call on some old friends from the Eisenhower administration to boost his coming campaign.

Mitchell, former labor secretary, beat out two rivals in the Republican primary election yesterday. In a victory statement he said he had promises of aid from former President Dwight D. Eisenhower; former Vice President Richard M. Nixon, and New York Gov. Nelson A. Rockefeller.

Richard J. Hughes, 51, a former judge who won the Democratic nomination with only token opposition, said that if Mitchell brings in national figures, he will consider calling on help from President John F. Kennedy.

Returns from 4,379 of 4,394 districts in the primary election gave Mitchell 199,457 votes, State Sen. Walter H. Jones 156,933 and State Sen. Wayne Dumont Jr., 94,617. Hughes had 210,815 votes.

Mitchell's victory over the veteran state legislators installed a new leadership at the head of New Jersey's Republican party, with Sen. Clifford P. Case, a liberal Republican, in command.

Jones ran with the backing of two-thirds of the GOP county organization. Mitchell and Case said Jones represented an old-line leadership that had squandered the party's supremacy

Sun Blinds Driver, Passenger Injured

Barbara Jean McNew, 26, of 241 The Alameda, San Anselmo, suffered minor abrasions of her face and hands in a traffic accident at Second and Brooks Streets, San Rafael, at 8 a.m. yesterday.

Mrs. McNew was a passenger in the car driven by her husband, William B. McNew Jr., according to San Rafael police. McNew told police that he was blinded by the sun and hit the rear of an unidentified pickup truck. Mrs. McNew was treated at Marin General Hospital.

Editor Group Hits Kennedy News Clamp

WASHINGTON (AP)—A committee of editors reported today that newsmen, despite their freer access to the White House itself, are having trouble with news suppression in the Kennedy administration.

Several hundred editors, opening the annual meeting here of the American Society of Newspaper Editors, were to receive a critical report from the society's Freedom of Information Committee headed by Eugene S. Pulliam, managing editor of the Indianapolis News.

The Pulliam reported noted that President John F. Kennedy before and after his election "was on record in writing as believing in freedom of information and in his duty to see that the people are informed."

"To date, neither he nor his administration has lived up to his promise," the report said.

School Paper Gets High Rating

A first class rating has been awarded to the Sir Francis Drake High School student newspaper, the Jolly Roger, for the first semester of the present school year by the National Scholastic Press Assn.

Rating of the school paper is based on coverage, content, and physical properties, the latter including make-up of pages, nameplate, sports display, typography, and photography.

The Jolly Roger was rated for balance of coverage and for printing. The paper is set up in type by students at the Tamalpais print shop under supervision of Jules Chourre, printing adviser.

The Jolly Roger staff is made up of John Wagstaff, editor; Nikki Sorich, associate editor; Roxie Collins, feature editor; Lee Malcolm, sports editor, and reporters Steve Anderson, Donna Dean, Penny Lusher, and Peggy MacDonald.

Fusselman Sets Stage For Hospital Showdown

Chairman William D. Fusselman of the Marin County Board of Supervisors yesterday set the stage for showdown on the whole problem of county hospital this afternoon, announcing he had seen one state official and confirmed the state's full powers yesterday morning, and that another official would appear before the board today.

Piquancy was lent this situation by several elements:

1. Against Fusselman's angry dissent the board had voted 4-1 Monday against inviting any state official to come.

2. Supervisor George Ludy of Inverness, one of the four who backed Supervisor J. Walter Blair's anti-invitation motion, had accompanied Fusselman on his call yesterday.

3. Fusselman invited the official to come as his personal guest.

Still evidently opposed but playing for a laugh, former chairman Walter R. Castro smiled broadly as he said: "He hadn't ought to come—Blair don't want him."

"I will introduce him to Mr. Blair," said Fusselman with counter-smile.

Before this developed, Blair had left the meeting because of a family emergency.

In marked contrast to the tense feeling and angry words of late Monday, the four members present were seemingly most happy as Fusselman brought up the subject of the hospital again yesterday.

"Ludy and I talked with Cumming today," Fusselman opened, referring to Gordon R. Cumming, chief of the State Bureau of Hospitals in Berkeley. "We find that they (the state officials) are in authority.

"They are cooperative. They are serious but not tough. There will be no fooling around and they are in control of the situation.

"I have asked him (Cumming) to come tomorrow as my guest, or to send a representative if he has to attend a Sacramento meeting as may be the case.

"If necessary we can postpone this. It is essential that Blair be here because he raised question of the state's power."

Castro asked whether it wouldn't be a good idea at such a meeting to get the financial ideas of Auditor-Controller Leon A. deLisle. Fusselman said, "Yes, let's have it all at once."

(This morning Fusselman said he expected to have not only deLisle but members of the retirement board, whose funds might be borrowed; also Dr. Calvin Plumhof, representing the Marin County Medical Society, if he could attend. He said assistant director John Derry would represent Cumming as Derry has had extensive Marin experience in setting up the county health department.)

Fusselman said his and Ludy's discussion with Cumming brought out that recent licensing of the hospital hadn't been endorsement of its condition but was "automatic" and subject to follow-up of prosecution of individuals if there were wilful neglect.

He said that even after grant of the county hospital license, which had been construed by Blair as endorsement of the institution, "they can come in next day and say they're going to prefer charges."

Bruce presented a list of Marin County convalescent, rest and nursing homes, showing total bed capacity of 230 with another 24 beds to be available in Santa Venetia by next January. Homes licensed by the county welfare department for boarding care of ambulatory patients were shown as having a total of 187 beds, with another 100 to be ready by next November in Terra Linda.

A letter from Dr. Plumhof reported that the medical society has a group studying county health problems. With special reference to the county farm it said:

"We feel that the county hospital facility, as such, might not be necessary and might not solve in the most workable and economical manner the major problem of good medical care of cases requiring active rehabilitation."

Robillard Loses 'Too Young' Plea

Alexander Robillard, 20, who killed a Hillsborough policeman, today lost a bid to escape San Quentin's gas chamber a week from today.

Judge Thomas F. Keating of Marin Superior Court this morning denied Robillard's petition for a writ of prohibition without comment.

The condemned man, who identifies himself as Alexander Robillard XIV, contends that the state Penal Code Section 3605 says no person under age can witness an execution. Since he is under age, Robillard contends that he should not be compelled to witness his own execution.

The code prescribes who should or should not witness an execution but does not deal with the person to be executed.

Robillard's attorney, Carl Shapiro of Fairfax, was in San Francisco this morning reviewing a transcript of the San Mateo trial in an effort to verify a legal point on which he hopes to save the youth from the gas chamber.

the dead American flier as Leo Francis Bell of Boston.

The commander of the U.S. naval base at Guantanamo, in southeastern Cuba, said earlier that none of his planes have participated in the fighting.

The broadcast gave no military data about Bell and mentioned only his social security number.

The radio reported a twin-engine B-26 dropped a bomb on the air force headquarters at San Antonio de los Banos, 25 miles from Havana, then wounded three persons in a strafing run on Havana.

A diplomat in Havana reported a plane that swept over Havana was met by heavy anti-aircraft fire. He mentioned no strafing. A Cuban rebel radio station on Swan Island off Guatemala claimed Havana was bombed twice by three planes. It asserted one of the planes attacked Camp Libertad, army headquarters on Havana's outskirts.

A Cuban broadcast denied rebel claims of new landings in northern Matanzas and Oriente Province and said an attack against the Isle of Pines had failed. Rebel leaders had asserted earlier this week that the prison island off the south coast had fallen and its 10,000 political prisoners had joined the insurgents.

Information on the progress of the invasion and Castro's defense against it continued sketchy.

crisis, but he reserved his position on the Soviet resolution. He said that at the present he was prepared to vote only for a Mexican proposal calling for non-intervention in Cuba.

The Soviet proposal, introduced last night by Deputy Foreign Minister Valerian Zorin after a new assault on the United States in the Political Committee, calls for cesssation of all assistance to the forces invading Cuba and urges U.N. members to give aid to Fidel Castro.

The Latin-American resolution was expected to win wide support from member states openly concerned over President John F. Kennedy's warning to Soviet Premier Nikita Khrushchev that the United would take action if the Soviets intervene militarily in Cuba.

Kennedy's warning was read to the committee by chief U. S. delegate Adlai E. Stevenson, who delivered a blistering attack on the Castro government and rejected its charges against the United States.

Summer School Applications Due

Deadline for applications for summer school in the Kentfield School District has been extended until Friday, it was announced today by Principal William Hartley.

By last Friday, the previously announced deadline, nearly 300 had applied, Hartley said. The deadline was extended because applications continued to come in, he said.

No applications may be accepted after Friday because class sizes must be determined, Hartley reported.

Children attending parochial and private schools are eligible to attend if they reside in the Kentfield district. Ross School District pupils are also eligible to attend.

Sheriff Plans To Investigate Stinson Report

Sheriff Louis P. Mountanos disclosed today he would call Stinson Beach Deputy Sheriff Peter Lampros to his office tomorrow to get an account of an incident at a Stinson Beach barbecue Sunday night.

A group of irate Stinson Beach residents complained yesterday that Col. George White of Stinson Beach, a federal narcotics official, had doused Presbyterian minister Frank Iske and his barbecue party of youngsters with hose and water Sunday night. The church group had built a fire on the public beach when Colonel White doused them and their food, members said.

Deputy Lampros, who is on two days vacation, will be returning to work tomorrow. Sheriff Mountanos said he would talk to his deputy before making any decision.

Lampros has been considering quitting the sheriff's office and joining the federal narcotics bureau for some time.

"Up to now, I have received nothing but compliments on Deputy Lampros' work as resident deputy there," said the sheriff.

Members of the church group contends they asked the deputy to arrest Colonel White. However, no one signed a complaint.

Trustees Accept Resignations In Mill Valley Schools

Trustees of the Mill Valley School District have accepted resignations of Mary Spalding, Park School first grade teacher, who is leaving to teach in San Francisco, and Mrs. Harold Clem, Strawberry Point School first grade teacher, who is leaving Marin County.

They offered employment to Andrew Gillespie, Mary P. Neylon, Nancy Waldeck and Jane S. Miller.

The board, meeting Monday night, also:

1. Voted to purchase the 1961-62 liability insurance policy from fireman's Fund, represented by Muller's General Insurance Agency of Mill Valley.
2. Agreed to rent the district-owned home on a school site at 627 Eastwood Way to Daniel Scarlett, 325 Tamalpais Avenue for $121 per month, Scarlett being highest bidder.
3. Voted to commend Clifford K. Badger, chairman of the committee for classrooms, for his "excellent leadership of the school bond campaign." Also expressed "heartfelt thanks" to the Independent-Journal and the Mill Valley Record for their "effective support of the issue."

Court Clears Hub Housewife

A San Anselmo housewife, who allegedly rammed her car into a gasoline pump owned by her estranged husband, was cleared of all charges yesterday in Marin Municipal Court.

Judge Joseph G. Wilson dismissed charges of disturbing the peace and malicious mischief against Mrs. Mary Ellen Busolo of 61 Nakomis Avenue, on recommendation of the district attorney.

Deputy Dist. Atty. Thomas W. Storer told the judge that Licinio (Lee) Busolo, owner of Lee's Service Station, does not want to press the complaint. On March 25, a car driven by Mrs. Busolo hit a gasoline pump at Busolo's station.

Mayor Won't Talk On Hub Secret Session

No decisions were reached and "there is nothing to report" on last night's executive session of the San Anselmo City Council, Mayor Carleton G. E. Little said today.

City Administrator Douglas Flautt was not invited to the meeting and did not attend.

Under state law, executive sessions are permitted only "to consider the appointment, employment or dismissal of a public officer or employee or to hear complaints or charges brought against such officer or employee by another public officer, person or employee unless such officer or employee requests a public hearing."

The mayor did not reveal what charges were brought, nor against whom. The council discussed a report from the San Francisco accounting firm of Lindquist, Von Heusen and Joyce, which made a survey of the city's bookkeeping system and procedure four weeks ago.

The mayor said "personnel" was involved in the discussion. Charges or allegations against an employee or employees were apparently contained in the accounting firm's report.

Mayor Little said the results of the accounting survey will be made public, but he does not know when.

They mayor said that any inference of discrepancies in city funds is "ridiculous."

MILLER

we talked about reapportionment," Slattery said. "But if you want to find out what Clem said, you'll have to ask him."

Crown declared he had reached no decision as yet on what he would recommend for Marin County, the only major county in the state with more Republicans than Democrats. Only other Republican counties are tiny Alpine and Mono.

He said he hoped to have his recommendation ready for committee hearing "either late this month or early in May."

Reapportionment was discussed in San Rafael last night as well. Assemblyman John A. Busterud told the Marin County Young Republicans that rumor around the Capitol indicates the reapportionment committee " is still going to attempt to attach Marin to San Francisco."

If there is basis for a suit on unconstitutionality, the Republicans could take a suit "clear to the Supreme Court" and thus block reapportionment until after the 1962 elections, he said.

The point of constitutionality would be, Busterud went on, whether a county like San Francisco, "entitled to less than two congressmen," could have two and one-half congressmen by putting Marin in with a part of it.

Busterud said Miller is "evidently putting a lot of pressure on the committee in an attempt to disassociate himself" from Marin County.

The Young Republicans asked Busterud about his own political plans and recent remarks of Richard M. Nixon that Busterud should represent this area.

He answered that he appreciated the former vice president's "kind words" but that he didn't want anyone to think he would come to Marin and run against either Sen. John F. McCarthy or Assemblyman William T. Bagley. He has been mentioned as a possible congressional candidate for whatever district Marin winds up in. But he didn't mention that last night.

Asked about the report he was "looking for a house in San Rafael," he said he is but "I haven't found one yet."

BEEF ORDER IS JUST A BIG 'JOKE'

Notice that a side of beef, cut and wrapped, would arrive today, was just too much for Mrs. Ruth McCabe Ruppelius of 11 Lodge Lane, San Rafael, so she went to the San Rafael police.

The side of beef was the climax of a series of hecklings which Mrs. Ruppelius has received recently.

Last week, her Jaguar car was the object of a vandal, who slashed the leather upholstery.

Over the week end, she was deluged with phone calls. Someone had placed advertisements in two San Francisco papers offering a 1961 convertible at $1,600 and a $500 freezer, for $100 or $125, giving Mrs. Ruppelius's phone number to call collect.

Yesterday she received a card from the Luchetti Meat Co. asking her to be home today because her order would be delivered. Mrs. Ruppelius phoned to find out what order and was told that the side of beef she had ordered was cut and wrapped for delivery.

"I'm a very patient person," Mrs. Ruppelius said, and I don't get perturbed easily, but this is too much."

'Tax Expert' Told To Pay Back Taxes

Mrs. Katherine W. Clever, Novato public accountant with an office in San Rafael, was sentenced by federal court in San Francisco yesterday to three years' probation with two vital conditions as result of failing to file or pay income taxes since 1952.

Judge Lloyd H. Burke laid down as conditions that Mrs. Clever must not touch a tax return for any client for the next three years, and that she must pay her own back taxes, penalties and interest on a basis of a $4,241.18 deficiency plus $2,537.13 penalties.

She had been allowed time from Feb. 16 by the U.S. District Court because she was busy preparing 1960 returns for clients and it was felt the government would profit by letting her get this unfinished work out of the way.

The case was unusual in that the court's conditions about repayment will make it unnecessary to institute new proceedings in civil action to recover taxes due.

She had entered a plea of guilty on the first of five counts. This covered the year 1954, and motion to dismiss was granted on the second, third and fourth counts covering the years 1955, 1956, and 1957. There was a plea of nolo contendere (no contest) on the fifth count relating to the year 1958.

The statue of limitations ran against the earlier counts so far as criminal action was concerned, but Mrs. Clever would have been liable without limit for recovery by civil action, now unnecessary because of the disposition of the criminal aspects.

Grand Opening Set In Fairfax

Roy's Drive-In, roadside eatery at 2017 Sir Francis Drake Boulevard, Fairfax, will hold a grand opening on Friday.

The establishment was recently purchased by Roy G. Winter, 1425 Lincoln Avenue, San Rafael. It previously was known as Ollie's Canteen, operated by Mrs. Olive Baxter of Fairfax.

Winter remodeled the place, and resurfaced and black-topped the parking area.

Some Eat, Some Don't On Death Row

The hunger strike on San Quentin Prison's Death Row showed some signs of weakening today while prison officials declared some of the demands made by the men were "impossible."

Associate Warden Dale Frady said that 24 of the men refused dinner last night and 25 men refused breakfast this morning.

"First one and then another will eat a meal," Frady said. "It is not the same men all the time."

Frady said there is no special cook for Death Row and that the men were given food prepared in the same kitchen as all the rest of the food.

"There is no single cook and we cannot change the entire cooking personnel of the prison," Frady said.

There is a special barber assigned to do the work on Death Row, according to Frady, but he has not been replaced.

"The men asked for items that are not included on the prison ration. They will get what is on the ration, but not items that would require going out and making special purchases," Frady stated.

Neither Gov. Edmund G. Brown, Director of Corrections Richard McGee nor Warden Fred R. Dickson, who received the letters making the demands, have done anything to stop the hunger strike, Frady said.

Because the men on Death Row leads less active lives, hunger strikes occur there more often than the rest of the prison, Frady admitted.

"Even there, they are not common," he said.

tively short—500 word— message sheared of usual diplomatic verbiage and using stronger terms than the restrained language Kennedy has used so far in his effort to get along with the Soviets.

Kennedy told Khrushchev:

1. The United States morally supports and will not hinder "Cuban patriots" in "their struggle for freedom" against the Castro government.

2. While the United States "intends no military intervention in Cuba, in the event of any military intervention by outside force, we will immediately honor our obligations under the inter-American system to protect this hemisphere against external aggression."

3. Rather than using the Cuban situation as a pretext "to inflame other areas of the world," Moscow should join in present opportunities for peace in Laos and the Congo and for agreeing to a ban on atomic tests.

4. Contrary to Khrushchev's claim that communism is the inevitable wave of the future, "the great revolution in the history of man, past, present and future, is the revolution of those determined to be free."

"What your government believes is its own business," Kennedy said. "What it does in the world is the world's business."

LIFE-SAVING DEVICE—Dr. Joseph J. Alderson, chief of the medical staff at San Rafael General Hospital, explains the life-saving properties of the defibrillator (heart stimulating machine) to two interested visitors, Mrs. George Britton (left), president of the Friends of Arequipa, and Mrs. Thomas Garrett, former president. The defibrillator was purchased for the hospital with a grant from the Arequipa organization. (Ken Molino photo)

San Rafael Hospital Adds Machine

Addition of new equipment for the emergey department at San Rafael General Hospital was announced today by John H. Prescott, administrator.

Purchased with a grant of $2,500 from the Friends of Arequipa, the new equipment includes a defibrillator (heart stimulating machine), recovery-table guerney, stainless steel tables and instruments.

Prescott said the defibrillator is the latest model. It is designed to stimulate the heart after cardiac arrest by applying an electric counter-shock. The model is the same used in recent demonstrations by the Marin County Medical Society.

Members of the San Rafael General Hospital nursing staff were among those who attended the demonstrations to learn the new technique of closed-chest heart massage, which may be used before arrival of the defibrillator.

The defibrillator is portable and may be used inside the hospital or on emergency calls. It also may be used in open-chest cases in surgery.

In addition to the new equipment for the emergency department, Prescott said the women's auxiliary recently donated a new service cart and that a new blood storage refrigerator has been ordered with funds donated by friends and former patients.

HIGHWAY PATROLMAN FINDS ALL BULLS NOT NAMED FERDINAND

A sad tale of a California Highway Patrol bullfighter who got pushed around by the bull was revealed on records of the San Rafael patrol office today.

It seems Patrolman James Dukes, late of the Golden Gate Bridge detail and still not acclimated to the rural setting of his present assignment in Marin, heard by radio yesterday of a bull loose on Highway 101 at Atherton Avenue, Novato.

Joined by Patrolman Keith Craig, Dukes put his and Craig's car as a barricade between the bull and a gate ajar into a "bull paradise" full of cows.

Dukes, Craig and a passing mechanic then tried to deal with the bull on foot but he proved hostile.

"The bull did not appear very cooperative," is how Dukes's report put it, "and not being a cowboy I 'chickened out' as he was defiant and lowered his head as if to charge.

"I returned to my vehicle for safety and decided to use it as a method of moving the bull."

That proved a poor guess. The bull lowered his head and charged the vehicle, Dukes recounted, "pushing me back 15 to 20 feet much to my consternation . . . I was obviously out of my weight division."

At this crucial moment an unidentified northbound motorist with clear knowledge of bullfighting stopped his vehicle, removed an old broken fan belt, and clouted the bull briskly across its muzzle.

The bull lost all his fight, backed up and consented to go through the gate to where "there were hundreds of cows" according to Dukes. Without waiting for even Dukes's shouted "thank you" the stranger climbed into his car and departed.

Trustees Hire Agent To Find School Site

Trustees of the Novato Unified School District last night hired a real estate agent to find school sites for the district.

Donal Swan of Novato was hired at a rate of $70 per day to look for sites, negotiate, carry through title search and complete any deals, with district approval.

The board directed him to look for an elementary school site and possibly a second site in West Novato, to find land for site expansion at the Rancho School and to attempt to complete negotiation over land on the southern border of the high school site.

No maximum amount to be paid Swan was set. "I have enough faith in Mr. Swan to know he's not going to take us for a ride," board member Joseph Sereda said.

The board asked that Supt. W. J. J. Smith meet with Hill School administrator and a parent over the parent's protests of his son's suspension from school.

The father told the board last night that four boys "jumped" his son on the school grounds and that all five had been suspended for three days and must talk with city police before they can return to classes.

Sausalito To Fix Up Boat-Launching Ramp

Sausalito's only city-owned boat launching ramp — located at the foot of Turney Street — will be paved and widened to handle two boats, the city council decided last night by 3-1 vote, Councilman Howard Sievers voting "no."

Councilman George Keeney was absent.

The well-used but run-down ramp will, when rebuilt, be limited to launch one boat at a time until the council evaluates the parking situation caused by boat and trailer traffic in the area. Cost of $1,950 for the work is budgeted from recreation commission funds.

The council also adopted 4-0 an ordinance making it unlawful for anyone to park any boat trailer or motor vehicle connected to or accompanied with a boat trailer on Caledonia Street from Bridgeway to Napa Street; on Johnson Street, Pine, Turney, Locust, Litho and Bee Streets to their respective intersections with Bonita Street, and on the west side of Bridgeway between Ensign and Napa Streets.

The council also authorized $784 to pay for an extra chunk of cement wall on Edwards Avenue which was built by Ghilotti Brothers of San Rafael through a "misunderstanding" between the company and Sausalito City Engineer Thomas L. Hunter.

The 12-foot, four-inch wall was added onto a 60-foot wall which was contracted for, but, according to City Manager Charles A. Brown, Ghillotti Brothers made an error.

The council:

1. Approved construction of a six-foot fence and installation of lights at the Madden and Lewis boat storage area on the sandspit.
2. Agreed to invite M. A. Graham, president of the Golden Gate Bridge and Highway District, to its May 2 meeting to discuss bridge operation and Marin access to Vista Point.
3. Set up a committee of Councilmen Howard Sievers and Michael Harris and citizen A. Leonard Bjorklund Jr. to try to determine whether the city has an interest in the extension of South Street.
4. Introduced an ordinance which provides a 120-day moratorium on use permits for hotel construction or expansion on sites abutting Bulkely and Harrison avenues, Princess Street, Atwood Avenue and Santa Rosa Avenue. Purpose of moratorium is to study zoning of the area.
5. Appointed Earl Thompson to the board of review to fill the unexpired term of L. Pieraccini to March 1963.
6. Directed city manager Brown to investigate Donald E. Steffen's application for permit for an outdoor studio-gallery for water colors and oil paintings on city property either near the Trade Fair or near Ondine Restaurant for a rental of $40 per month.

Panel To Discuss Future Of Marin

Mrs. Norman B. Livermore, who recently accepted the "All-America City Award" given to Marin County, will appear on the radio station KTIM Marin Sounding Board" program, tomorrow from 9 to 10 a.m.

Other program guests will be Edward P. Ward, vice president of Marin Coounty Real Estate Board; Carroll Snyker, manager of Marin Industrial Development Foundation, and Philip J. Rowland, president of Marin County Taxpayers Assn.

They will discuss the future of Marin. Mrs. Livermore will speak on conservation; Snyker's topic will be industry; Ward will touch on real estate, and Rowland's topic will be taxes.

The program, moderated by Kitty Oppenheimer, will be repeated Sunday at 12:30 p.m. via tape recording.

Muir Woods Plans Kite, Earwig Day

The Muir Woods Park Improvement Assn. has a "double feature" planned Sunday noon at the clubhouse on Ridge Avenue—Kite and Earwig Bait Day.

Materials will be provided for kite building for children and grownups.

Members have been asked to cooperate with the county in the earwig abatement program. Bait will be mixed and packaged, ready for members to pick up.

The association will hold its monthly meeting at 8 p.m. Friday at the clubhouse.

Now Taxpayers Will Know Of Assessment Increases

Late last week Gov. Edmund G. Brown announced he had signed AB 209, by Charles H. Wilson (D, Los Angeles), which authorizes county tax assessors to notify taxpayers of the assessed value of their property.

Until this bill becomes law, 90 days after the adjournment of the legislature, the only way a taxpayer can find out about his assessed valuation is to go to the assessor's office and check the tax roll.

Under the new law, the assessor can notify all taxpayers of the assessed value of their property or tell only those whose assessments were 10 per cent greater than in the previous year.

In either event, however, the assessor must get the permission of the supervisors before he mails out such notices.

The obvious advantage to the taxpayer is that he would find out in time that his assessed valuation is to be raised. As it is now in this busy life, most taxpayers don't have time to get down to the assessor's office to look at the roll. Thus, his first notification that his assessment is being raised is when he gets his tax bill.

Then it's too late.

A method has been needed to notify the taxpayer in advance of the supervisors' meeting as the Board of Equalization. This is the board that can adjust an appraisal. But equalization must be done before certain, specified deadlines. That's why when you get your tax bill it's too late; the deadlines are past. Now you can be notified in time.

Prior notification of assessment increases can do another thing. It can tie the appraisal and assessment of property closer to the people responsible. In the last supervisorial campaign in Southern Marin, it was evident that many people were confused as to who assesses their property and how it is done, in spite of a determined effort by the county assessor's office to explain.

So we hail the signing of the Wilson bill and hope our supervisors will authorize our assessor to follow out its provisions.

Valerian And Poppies

The hills are so green now it almost hurts. Lush grassy carpets have blossomed on winter's tawny showroom.

Red valerian, one of the earliest and showiest of spring's wildflowers is reaching its peak right now. These neat purplish-red clusters identify the plant which was once a favored herbalist headache remedy of our frontier ancestors.

Along witth Scotch broom yellow and valerian red, more and more poppy orange is dotting the landscape. And the first signs of Lupine purple are making their appearance.

Wildflower spring has come with a bang to Marin.

YOUR VOTE COUNTS

It cost a man $180 to be convinced that he had lost an election.

The final returns showed that he had failed by eight votes to win the post of constable in a California town.

It was such a close outcome that he decided to pay for a recount of the 11,279 votes cast. Though it proved that he still lost, the final count was defeat by a single vote.

Since this unique instance underlines the importance of one vote, it should also be a reminder that failure of even one person to go to the polls and register his opinion in any election weakens freedom a tiny bit. By doing nothing, one may actually help the candidate or issue opposed to his point of view.

Take the time and trouble to vote intelligently, conscientiously and patriotically on every occasion and you will prove to God, to others and to yourself that you appreciate the blessings of liberty.

"He that is not with Me is against Me; and he that gathereth not with Me, scattereth."

(Matthew 12:30)

May I show, O Lord, my appreciation of the blessings of freedom by living up to its responsibilities.

Bohemian? Beatnik? They All Get Tired Of Hearing Certain Things

NEW YORK (AP)—Remarks a Greenwich Village Bohemian gets tired of hearing:

"Algernon isn't really afraid of work. He can lie right down by it and fall asleep."

"After all, Algernon's got everything Shakespeare has—except fame, fortune, talent and a tomb."

"He used to read his poetry at a coffee house until, after business began to fall off, the proprietor suspected Algernon was being subsidized by the tea people."

"Algernon believes in free love—as long as the girl buys the dinner."

"What you need is to do something spectacular to get public attention. How about going into Grant's Tomb and reciting your poems by candlelight? There must be an old candle around here someplace."

"I know you are careless about what the world thinks, Algernon, but would you please quit scratching? It looks so plebian."

"If you want to take a bath, come over to my studio tonight. This is the day we have hot water."

"Don't speak to him now. He's heartbroken. He finally decided to prostitute his art by writing a television soap jingle, and they turned it down. They said it was too commercial."

"His real trouble is he paints like Edgar Guest and writes like the fellows who draw mustaches on subway posters."

"Algernon started off by being a character. Now he's just a lack of character."

"He's been nervous all week. It started when the State Unemployment Office offered him a steady job."

"NO, I WOULDN'T call Algernon a beatnik. How could you? He never was beaten. He never put up a fight."

"Algernon, you had the cot last night. Tonight it's your turn to sleep on the floor."

"HIDE THE GIN. That sounds like Algernon knocking at the door."

"Gee, I'd just love to stay and hear you recite your poetry, Algernon, but I'm already late to another wake."

Give The Facts On Space Man

EDITOR:

I am surprised that with your editorial staff of intelligent people you would print the Russian space man story as it came off the wire without tongue-in-editorial-cheek or reservations.

In a barrel-like cask that has been pressurized and adjusted to ground conditions, how could he have been "weightless" and why did he have to have food and drink? Also, how could he "see" mountains and lakes, structures, etc., without a theodolite and particularly with no portholes in the "spaceship?"

It is doubtful if man could see that far through haze in any conditions and as far as radio communication is concerned—the "heaviside layer" that bounces beams off the stratosphere would be ineffective, in my opinion.

When will we see the pictures of the take-off and the landing? Did the stone faced "hero" forget his camera to take pictures of our planet?

The whole thing seems written by an American using American format and phraseology. The Russians cannot write that way, but could have help from better writers. And, we are told the man came to earth in an ordinary flying suit and parachute, but we are not told how the "ship" came down.

Further, the book about him, we are told, was printed before he took off!

Let's have the facts ed—if you ask me if any living thing over there has been to space except "white space" in the papers, I would say, "Nyett" and we may have real proof when we do "space ship" a man, 'tho our last president put us back a few years.

Land Is Not Sometime Thing

EDITOR,
Independent-Journal:

Your story on the proposal by our Senator Jack McCarthy regarding surplus federal lands in the amount of some 4,000 acres, clearly shows his responsible attitude toward intelligent land use and the economics of Marin County, which he most ably represents.

May I also compliment you on your fine editorial within past weeks querying as to why there had been a drop-off in recent years of attendance in the State Parks in Marin County.

As a young man and a comparatively new resident of Marin (with a new and growing family), I strongly feel that I am being uprooted—together with others—by strangers. All this before we have even had the opportunity of getting "our roots down." What apparently isn't realized by many is, that we are being pointed to and told, "Go back to the city. Private property and individual initiative is an outmoded dream."

To those of us who live here, this land is not a "sometime thing," and I would like to feel that I can pridefully leave to our future generations, rights guaranteed by our Declaration of Rights and the Constitution of the State of California.

No Praise For Cosmonaut

EDITOR,
Independent-Journal:

There is no point to withholding praise for the recent Russian adventure into space, but the acclaim should be for those who designed and perfected the vehicle.

Sport Show Big Success

EDITOR,
Independent-Journal:

In behalf of the membership and board of directors of the Marin Rod and Gun Club, may we express our deep appreciation for the magnificent cooperation of the Independent-Journal in making an overwhelming success of the recent Marin Rod and Gun Club Sport Show.

We are very proud that our annual show has grown in just eight years to a major community event with outstanding support from many areas of interest in Marin County. We are particularly pleased with this showing of community-wide support because it means that all Marin is participating in the active conservation program which has motivated our organization for more than 30 years.

Without the continued cooperation of the Independent and its able and efficient sports editor, Jim Gilmartin, the success of our show and our effectiveness in behalf of fish and wildlife resources would not be possible. We are most grateful and are looking forward to working with you in future years.

TRY AND STOP ME

BENNETT CERF

A New Jersey delinquent was being tried for the theft of an automobile. The case was flubbed by the prosecution, however, and the judge was compelled to instruct the jury to bring in a verdict of "not guilty."

The foreman of the jury thereupon announced dutifully, "Your Honor, we find the crook that stole that car not guilty."

A young man tapped Mr. Wimpfheimer on the back and announced, "I'd like to speak to you about your daughter's hand. "Sit right down, my boy, and tell me more," beamed Mr. Wimpfheimer. "I will," obliged the young man, "I'd like the jewelry on your daughter's hand back."

If I'm a little overweight, I will sincerely try to train down by drinking every reduction beverage currently on the Marin market.

This world is betting too much for me and that's the truth.

Moreover, there is no need for me to fly now and pay later. All my income tax checks got into the mail on time and I figure they entitle me to first class; no economy rockets.

IT WAS AROUND 4 o'clock of a recent Mill Valley morning that lying abed up on our green ridge, I heard by radio how Comrade Yuri Gagarin had gone up by sputnik some 302 kilometers and come down to report everything hunky dory in outer space.

What impressed me was the broadcaster's account of the triumphant rejoicing in the streets of Moscow.

This, is seems, compared not unfavorably with the triumphant rejoicing in the streets of our own Pittsburgh last fall on the occasion of the Pirate victory in the World Series. (That's baseball, comrade, if in your ignorance you don't know.)

It is well known that the Russians do little if anything bigger or better than we in America, so it is natural that Pittsburgh's rejoicing was superior to that in Moscow. Never yet have the Russians ever won a World Series.

AS TO COMRADE Yuri, he seems to have deserved no special credit for what after all will shortly become a common enough feat provided we can see anything in it for us.

Within a matter of a few hours, in fact, one of our own experts announced that we could have done it first save that we had our mind on a multitude of other things. No doubt he was referring to baseball partly.

For the life of me, I can't see why the average normal American should want to get into outer space. It seems a big empty dismal dreary place somewhat on the order of Texas, but no oil or cotton.

There is no commerce, no industry and no baseball, from all accounts. No income tax either, I judge.

That to me is the beginning of its charms. A wrongheaded fellow in almost all respects, I really feel increasingly inclined to Get Away From It All, if a deal can be worked out on any sort of a sound basis.

NOW THAT MARIN has been given its prize as an All-America City Award winner, there is little more that Citizen Gould can contribute here and I have ideas for some real service in the outlying precincts.

Specifically, I would like to check up on George Bernard Shaw's theory that the other planets use this one for a lunatic asylum.

This strikes me as a persuasive notion worth looking into.

If I can be flown hither and yon awhile, the thing might be done by a little simple checking easy enough for any trained reporter.

Having a monkey companion is important.

ON ENCOUNTERING life from distant parts, I shall promptly expose the monk to these strange folk and note the degree of resemblance, the types of respective behaviour, etc.

Soon enough, I should be able through use of this yardstick to figure some considered findings.

There will also be the question of whether the monkey and I should return and I imagine I'll want to by that time, if there seems any prospect that Marin will have me.

About the monk, I can't say. It all depends on how bright he is.

Khrushchev Needs To Consolidate East Germany; Fears Bonn Arms

It is clear to me at the end of a long talk that in Nikita Khrushchev's mind the future of Germany is the key question. I sought first to understand why he thinks the German problem is so urgent, and so I asked him whether, since agreement was so far off, a standstill of five or ten years might not be desirable.

He said this was impossible. Why? Because there must be a German solution before "Hitler's generals with their 12 NATO divisions" get atomic weapons from France and the United States.

Before this happens there must be a peace treaty defining the frontiers of Poland and Czechoslovakia and stabilizing the existence of the East German state. Otherwise, West Germany will drag NATO into a war for the unification of Germany and the restoration of the old Eastern frontier.

HIS FEELINGS of urgency, then, springs from two causes: his need to consolidate the Communist East German state—known for short as GDR—and second his need to do this before West Germany is rearmed.

He said several times that he would soon bring the German question to a head. Quite evidently, the possibility of nuclear arms for West Germany is not immediate. Bonn does not now have the weapons and although the possibility of it is real enough, the threat is not so urgent as to be a matter of a few months.

The more immediately urgent consideration is, no doubt, the need to stabilize the East German regime, particularly in view of the flow of refugees.

MY GENERAL impression was that he was firmly resolved, perhaps irretrievably committed, to a showdown on the German question. But it was evident also that he dreaded the tension—he referred to this several itmes—and is still looking for a negotiation which will work out a postponement and an accommodation.

In the talks it transpired that he is thinking of the problem as having three phases.

The first is what he considers the real and also the eventual solution. He has no hope, however, that the West will now accept it. His thesis is as follows.

The two Germanys cannot be reunited. The West will not agree to a unified Communist Germany and the Soviet Union will not agree to the absorption and destruction of the GDR by West Germany. There are in fact two Germanys'

The way to proceed is, then, to "codify" the status quo in the form of peace treaties with what he called the three elements of Germany. These htree elements are West Germany, East Germany, and West Berlin.

THIS CODIFICATION would require de facto, but not diplomatic, recognition of the GDR. It would fix by international statute the position of West Berlin as "a free city," with its right of access and its internal liberty guaranteed by the presence of "symbolic contingents" of French, British, American, and Russian troops, by neutral troops under the aegis of the U. N., and by the signatures of the two Germanys and the four occupying powers.

As I said, Khrushvhev does not expect at this time to reach this solution. He has, therefore, a second position which he called a "fallback" position, which I will discuss tomorrow in the fourth and final article in this series.

Drake Wallops San Rafael In Marin League Opener

Geminiani's Two-Hitter Tames Bulldogs By 8-2

Two-hit pitching of Nino Geminiani backed up by four extra base wallops carried the title-minded Drake Pirates to an 8-2 victory over the San Rafael Bulldogs yesterday in the opening of the Marin Athletic League's round-robin baseball schedule at Drake.

Coach Verle Sorgen's Pirates, defending champs and winners of the league tournament earlier this month, pushed across five runs in the first inning to ice the win over a San Rafael team regarded as a strong threat for the pennant.

Geminiani, sometimes wild, walked seven Bulldogs, giving up single runs in the first and last innings, but he was striking out 10 en route. Only Bulldogs to hit safely were Tom Mork and Tom Williams, each with a single.

ARD HOMERS

Meanwhile, the Pirates were unloading some big wallops off the slants of San Rafael's Dennis Hall. Jerry Ard smashed a home run, Bog Ingram delivered a triple and had three runs batted in and Lee Malcolm and Vince Pallavicini slammed doubles.

Drake gets its second test Friday against a hard-hitting Tamalpais nine at Tam's diamond, 4 p.m.

GIANTS, 49ERS TO ATTEND MARIN BANQUET

Willie McCovey of the Giants and Abe Woodson of the 49ers will be San Francisco professional sports stars headlining the guest table at tonight's Marin Catholic High School sports banquet, Rev. Bernard Cummins announced yesterday.

Faher Cummins said more than 300 persons are expected to attend the annual fete in the school cafeteria starting at 7 o'clock. Walter Mails, Giants' publicist, will accompany McCovey.

Meanwhile, Radio KTIM Sportsmen's Club will honor the 12 outstanding athletes in the Marin Athletic League at its annual banquet at Bermuda Palms. Pete Newell, athletic director at University of California, will be main speaker.

The top Marin athletes, selected by their respective schools, are Norm Kreuter and Pete Dornbach of Tamalpais, Sam Johnson and Mike Bresnan of Drake, Randy Petrini and Billy Roberts of San Rafael, Jerry Crowe and Ed O'Connell of Marin Catholic, Lu Haas and Jim Sewell of Novato and Mike Hoffman and Rich Brear of Redwood.

Was Snider Deliberately Hit By Pitch?

LOS ANGELES (UP)—Duke Snider will be out for a month with the first broken bone of his career, and the Dodgers are indignantly suggesting it might not have been an accident that disabled him.

Snider suffered a cracked bone above his right elbow Monday night when he was hit by a pitch from St. Louis right-hander Bob Gibson—just two innings after Snider tagged Gibson for a two-run homer.

Gibson denied any intent to hurt the veteran outfielder. But Dodger General Manager Buzzie Bavasi said in a telegram to National League President Warren Giles:

"For your information, Snider was hit with the first pitch thrown to him after he hit a home run. It looks as though the bean ball rule is working against Dodger pitchers."

WILLIAMS FINED

Dodger right-hander Stan Williams had just been fined $50 for throwing a pitch that sailed over the head of Pittsburgh second baseman Bill Mazeroski last Sunday.

Gibson said Snider knocked an outside pitch over the left-field screen in the third inning, so he decided to pitch him inside the next time he came up.

"There may be a couple of guys in this game who try to hurt people," Gibson said, "but I'm not one of them. Naturally, I'm sorry, but nothing I can say now will help fix him up again."

The Dodgers said their wire to Giles was not an official protest.

Snider himself accused Gibson of nothing. "It's just one of those things," said the Duke.

3 Giants Forfeit Bonds In Phoenix

PHOENIX, Ariz. (UPI)—Three San Francisco Giants baseball stars yesterday forfeited bonds of $30 each in connection with their arrests on drunk and disorderly charges.

The players were Harvey Kuenn, Bob Schmidt and Jim Davenport. They were arrested April 5 in downtown Phoenix. Lester Gray, 20, of Phoenix contended he was hit for no apparent reason.

Pringle Sparks Drake Swimmers Over San Rafael

Bob Pringle of Drake High won two events to pace the Pirates' swimmers to a 60-34 victory over San Rafael yesterday in a Marin League meet at Drake's pool. San Rafael's Lou Yuvan was the varsity meet's only other double winner.

Drake also won Class B 63-23 as Terry Politi again was a double winner and the 200-yard medley relay quartet of Al Smith, John Detweiler, John Mulder and John Gaylord set a school record of 2 minutes, 6.7 seconds.

San Rafael's Class B star Bill Levin set a pool record of 28.8 seconds in the 50 butterfly.

Varsity first places: 400 free, Pringle (D), 4:50.5; 50 free, Yuvan (SR), 24.2; 100 butterfly, Crossler (D), 1:02.9; 200 free, Denny Smith (D), 2:13.8; 100 backstroke, Yuvan (SR), 1:08.1; 100 breast, P. Redwood Mermen Set New Marks, But Lose

Redwood High School's swimmers collected the individual records but Tamalpais High picked up the team honors yesterday in their big Marin Athletic League meet at Tam's pool.

Undaunted by pool record performances by Giants Dick Chambers and Ken Frost, the Tamites splashed to a 53-38 team victory to remain unbeaten in league dual competition. Pacing the Indians was Rick Snow with victories in the individual medley and the 100 butterfly.

Chambers, also a double winner, set a pool record in the 200 freestyle in 2 minutes, 1.9 seconds. He was pushed to the new mark by Tam sophomore Jack Martin. Chambers also won the 400 free.

Frost negotiated the 100 breaststroke in 1:06.8 to break his own record for the Tam pool.

Tam also won Class B easily, 65-19. Duncan Green, a freshman, set a school record of 1:10.6 in the 100 back and Greg Cory won the 50 butterfly and the individual medley.

Varsity first places: 400 free, Chambers (R), 4:25.6; 50 free, DePrado (T), 25.6; 100 butterfly, Snow (T), 1:01.6; 200 free, Chambers (R), 2:01.9 (new pool record; old record, Snow, Tam, 2:03.2); 100 back, McCreary (T), 1:04.8; 100 free, Mosher (T), 56.0; 100 breast, Frost (R), 1:06.8 (new pool record; old record 1:07.2, Frost, Redwood); 200 Individual Medley, Snow (T), 2:32.4; 200 Medley Relay, Redwood (Vogel, Frost, Foster, Herst), 1:54.1; 200 Free Relay, Tam (Mosher, Stewart, Martin, Potts), 1:42.4; Diving, Reels (T), 120.20 points.

Reds' Rout Of Loes Doesn't Worry Dark—'He'll Do Okay'

Manager Alvin Dark of the San Francisco Giants is sticking with Billy Loes even if his right-hander was stuck in turn last night by a solid lacing at the hands of Cincinnati.

"Loes pitched all right," Dark said after the Reds climbed back to the top of the National League by downing the Giants 9-1. "Some balls fell in for hits that might have been outs. I thought he threw well."

Jack Sanford was slated to pitch for San Francisco today against Jay Hook of the Reds with each right-hander looking for his first decision of the year.

There was to be one switch in the San Francisco lineup. Dark said that he will give shortstop Ed Bressoud a rest and send Jose Pagan in the position.

LOES SHELLED

Loes, now 1-1 on the season, was belted for six hits and six runs, all earned, during the two innings he worked. He actually toiled into the third frame but was hoisted after giving up three straight hits and a score.

Then Gordon Coleman, the first man to be faced by reliefer Ed Fisher, belted his second pitch over the right field barrier for a three-run homer. A two base error by Orland Cepeda in the same garden kept the rally going for two more runs — both unearned — before the side was retired.

Thus armed with a total of nine runs in three frames, Bob Purkey cruised to his second win of the year. He has gone the distance in each case.

The astute sinker-ball artist limited the Giants to six hits, the big one being Willie Mays' second home run of the season. This blast came in the seventh when Purkey was working on a two-hitter.

Before the inning was over, Purkey had loaded the bags with three straight walks—the only ones he surrendered all night — but then retired the side on pinch-hitter Jim Marshall's bouncer.

Cepeda singled and Charlie Hiller doubled in the last frame but neither hit did any damage.

Drake Track Team Defeats Marin 'Cats

Sprinter Harry Sullivan and field man Lou Galetti each won two first places yesterday to lead Drake High's varsity track and field team to a 61-52 victory over Marin Catholic in the makeup of a Marin League dual meet postponed from earlier in the season.

Sullivan won the 100 in 10.6 seconds and the 220 at 23.1 while Galetti was winning the high jump at 5-10 and the pole vault at 10 feet even.

Marin Catholic's Rich Ongaro, a constant double winner in the hurdles, scored his usual victories again for the Wildcats with a 16 seconds clocking in the 120 yard high hurdles and 21.7 over the 180-yard low barriers.

Drake also won the lighter divisions, 82-30 in Class B and 50-27 in Class C.

Fred Krug won the 75 and 150-yard sprints to lead Drake's Bs while Pete Metz in the 75 and 150 and Tom Farber in the high jump (5-4) and pole vault (9-6) led the Class C victory.

Indians Launch Marin League On 10-Hit Attack

Coach Ray Bell's Tamalpais Indians wore their hitting flannels to wind-blown Albert Field in San Rafael yesterday and proceeded to crush the Redwood Giants 12-4 behind a 10-hit outburst that featured four extra-base blows.

Pitcher Russ Adams with a triple and double and Norm Kreuter and Dave Perlis with doubles led the assault on two Redwood pitchers. Perlis' two-run double highlighted a four-run third inning that put the Indians beyond reach of the Giants.

JORDAN CONNECTS

Redwood, held to four hits by Adams and relief hurler Fred Mack, was paced by third sacker Rocky Jordan who had a productive day at the plate with a pair of doubles and two runs-batted-in.

Adams was the winning pitcher and Rich Brear, who started for Redwood, the loser.

Tam centerfielder Chip Collins had a busy day. He collected two hits in three official trips to the plate, scored four runs, and on defense came up with three great catches that crippled Redwood rallies.

Champ To Fight In L.A.

LOS ANGELES (UPI) — California middleweight champion Johnny Smith of Los Angeles has signed to meet L. C. Morgan of Youngstown, Ohio, April 27 in a non-televised, non-title bout at Olympic Auditorium.

Morgan, although listed as a lightweight, has been boxing at about 140 pounds to find opponents. Smith must make 150 pounds under terms of the contract reached yesterday.

NOVATO'S HALE BLANKS MARIN, 3-0

Novato High's Larry Hale turned in the Marin Athletic League's finest pitching performance yesterday in goose-egging the Marin Catholic Wildcats 3-0 at Marin's diamond in Greenbrae. Hale, who gave up three hits, struck out 13 Wildcats while walking only one. He was nicked for a double by Frank Ubhaus and singles by Joe Hebel and Chris Ahern.

Novato got the only run it was to need on Joe Colfer's first inning home run, but the Hornets tacked on insurance tallies in the fourth when Bob Remley squeezed home Colfer and in the seventh when a bases-loaded wild pitch scored Karl Hale from third.

Marin's Bill Finn was the losing pitcher. He allowed only three hits, struck out eight, but walked five.

Novato's only hitters besides Colfer were Lu Haas with a double and Bob Overmyer. Haas unloaded several long drives, but all of them curved foul.

Mauch Feels Bucs To Be Champs Also Has Good Word For Giants

HANLEY

Gene Mauch still thinks the world champion Pirates will repeat this year. Why? Because they don't make mistakes and when they get a man on base they move him around.

"That's a pretty good combination," said the young manager of the young Phillies. "An offense and a defense always was."

Mauch picked the Pirates during the spring and following Philadelphia's first 1961 outing against the Dodgers and Giants he saw no reason to change his pick.

"But don't misunderstand me," Mauch said. "It's no shoo-in for Pittsburgh. There has been no such thing as a shoo-in in our league in recent years.

"Los Angeles has the arms and legs—the pitchers and runners with lots of speed. Is LA's pitching better than ours? Well, we have a couple of fine young right handers in Art Mahaffey and Dallas Green but you couldn't say they have the experience of Johnny Podres and Roger Craig. Robin Roberts? There's only one Robby and, of course, there is only one Don Drysdale."

Beyond that, Mauch declined to draw the parallel on Philadelphia and Los Angeles pitching. The Dodger mound staff was awarded all pre-season and early season honors, Philadelphia's generally overlooked.

ROBERTS, Mahaffey, Green, John Buzhardt, Chris Short and Frank Sullivan (acquired from Boston in that winter swap for Gene Conley who had words with Mauch) will not get the same kind of offensive hitting support the Dodger throwers will this season. But they are going to win their share of games on their own, and with Dick Farrell saving a dozen or more.

Does Mauch think the Giants have a serious shot at the 1961 pennant?

"Of course they have a shot at it," he said. "Any team with a superman like Willie Mays always is in contention particularly when there are a couple of budding supermen flanking him (Felipe Alou and Orlando Cepeda).

"AND THERE still is another potential superman in that first baseman (Willie McCovey), and your third baseman (Harvey Kuenn) definitely knows how to handle a bat.

"With that kind of bat power in the lineup you have to put the Giants in contention. Al Dark will see that they are."

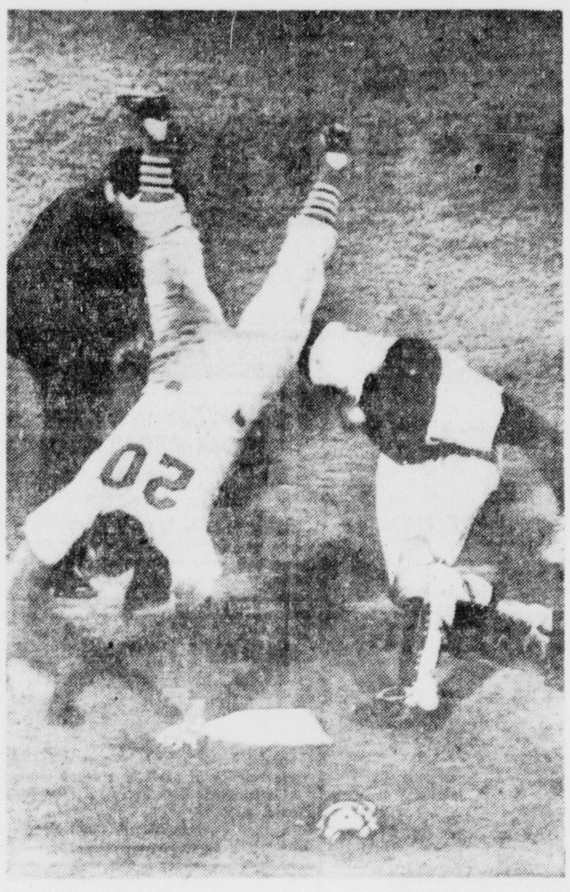
As far as his own team is concerned, Mauch readily acknowledges Philadelphia is building for the future. He does not intend to push Tony Curry and John Callison too fast.

"I COULD PLAY Curry and Callison every game, sending them against the like of Mike McCormick, Johnny Podres and all the other southpaws. But I want them to get more experience and confidence. And they are getting it."

In mid-season last year, Mauch added another rookie to his youthful outfit—Tony Gonzalez. The Phils traded Harry Anderson, Wally Post and first baseman Fred Hopke to Cincinnati for Gonzalez and Lee Walls.

Gonzalez broke in with a flourish for the Reds in 1960. He was hitting around .380 and getting talked about. Then the veteran moundsmen went to work on him and his average skidded to .270.

THAT GONZALEZ is getting his confidence back under Mauch was demonstrated forcefully by the Cuban when he belted the only homer ever hit by a southpaw swinger over Candlestick Park's left field barrier—a two-run blast that gave Juan Marichal his first loss of 1961.



GYMNASTICS IN COLISEUM

St. Louis Cardinals' Daryl Spencer cartwheels across home plate after colliding with Los Angeles catcher John Roseboro in the L.A. Coliseum last night. Spencer was trying to score from third on infield grounder, but was tagged out in a collision at the plate. Dodgers won, 5-4. (AP Wirephoto)

Bait-Stealing Undersized Bass Ruffle Tempers Of Angling Army

STEVENS

History does repeat itself, doesn't it? Not many months ago there was ranting and raving and gnashing of teeth by striper-strivers because of bait-stealing undersized bass. From three contacts I made Sunday the lamentations were the same.

In spite of a high degree of optimism on the part of a few over-anxious hombres, the fishing up until 1 p.m. Sunday was not good. Oh, sure certain spots did yield fairish angling, but the overall picture was not bright.

I spoke to Harold Dowrelio at Crockett Harbor. Most of the all-day boats were still fishing, but the half-day boat, Dowrelio No. 5, had come in with one legal fish (bass) and a few flounders. An unverified report of another half-day boat from the Rodeo Marina, the Two Dares, also unloaded its passengers and had one legal bass.

JOE JOSEPH of Joseph's Rodeo Harbor told me many of his skiffs had fished well downstream in the morning. When the wind sprang up around 1 p.m. they started coming back to port—sans fish. However, Joe did say that until the weekend the lads who go in for sinkerless trolling on the Flats off Hercules had had a field day with fish running to 14 pounds and many, many limits. It was N.G. Sunday. Oddly, the run of trolling fish recently happened on the outgoing tides, although in other areas the best bets were on the last hour of the flood and the first hour of the ebb.

FROM JOE'S Launching at Santa Venetia I learned that Saturday was quite good as far as quantity was concerned, but the quality was not so good. Mostly fish from 16 to 18 inches were brought in. An estimated 150 fish were unloaded at Joe's Launching on Saturday with fewer on Sunday, and still running small. Like most harbors, the small boats were being blown in at Joe's place.

I spoke to Ida Andronico at Frank's Resort on Bethel Island and learned that while last week saw more fish than the previous weeks, it was still spotty fishing for stripers—in the Tract and also in the rivers. Catfishing held its own with many limits taken through the week and a slight slowdown on Saturday and Sunday. A fairish number of black bass came in and that's good news.

I TRIED hard to get an idea of salmon trolling outside the Golden Gate but as is usual on Saturday and Sunday, the air was filled with a half dozen skippers all talking at the same time. Some were racing their boats, some were opening the commercial season and some were just talking for the sake of talking. I did hear one boat, the Sea Sport, announce that it already had 11 nice fish in the box at a bit past noon. On Saturday, the top boat out of the Berkeley Harbor unloaded 17 sizeable salmon, but no boats had come in by the time I started writing this column Sunday.

THIS WEEK'S tip: When all around you fellow anglers are hauling in and releasing undersized fish, try make a long cast to drop your baits BEYOND the circle of the babies. Sometimes it pays off. Big fish frequently hang around on the edges of the schools of babies.

Paul Taylor Wins Veep Golf Trophy

Paul E. Taylor of 140 Woodbrine Drive, Mill Valley, was awarded the Mill Valley Golf Club Vice President's Day trophy Sunday after he completed the 18th hole one up in net total over William A. Canham of 78 Locust Avenue, Mill Valley, and Frank Lyman of 49 Corte Lenosa, Greenbrae.

Club vice president Keeler Nash of 43 Mable Avenue, Mill Valley, presented the trophy to Taylor who shot a 39-39—78, giving him a 56 net with his 22 stroke handicap. Sharing runnerup spots were Canham, who shot 74 and Lyman who finished with 76. Each tallied a 57 net.

Next Sunday at the Mill Valley Golf Club, the Ladder Tournament will get underway and continue through the summer, it was announced.

AAU Cage Tour Of Russia Postponed

NEW YORK (AP) — Stopped before they could score a point, two talent-laden AAU basketball teams scheduled to leave for a three-week exhibition tour of Russia awaited word today on prospects for making the postponed trip.

The 31-member group, headed by two-time All-America Jerry Lucas of Ohio, was notified yesterday two hours before departing for the Soviet Union that the tour had been postponed indefinitely due to the outbreak of anti-American disturbances in Moscow.

Dan Ferris of the Amateur Athletic Union said he had been advised by the State Department "that the USSR basketball federation had requested a delay of a few days" because of the disturbances.

Huntzinger-Petersen Win Mixed Doubles

Winners of the weekend doubles bisque tennis tournament at the Southern Marin Recreation Center were Paul Huntzinger and Tina Petersen. They defeated Tom Price and Mrs. Phyllis Knapp, 6-0 and 6-4.

Following the tournament the tennis committee held a meeting to discuss the junior tennis summer program, followed by a party for committee members and their families.

BIG LEAGUE ROUNDUP

Dodgers' Hustle-Muscle Combination Nips Cards

By U.P. INTERNATIONAL

Manager Walt Alston is discovering that his Los Angeles Dodgers have plenty of muscle to go with their hustle.

Lack of long ball strength was the weakness that Alston feared would be the Dodgers' No. 1 problem this season, but the evidence of the first week of the National League campaign is that Los Angeles has surprising punch to go with its speed and pitching. In eight games they've hit a total of 11 homers and they've been distributed liberally throughout the lineup.

The Dodgers won a battle of homers last night when they downed the St. Louis Cardinals, 5-4, and enabled the Cincinnati Reds to take over first place via their 9-1 shellacking of the San Francisco Giants. The Pittsburgh Pirates beat the Chicago Cubs, 5-3, and the Minnesota Twins topped the Boston Red Sox, 3-2, for their fifth win in six games in the only other major league action.

Frank Howard smashed a two-run homer and Johnny Roseboro and Wally Moon also homered to account for four of the Dodgers' five runs. The blows offset somewhat shakey Los Angeles pitching in addition to two homers by St. Louis' Ken Boyer.

CRAIG HELPED

Roger Craig received credit for the Dodgers' fourth victory in eight games although he was followed to the mound by rookies Jim Golden and Ron Perranoski. Perranoski took over in the eighth inning and protected the one-run margin through the last two frames.

Vinegar Bend Mizell, aided by Elroy Face's two innings of shutout relief, picked up his first win of the season for the Pirates. Dick Stuart tripled home a 2-2 tie-breaking run in the fifth inning and singled home the run that snapped a 3-3 tie in the seventh to lead the world champions' 12-hit attack. Stuart, Dick Groat, Roberto Clemente and Bill Virdon each had two hits for the Pirates and Ron Santo had two for the Cubs.

Left-handers Jim Kaat and Bill Pleis pitched a three-hitter and Jim Lemon hit his first homer of the campaign for the Twins who now lead the American League by one game. Kaat had a one-hitter until the eighth when he faltered and Pleis went in to hold the Red Sox hitless over the last 1⅔ innings. Lenny Green went 4-for-4 for the Twins.

100-Mile Kart Race At Cotati Set For Sunday

Saturday's schedule of events includes safety inspections and practice sessions, "sure to be packed with excitement and action, all building up to Sunday's 1 p.m. lineup for the big 100-mile race," said a race official.

Gates open both days at 8 a.m. Ample parking is available at Cotati Raceways, Highway 101, 25 miles north of San Rafael, between Santa Rosa and Petaluma.

SIMPLE, GOOD TASTING meatless low-calorie recipes are always a welcome addition to menu planning. And this is especially true if there is a weight watcher in the family. Shrimp, a low calorie seafood is sauced and seasoned with rosemary and served in patty shells.

Low Cost, Calorie Luncheon

Simple, good tasting meatless low-calorie recipes are always a welcome addition to menu planning. And, this is especially true if there is a weight watcher in the family. Modern nonfat dry milk is rapidly becoming the basic ingredient for many recipes of the lowered calorie variety. The formula consists of combining foods of low calorie content and the selection of the proper seasoning for contrast.

Nonfat dry milk is ideal for cookery since the packaged product is homogenized-smooth. It is highly nutritious, too, for it has all the important elements of top-quality pasteurized milk, with only the water and fat removed. Its use in recipes is aptly illustrated by this recipe. Shrimp, a low calorie seafood is sauced and seasoned with rosemary and served in patty shells. Preparation is simplicity itself. The cost is low and flavor highly acceptable. Here is the recipe:

SEAFOOD SAUCE

(Makes six ⅔-cup servings)

⅓ cup butter
½ cup flour
1 teaspoon salt
⅛ teaspoon pepper
⅛ to ¼ teaspoon rosemary
2½ cups liquefied non-fat dry milk
2 cups (two 5-oz. cans) cooked small shrimp

Melt butter in a medium-size saucepan over low heat. Blend in flour and seasonings. Gradually stir in liquefied nonfat dry milk. Cook over medium heat, stirring constantly, until sauce is smooth and thickened. Add cooked shrimp. Cover and simmer for 15 minutes, stirring occasionally. Serve in patty shells or on toast.

Peanut Soup Now Sweeping Country

Webster defines "gastronomy" as the art of good eating. How is your gastronomic rating, and is it up to date? For example there's a dish that's new, hot and sweeping the country. Thousands have heard of it. Other thousands have not yet had the word, perhaps because the news has been getting around through odd channels. Praise crops up in columns whose writers have ridden Southern railroads, or on the food pages of the few editors who have discovered the new treat on jaunts to various well-fed areas.

We're talking about Peanut Soup, made with peanut butter, naturally, since few would care to start by grinding up peanuts. The consensus is if you like peanuts you'll love peanut butter soup. Even adventurous souls, however, may take the first sip timorously. But one taste and the taster wants a second, and many many more.

The first recipes to reach public print were usually complicated quantity ones, begged from dining car chefs or keepers of fine inns. They instruct in such procedures as working up several large jars of peanut butter into a "light roux" and making quarts of veal stock by simmering veal shin bones over a low fire for several hours. In the midst of all this to-do the test kitchens of the world's largest selling peanut butter set about working out a couple of simple, family-size recipes for this new adventure in good eating, and here they are:

PEANUT BUTTER BOUILLON SOUP

3 cups boiling water
2 chicken or beef bouillon cubes
½ cup creamy peanut butter
¼ cup milk or cream

Add boiling water to bouillon cubes. Stir occasionally until dissolved. In a medium-sized saucepan stir about ½ cup bouillon into peanut butter until smooth and well blended. Gradually blend in remaining bouillon. Bring just to boil over medium heat, stirring occasionally. Reduce heat and simmer 20 minutes, stirring frequently. Add milk or cream and reheat. Makes 4-6 servings (about 3 cups.)

MONTEREY PEANUT BUTTER SOUP

¾ cup (1 6-oz. jar) creamy peanut butter
3 cups milk
Dash cayenne, Tabasco, chili powder, Worcestershire sauce or Angostura bitters

In a medium saucepan over low heat slowly and add milk to peanut butter and blend well. Keep over low heat until warm and ready to serve. Serve seasonings (for personal choice) along with soup. Makes 4 servings.

TWO RECIPES for flavorful Peanut Butter Soup are given today. Some people may prefer the one with a meat or chicken bouillon base, others may like to make this excellent soup with milk alone, blended with creamy peanut butter. In either case crunchy croutons, lightly sauteed in a little margarine or butter, lend an extra touch of glamour when desired.

Whip To Fluff

Ever top thawed frozen raspberries with cream cheese whipped to a fluff with a little milk or cream?

The Divinity Fudge Makes A Comeback!

Now that the 1920s have inspired this spring's dress styles, how about reviving the candy that the flapper era ushered into home kitchens?

Divinity! While flappers were learning to do the Charleston, their mothers were probably learning how to beat up a batch of this luscious fudge. According to our culinary sleuthing, recipes for Divinity Fudge didn't begin to appear in our cook books until after World War I.

Probably the offspring of age-old nougat candy, our guess is that Divinity was sold in candy shops before home cooks ferreted out the secrets of its making. By 1929 Divinity was in its heyday, and was known also as "fluff" or "feather" candy.

A 1929 candy cook book gives five ways to vary the original vanilla-flavored Divinity: Rose Mint (colored pink and flavored with wintergreen); Pineapple (chopped candied pineapple added); Sea-foam (made with light brown sugar); Brown Sugar (made with dark brown sugar); and Chocolate.

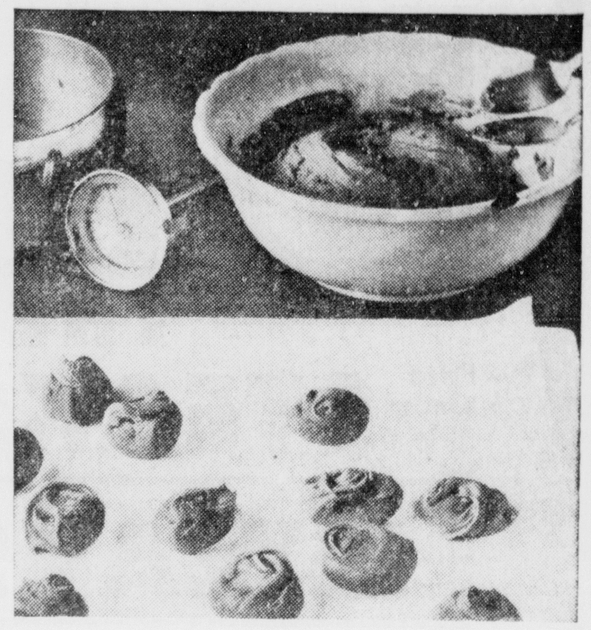
The first home recipes for Divinity took long, long beating because a one-temperature method of boiling the syrup to be beaten into the egg whites was used. We find that the two-temperature method given in the following recipe cuts down greatly on beating time.

CHOCOLATE DIVINITY

2½ cups sugar
½ cup light corn syrup
½ cup water
¼ teaspoon salt
2 egg whites
2 squares (2 ounces) unsweetened chocolate
1 teaspoon vanilla
1 cup coarsely chopped walnuts or pecans (if desired)

In a medium-sized saucepan (about 2 quarts) mix together the sugar, corn syrup, water and salt. Cook over medium heat, stirring constantly, until mixture comes to a boil. Reduce heat; cook without stirring to 248 degrees (on a candy thermometer) or until 1 teaspoon of the syrup dropped into 1 cup ice-cold water forms a firm ball that does not flatten. Just before syrup reaches 248 degrees, beat egg whites until stiff but not dry. Pour about ½ of the syrup very slowly over the beaten egg whites, beating constantly until blended. Meanwhile cook the remainder of the syrup to 272 degrees or until 1 teaspoon dropped into 1 cup ice-cold water separates into threads that are hard but not brittle. Add syrup, about 1 tablespoon at a time, to the first mixture, beating well after each addition and using either a wooden spoon or an electric mixer. If mixture becomes too thick for mixer, continue beating with a wooden spoon. Continue beating 5 minutes after last addition of syrup. Add melted chocolate and vanilla. Beat until mixture begins to lose its gloss and holds its shape when dropped from a spoon — about 5 minutes more. If nuts are used, mix them in at the end of this beating period. Drop by teaspoonfuls onto waxed paper. Makes about 1¼ pounds.

SNOWY DIVINITY: Omit chocolate; after last addition of syrup, continue beating until mixture holds shape.



DIVINITY FUDGE had its heyday in the 1920's but candy fanciers still go wild over this sweet.

Baker-Marvin Rites Held In Mill Valley

Mill Valley's Episcopal Church of Our Saviour was the setting for the marriage Sunday, April 16, of Judith Marvin to Frederick Arnold Baker Jr.

For the 2:30 p.m. nuptial rites the altar was decorated with white gladioli and pale yellow and white carnations, and pews were marked with white carnations.

Rev. D. Murray Hammond and his father, Rev. S. R. Hammond, officiated at the double ring ceremony attended by about 100 guests.

When Judy was given in marriage by her father, Donald Edward Marvin of Mill Valley, she was wearing a floor length white peau de soie gown with straight front and back falling into a chapel train. The fitted bodice of re-embroidered lace had short sleeves, and she wore long white kid gloves.

Her bouffant shoulder length veil was held by a circlet of white baby rosebuds, which also formed her bouquet together with white ribbons tied in love knots.

Maid of honor was Melinda Martin of Vancouver, B.C., and bridesmaids were the bridegroom's sister, Mrs. James Souvulewski of Fairfax, Victoria Wilder of Mill Valley, and Mrs. Robert Bell of Kentfield.

They were gowned identically in shirtwaist styled frocks of cafe au lait organza fashioned with V necklines having large collars and waistlines accented with gold kid belts. On their hair they wore circlets of baby yellow rosebuds, and the same flowers with yellow carnations and talisman colored ribbons formed their bouquets.

Serving the bridegroom, who is the son of Col. and Mrs. Frederick A. Baker of Clearfield, Utah, as best man was Peter Siewert of Berkeley, and ushers were the bride's brother, Donald E. Marvin Jr. of Mill Valley, Ensign Stephen W. Barber, stationed on the USS Noble, Charles Siegler of San Francisco and Robert Hamilton of Modesto, who also handled all the flower arrangements.

For the reception in the home of the bride's parents the fireplace was filled with Japanese maple leaves and flanked by gold capped white corinthian columns. A huge urn of lilacs stood on a white marble table and between the foyer and living room were two French antique gold cherubs—once owned by the famed French artist Toulouse Lautrec — holding garlands of white lilacs and carnations.

The three tiered wedding cake was encircled at the base with gardenias and decorated on top with lilies of the valley.

The bride's mother attended the wedding and greeted guests wearing a suit of tan gabardine and white lace with matching picture hat and corsage of white cymbidium orchids. The mother of the bridegroom was unable to be present because of illness.

Among those present were the bride's grandmother, Mrs. Leo Joseph Connor of San Diego and Sonya Nokowiak of San Francisco, a longtime family friend and noted photographer who took the wedding pictures as her gift to the young couple.

When the bride left for her honeymoon, she was wearing a tweed suit and sport car cap suitable for their motor trip to an undisclosed destination.

On their return they will live in Mill Valley.

The new Mrs. Baker was graduated from Tamalpais High School and is a senior at University of California.

Her husband attended Sir Francis Drake High School and was graduated from the Kaiserslautern School in Weisbadden, Germany. He is a graduate of the College of Marin and is now attending San Francisco State College.

State Consumer Counsel Speaker At Women Voters Annual Meet

"Mill Valley to me is a way of life, and we may have to make an effort to preserve it."

This was the opening statement made by state Consumer Counsel Helen Ewing Nelson of Mill Valley in her talk on "Our Role as Consumers" at Wednesday's annual meeting in the golf clubhouse.

To preserve our way of life, she said, we must become aware of our role as consumers, make long range plans for the spending of family income and take an active interest in how public income from taxes is used.

"The way we make a way of life in an industrial society," she declared, "is to take a pay check and spend it in ways that will contribute to that way of life."

To illustrate the long range view she cited the example that a young wife whose husband earns a "relatively modest $6,000 a year will probably have $240,000, or a quarter of a million dollars, to handle in a 40 year period."

In such a case she points out that one per cent difference in interest rate on their home mortgage could mean ability to send one child to college and that planning wisely for the purchase of the 10 to 15 cars the family will eventually have can mean having other things that will enhance their way of life.

Mrs. Nelson said that since citizens as individuals have no way of knowing such things as whether certain drugs are safe or whether weights and measure of products are as claimed, they must rely on government for this control by legislation.

In explaining that a new national food and drug act covering poisonous substances not in existence at the time of the 1927 law is scheduled to go into effect in August, she asserted that California does not have such a law.

This means that there is no control over any of these substances, including cosmetics, made and sold in the state. It is hoped such a law can be passed during the present session of the legislature, she said.

As for expenditure of public monies, Mrs. Nelson said government must hire specialists to make necessary investigations but that it needs to be determined which level of government can handle this best taxes should be apportioned among the levels so as to get the most for the money, she maintained.

It is here, the speaker recommended, that the League of Women Voter units can be helpful by studying the problems as local current agendas.

At the conclusion of her talk Mrs. Nelson answered questions from the audience of some 65 league members and guests.

During the morning business session conducted by acting president Mrs. Melvin Marlowe a staff of officers headed by Mrs. J. P. Oliver was elected.

Others chosen were Mesdames James Heassler, first vice president; Hugh Rodman, second vice president; John Broman, treasurer; Arthur Sestak, secretary; H. W. Dawson, W. J. Sheehan, Donald Robinson, J. W. Good, Peter Buri and M. K. Rubinstein, board of directors.

Named as the nominating committee for next year were Mesdames Charles Kelly, J. I. Blayney and L. M. Wahlquist.

Local current agendas adopted were (1) A study of Bay Area problems and their possible governmental solutions, and (2) Evaluation of the Mill Valley and Belvedere-Tiburon Master plans.

MRS. SAM GOLDBAUM, right, presents the gavel of the office of president to Mrs. H. B. Hennessy, center, of the Ross Valley Council of the California Congress of Parents and Teachers at a recent meeting at the First Baptist Church in San Anselmo. Mrs. Goldbaum is the retiring president. At left is Mrs. Kenneth Dunn, scholarship and honorary life membership chairman for the Council.

Girl Scout Day Camp Registrations

Friday, April 21, Brownie and Intermediate Girl Scout Day Camp registrations will be received at the following three locations, staffed by members of the day camp committee from 10 a.m. to 2 p.m.:

Scout Hall, 177 East Blithedale, Mill Valley.

Scout Hall, 739 "A" Street, San Rafael.

St. Francis Episcopal Church, 5th and Grant, Novato.

All Brownie and Intermediate Girl Scouts attending any day camp must register through their own troop, with the troop outdoor chairman making the troop registration at the above locations. No individual registrations will be accepted.

The six day camp sessions offered to Marin Girl Scouts will be held at Paradise Park, Sky Oaks, Arequipa and Stafford Dam, each to run for a two-week period, starting July 17 through Aug. 25. All day camp staff is volunteer, with one adult registered for each six girls attending a session. Training will be given to all adults. A nursery will be available for the younger children of the volunteer staff.

According to day camp committee chairman, Mrs. Barnard Huse of Terra Linda, waiting list registration for all camp sessions will be open to any girl (8 through 14 years of age) after May 1.

Staffing the registration places will be day camp committee members: Mesdames Kenneth Browne of San Rafael; Guy Cole of Tiburon; Paul Gray Jr., of Corte Madera; Jerry T. Hutton of Marinwood; Frank Klarkowski of Santa Venetia and Bob Wakeman of Novato.

St. Mary's Chapter To Hear Of Rhodesia

Mrs. Edith Hoffmann of Fairfax, who lived almost a year in Northern and Southern Rhodesia, visiting relatives and friends, will tell of her varied experiences there to the members and friends of St. Mary's Chapter of St. John's Episcopal Church, Ross, on Tuesday, April 25, at 11 a.m. in the Parish Hall.

Mrs. Hofmann will illustrate the account of her sojourn to the African reserves, to Victoria Falls and to the border of the Belgian Congo, and exhibit souvenirs. She says that Rhodesia is really quite a high plateau, and the climate is similar to Marin's.

All interested persons are invited to hear Mrs. Hofmann.

Greenbrae Woman Wins Bridge Tourney

Mrs. Resi Baerwald of Greenbrae paired with Ernest Rovere of San Francisco to win the "winners game" bridge tournament sponsored by the Marin Unit of American Contract Bridge League Sunday at Rickey's in Ignacio.

Hazel Strittmatter and Ludovica Bigelow of Belvedere came in fifth place. Bridge players from Vallejo and Santa Rosa copped the second, third and fourth places.

THE DENNY DEHNERTS of Greenbrae were among the recent visitors at the Art Show being held during the month of April at the Flamingo Hotel, Santa Rosa. They are standing before a portrait of their daughter, Naomi, by Mill Valley artist Marcella Winer.

Ross Valley Council Holds Installation

The annual meeting of Ross Valley Council, California Congress of Parents and Teachers, was held recently at the First Baptist Church in San Anselmo.

Mrs. Sam Goldbaum, president, presided at the meeting. Mrs. Malcolm Finley, president of Fourteenth District, CCPT, led the Pledge of Allegiance which was followed by a moment of silence in memory of Lt. Col. Sam Goldbaum.

Reverend Jerald Traeger of the host church brought greetings and a word of welcome to the assembly.

Legislation, convention and the 14th District Workshop reports were given by Mrs. Robin Galloway. Word has been received that the National Congress of Parents and Teachers has become interested in the legislation for the Point Reyes National Seashore Area and a representative attended the recent hearings in Washington, D.C. The California Congress Convention will be held in Los Angeles, May 3, 4 and 5 with at least 10 delegates attending from the Ross Valley area. Fourteenth District will conduct a workshop day including a general session in the First Presbyterian Church in Santa Rosa on May 18. This is for the training of all officers and chairmen in the district and is an important part of parent-teacher work.

Scholarship and honorary life membership chairman, Mrs. Kenneth Dunn, reported that P-TA gave six young people college scholarships this year through the Marin County P-TA Scholarship Committee. Also the 17 units in Ross Valley Council plus the council itself, gave a total of 23 honorary life memberships this year honoring citizens in the community thus contributing $575 to the California Congress Scholarship and Student Loan Fund.

The annual membership report was given by Mrs. John Rechtfertig indicating a fine increase in membership. Mrs. Harry Schriebman, historian, outlined the accomplishments for the year.

Installation of officers took place and Mrs. Dunn called the following officers to take their places: president, Mrs. H. B. Hennessy; vice president, Mrs. H. James Compton; secretary, Mrs. Harold Sharrow; treasurer, Mrs. Douglas Pease; financial secretary, Mrs. John D. Conkle; auditor, Mrs. Merle Monson; parliamentarian, Mrs. Sam Goldbaum.

Luncheon was served by the Women's Guild of the First Baptist Church. Highlight of the luncheon hour was the presentation of an Honorary Life Membership to Robert Prather, recognizing his lifetime of devotion to children and youth. Currently serving as the co-ordinator of student welfare for the Tamalpais Union High School District, Prather has become a part of the community wherever he has lived taking an active part in the church, recreation and youth groups.

Cleaning Brass

You can make a mixture for cleaning brass: mix a tablespoon of salt with a half cup of vinegar and enough flour to make a smooth paste. Apply the paste with a damp cloth, rubbing well, then rinse in cold water.

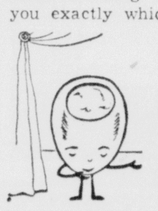
FUN WITH FOOD AND HELPFUL HINTS

"Cooking with cookies" is a pleasant adventure. *There's Banana Pudding, for instance, made with NABISCO'S new Vanilla Wafers.* The recipe is on every box of these delicious wafers, and I know you will enjoy it. So useful for crumb-crusts and puddings, Vanilla Wafers are wonderful eating; they are even thinner, crisper, more golden-brown in color now, with a home-kitchen taste, delightful with fruit or ice cream.

A new convenience for busy young mothers are GERBER Baby Pants, in bright boxes, now on the GERBER racks in markets. Made of soft, waterproof plastic, sanitary and boilable, they have soft, nylon-finished edges, with plenty of "growing room." They come in three age-sizes including 18 months; the label will tell you exactly which size your baby needs.



If you use olives for cooking as well as for nibbling delight, now's the time to stock up: big, pitted OBERTI Ripe Olives are a real economy buy. They are tempting with a gay tidbit filling, and so good in salads and casseroles. (Cream of Chicken Soup tastes like a party when you float dark and handsome OBERTI Ripe Olives, sliced, on each cup.)

Bridal showers, bon voyage parties, birthdays, class parties—April's the month for them! **Also for blessing REYNOLDS Wrap Aluminum Foil;** canapes, sandwiches, so many things, can be prepared 'way in advance, kept fresh under REYNOLDS Wrap. Those to be toasted go right under the broiler on the foil, then served hot, on the silvery foil.

★ **Minced onion confers sparkle and taste to cream sauce.**

Clams may be silent in the sea, but put them into miniature tart shells and they'll start conversation flowing! SNOW'S savory Minced Clams are delicious this way. Drain 3 tins and mix with 2 packages soft cream cheese. Season with garlic, lemon juice, Worcestershire Sauce and cayenne, fill tiny baked pastry shells and heat well. Serve at once—fancy finger food!

Good menu ideas come easily when you start with WHITE STAR Tuna, with its choice, delicate flavor. Try these Luncheon Puffs: Combine 1½ cups crumbs with 1 tin WHITE STAR, 1 can cream of mushroom soup, ½ teaspoon basil, salt, pepper and 1 beaten egg. Shape lightly around cheese cubes and saute in hot fat until brown and crusty.

Table scraps are no better for a dog's digestion than they would be for humans'. HOLSUM Dog Food is a source of fine nutrition and eating enjoyment, too, for all breeds of dogs . . . fresh meat, fish, ground bone, vegetables, cereal . . . a ready-to-use main dish for a pet, which includes added vitamins and minerals for glossy fur and doggy well-being.

Nobody loves a wash-day, but a good bleach makes a big difference, doesn't it? **SANI-CLOR is a safe bleach which removes stains and grime without tearing down fabric threads;** it can be used on nylon, dacron, orlon, even rayon, just as on colorfast and white linens and cottons. And SANI-CLOR is so economically priced. Read the directions on the label.

That's all for now!
See you next week!

Policeman Quits Mill Valley Force

Carl E. Mead Jr. has announced his resignation from the Mill Valley police force, on which he has served for nine years.

Mead, 32, an unsuccessful candidate for the position of police chief, said he is resigning for "reasons of my own." The resignation is effective May 1.

The officer has sold his house at 375 Tennessee Avenue and plans to go with his wife, Sally, and three children for a two-month visit to Pennsylvania, then return to a home he has purchased in San Rafael. Mead said he has not yet accepted another job but that he plans to stay in police work.

Four Runaway Boys Picked Up

Rail Trips To Celebrate Anniversary

On May 4, 1884, the first trains and ferries were operated out of Tiburon. The 77th anniversary of this event will be observed May 6, with two round-trip excursions from Tiburon to San Rafael via the Northwestern Pacific Railroad.

The excursions will be sponsored by the Belvedere-Tiburon Landmarks Society in conjunction with a railway history exhibit May 6 and 7 at Old St. Hilary's Church in Tiburon, preserved by the society as a historical monument.

MAY BE LAST

"This could be the last opportunity to ride the rails in Marin County," said Mrs. Robert Bastian, president of the society, "since no passenger equipment is now used here. We have been able to schedule the excursions only through the most generous efforts of George L. Morrison, vice president and general manager of NWP, and Fred A. Stindt, chairman of the Pacific Coast chapter of the Railway and Locomotive Historical Society."

The Tiburon-San Rafael excursions, each with a capacity of 200, are scheduled for 10:30 a.m. and 3 p.m. The first is planned especially for children, who must be accompanied by adult ticket holders, and high school students. The second will be for adults only.

Three steel railway coaches, formerly in use on the NWP and now in regular week-day service between San Francisco and San Jose on the Southern Pacific, will be "brought home" to Tiburon for the occasion. They are the last remaining cars of 30 purchased by NWP in 1914 to replace wooden equipment.

ENGINE ON DISPLAY

The excursion trains will be pulled by a diesel locomotive, but a historic steam engine, "Old 112", will be on exhibit in the Tiburon yards for excursionists to see.

The railway history exhibit in Old St. Hilary's Church will be open to the public May 6 and 7 from 10 a.m. to 5 p.m. A feature of the weekend event will be a color movie taken in 1936 of a round trip by ferry boat and train from San Francisco through Marin County.

Felon Sentenced For Cell Stabbing

San Quentin convict Henry L. Quiroz, 26-year-old Los Angeles robber, drew one to 14 years in prison Monday for stabbing his cellmate to death last Dec. 28.

Quiroz pleaded guilty to voluntary manslaughter before Judge Thomas F. Keating of Marin Superior Court. Quiroz is already serving five years to life for burglary in Imperial County and robbery in Los Angeles County.

Quiroz killed Ezequiel Martinez, 27, a narcotics peddler who was also serving five years to life. Quiroz told investigators that Martinez attacked him with a knife for no reason at all. He said he took the knife away from Martinez and struck back to save his own life.

Greenbrae Firehouse Bids Will Be Opened

Bids for the Greenbrae Fire House will be opened at a special meeting of the Larkspur City Council at 8 p.m. today in the city hall.

In addition to opening bids, the city council will take up an extension on time for filing map of Piedmont Terrace Subdivision.

THE PARENTS' CORNER

By RICHARD BARBOUR, Ph. D.
Guidance Counselor

Caroline Kennedy's Upbringing Tells Her She's Important In Her Family

"What is President Kennedy thinking of?" a reader asks. "He lets his sweet little girl, Caroline, take part in receptions and other daytime White House affairs.

"The child is only 3. She should be confined to her nursery. Aren't the Kennedy's setting a bad example for parents, Dr. Barbour?"

I don't know the Kennedys. I respect their right to privacy. However I've received a number of letters asking your question. So I'll try to answer it.

I think President and Mrs. Kennedy are doing right by their little Caroline. I believe they're setting a good example.

There are two ways to look at our small offspring. One is to assume that they are weak, untrustworthy, inferior. They are to be loved and greatly protected. But they are to be kept out of sight when we're entertaining. Or if they are to be seen, they aren't to be heard—junior grade citizens, you see.

I was raised that way. Probably you were. It is traditional.

The other viewpoint is that our kids are first class citizens who are important members of the clan. They're to be taught, carefully. They're to be guided and disciplined. But they are to take part in daytime and early evening family social activities rather than hidden away.

The Kennedys seem to hold the second viewpoint. Small Caroline probably has no doubts about her worth. She knows she's important to her family. She isn't afraid of strangers. Probably somebody briefs her ahead of time, so she'll know what to do.

No doubt she'll make mistakes. Every child does. But she'll become a self-reliant, capable young lady most quickly this way.

READERS' FORUM

(Q) "My neighbor wants me to tell her children about sex. She is afraid to tell them herself. What should I do?"

N. J.

(A) Probably you should refuse because of possible complications. Have her ask at their school. A program of sex instruction may be available there. Or perhaps the teaching can be given at the YMCA or YWCA.

Trustees Expel Mill Valley Pupil

Mill Valley School District trustees voted unanimously Monday to expel a pupil for "disturbing and obstructing education of other pupils."

The decision came after a report presented to the board last week by a special committee which had investigated the problem.

Expulsion was ordered, Supt. G. Robert McConnell said, under Section 10602 of the California Education Code which reads that "boards of education may expel children because of continued wilful disobedience, open and persistent defiance of the authority of the teacher or habitual profanity or vulgarity upon school premises."

The pupil was guilty of all these acts, McConnell said.

Hayakawa's Talk Date Is Changed

The talk by S. I. Hayakawa titled, "Are You Communicating?" which was scheduled for Thursday, has been changed to April 27 at 8 p.m. in the Marin Country Day School.

The talk is sponsored by the parent group of the school. Tickets may be obtained from Mrs. Stephen Heller at 177 Bret Harte Road, San Rafael, or Mrs. Leonard Micon of 739 Alta Vista Road, Mill Valley.

School Program

Terra Linda High School's Career Night program will be held at 7:30 p.m. today in the school gymnasium. It was incorrectly stated in Monday's Independent-Journal that the program was scheduled last night.

Mumps High On Disease List

Mumps is high up on the list of communicable diseases reported to the Marin County Health Department last week.

A total of 34 cases were recorded for the week, 21 of them in San Rafael. Larkspur had six and San Anselmo five.

Thirteen cases of measles, four of streptococcus infections and one gonorrhea also were reported for the week.

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Tamalpais Electric In San Anselmo Doubling Space Of Showroom

A building addition for Tamalpais Electric Co., 11 Belle Avenue, San Anselmo, now under construction by R. J. Hansen of Fairfax will give the store about 1,000 more square feet and double its present space.

The addition will be used mainly for showroom purposes. There will be 250 outlets for electrical fixtures and appliances. Completion should be in about two or three weeks.

REDWOOD MOVING and Storage Co., 75 Jacoby Street, San Rafael, will erect another 4,000 square feet of warehouse—tilt-up concrete construction—giving them a new total of 88,000 cubic feet of space. Walls to the addition will be 25 feet high, allowing 300-cubic foot vaults for palletized storage.

San Rafael contractor Don Presco is doing the work. Completion should be between may 15 and June 1.

THE NEW F-85 Cutlass, Oldsmobile's high-performance sports coupe with bucket seats is already making sales records, according to James C. Scripture of Scripture Oldsmobile, Inc., San Rafael. Scripture says he has a fistful of orders to fill as soon as the models come in.

The Cutlass features the 185-horsepower Rockette aluminum V-8 engine and luxury interior appointments as standard equipment.

Nothing so strange about it, I guess, I notice that Marin County runs about 3 per cent higher than the national average of automobile retail sales to total retail sales which is 22 per cent.

G. M. HOWARD of Belvedere who is president of the Chemprint Corp., Menlo Park electronics firm, says his company is now producing a miniature voice amplifier for use in gas masks and other breathing apparatus.

He said the device restores the voice of a person wearing a gas mask to its normal volume and intelligibility.

Aside from military applications, the unit has important civilian uses in fire fighting, civil defense, police and rescue work and in the mining industry.

Chemprint, a new company in 1960, has one of the largest facilities for manufacturing printed electronic circuits in the country.

INSURANCE. Appointments of James D. Steele, Novato, and Hal Schepps, San Anselmo, as agents for the San Rafael district agency of the Prudential Insurance Co. have been announced by Manager Don May . . . Robert Roesner, agent in San Rafael for the Allstate Insurance Companies, and his wife will attend a sales conference of his firm in Los Angeles beginning next Sunday. Roesner has qualified among Allstate's top producers.

FRANK RODARTE and his partner Harry K. Donahoo of Hi-Lo Shoe Repair in San Anselmo say they now have a dual personality deal for resoling—one price for your best foot forward and another for your old-but-still-wearables that you probably should give up—but won't.

ACCORDING to an American Express travel survey, American travel to Europe this year, in spite of its slow start may equal or surpass that of 1960. Close to 800,000 pleasure and business nomads are expected to visit Europe in 1961.

This reminds us that the Empress of Canada, largest trans-Atlantic liner to sail the St. Lawrence route, will end her maiden voyage when she docks at Montreal May 1.

The 27,000-ton Canadian Pacific liner will be the only new ship in the trans-Atlantic service this year. Later in 1961 she will enter cruise service from New York to the West Indies and South America. Early in 1962 she is scheduled for a 61-day cruise to the Mediterranean and the Greek Isles where new hotels have been springing up in huge numbers to take care of the increased tourist traffic.

Buys Station Wagon

The Novato City Council has approved purchase of a four-door station wagon from Dervin Ford Co., Novato, for use by the city public works director. Dervin was low bidder at $2,074; the only other bidder was Andersen Chevrolet, Novato, $2,185.

Bagley Bill Would Label Chicken Meat

I-J Special Report

Marin Assemblyman William T. Bagley yesterday introduced legislation to regulate labeling of chickens and chicken meat.

The measure requires the name and address of the firm or person slaughtering or processing poultry to appear in clear, conspicuous letters on the carcass or wrapper or on the container.

Purpose of the measure is to assure consumers get correct information on the source of poultry marketed in California. Bagley said consumers often are misled by a label which indicates the product is local when it actually has been slaughtered in an eastern state and shipped here.

Bagley also introduced today a measure to adopt licensing procedures for polygraph (lie detector) examiners. There has been some criticism of some operators and examiners over-extending usage and incorrectly using lie detector tests, Bagley said.
